2014 Prep for Contact

The Boom Signal is alive and well! Welcome to the 35th edition. This has been one of the most successful years as far as participation to the Boom Signal, thank you for your inputs! I have some great additions this year, I added a few new locations and finally added a few KC-10 class rosters, albeit it's only three classes. I need some help with the remaining classes if anyone has them on record. The old Boom Signal website was taken down by the host so we developed a new site. I want to thank TSgt Geoff Schultz from the 64th ARS and his wife Julia for designing a new Boom Signal website. Checkout the latest edition and all of the previous editions here: <http://www.theboomsignal.net/>

This year the Boom community had to deal with the Temporary Early Retirement Authority (TERA) and the Enlisted Retention Board (ERB) programs. For several months we had to wait for words if we were going to lose some of our AD Booms due to force reduction efforts, luckily the AF realized Boom operators are irreplaceable and removed our AFSC from the cuts.

In the KC-135 community, the BLK 45 program continues to progress with the latest round of testing on the autopilot completed, expect more testing at Edwards later next year with a BLK 45 MPRS aircraft. In the simulator world, HQ AMC continues to field the BOWST with Seymour- Johnson being the latest base to be ready for training.

On a sad note, 14 KC-135 R models have been relieved from duty and retired to the bone yard. Tail numbers (57-2593, 58-0008, 58-0114, 58-0130, 61-0302, 61-0304, 61-0306, 61-0312, 62-3504, 62-3520, 62-3546, 62-3548, 63-8037, 63-8877) will be preserved for either Foreign Military Sales (FMS) or stripped of parts to keep the remaining fleet airworthy. Raise a glass and toast their almost 60 years of dedicated service!

In the KC-10 community, it was a stressful year due to the rumors the KC-10 would be retired due to budget cuts. After a long delay, funding was approved and the aircraft remains in the inventory. In fact, the \$34.5M Communications, Navigation and Surveillance/Air Traffic Management (CNS/ATM) upgrade (which was on hold) was awarded to Rockwell Collins. Work will be completed in Oklahoma City, OK and is expected to be complete by Nov 2015. This will allow the aircraft to operate in smaller airspace and improve navigational accuracy.

The first four KC-46 aircraft (see below) are near completion at the Boeing plant in Everett WA, first flight is expected in the fall. Meanwhile, the first three classes of USAF initial cadre KC-46 Boom Operators have already graduated from Boeing Type 1 academics. Notice I did not say Air Refueling Operators!!!!

Finally I would like to thank all the participating units for their 2014 Boom Signal inputs, as busy as you all are, you still managed to take time and contribute to the Boom Signal- THANK YOU for keeping the tradition alive!

The Boom Signal Editor

ALTUS AFB, OK

54 ARS

“Jesters”

54TH ARS BOOM LEADERSHIP:

CMSgt Dan Smith: The students refer to Chief as “Bain”. If you ever want to know where you sit with Chief, you haven’t met him yet. Chief has orders to retire after this fiscal year and will be missed. The retirement ceremony is on the 26th of September, if you’re in the area swing by.

SMSgt Sean Rix: He’s still 4’ 11” and has an ego bigger than Dave Nixon. Sean is excited to be off the HQ AMC staff. He dates himself by telling old war stories from the last time he was here.

MSgt Jon Taylor (Operations Super): Taylor came to us from England and had a reputation for a good dude... and then they made him the shirt and everyone began to abandon ship. Since then he spends little time outside his workshop at the house making furniture and taking copious amounts of leave.

(M)Sgt Jon Adams (Additional Duty First Sgt): When Jon is not busy flying he is busy running the 54th Softball team. Jon hit the ground running and has not stopped. He can be found either stepping to a jet or organizing softball practice. Just got here from Scott, feels lucky to see airplanes on a daily basis.

CSS

SSgt Nic Inzana: Nic loves talking about his families pistachio farm. He carries samples with him everywhere, and if you ask politely, he loves to share. Nic also has experience as a Doula. Feel free to contact with questions about his expertise or for a free sample.

CFIC

TSgt Dan “Duke” Newcombe: 90% of the squadron doesn’t even know Dan is his real name. He snuck up to CFIC and somehow became the boss. He’s always talking about his fresh eggs and doesn’t leave his house in Blair for anything other than work.

SSgt Theo Dinwiddie: Theo is the new resident Honor Guard guy and comes to the squadron 4 times a month. And when he’s here, he’s flying the night line. Theo was recently moved up to CFIC to instill fear on the inbound candidates.

SSgt Tom “Billy Sims” January: Tom has been trying to get a second job working at Billy Sims as an intern to better his BBQ. We all assume that his lack of getting hired has led to his rage and short fuse. Tom has been grinding out the students and managing STM while the rest of us golf and eat real BBQ.

STAN/EVAL

(M)Sgt Robert Jenkins: aka...BOB. Getting spun up in Stan Eval. Will do great things. Big shoes to fill behind Titan.

SSgt Mike “Jalapeno” Russell: Jalapeno said two years of Mike-a-Palooza was enough and recently got hitched to a sugar mama. He sent Lopez packing and hasn't been seen since the wedding. If you find him, please return him to Stan/Eval.

SSgt Chris “The Texas Nail” Yontz: Yontz isn't really a frugal man, but he surely won't ever turn down a free drink. Ask him about his experience with the San Antonio City Council.

SSgt Alex “Maverick” McGinness: Our gracious weekly financial meeting host and new ABOA President. Alex plans a party for every occasion and we're pretty sure he has a gambling problem. If he isn't at work, he's probably in his home-built gym training to create his own P-90X video collection. If you need a tire flipped, he's your guy.

SCHEDULING

TSgt Ryan “Hollywood” Clauss (NCOIC): Ryan is becoming a new man... literally. After his eye surgery and having his braces removed, Ryan has recently been looking at calf, butt and pec implants. Ryan can be found playing foosball or back in Stan/Eval when the coffee is hot. The S/E shop has said he's been more useful now than when he actually worked in there.

SSgt Mark “Droopy” Waski: Mark is one of the nicest dudes in the squadron, but most of us believe it's because he's hardly awake. He's often confused with Vesser or the neighborhood raccoon, as he scurries around the squadron fixing his scheduling errors. Back-to-back Friday night lines??.... YOU'VE BEEN WASKI'D!

SSgt Mark Fioritto: Scheduling Genius....makes it all work quietly with grace. Give him your damn A-days now or you will find yourself on the Friday night T3 flying 312 LWE.

SSgt Nate “Bear” Bahr: Our foosball champ...when not scheduling folks who don't give A-days for a Friday night sortie he is killing everyone in the Boom Pod with his skills. Tink-Tink-GOAL!!

FACULTY TRAINING MANAGEMENT

TSgt Geoff “Jaded” Junt: The “stripe stealer”. JJ was recently moved into FTM while he awaits his orders to the reserves. He tries to casually remind everyone in every conversation that he's been picked up for pilot training and will often get mad when the room doesn't pop up to attention in his presence.

STUDENT TRAINING MANAGEMENT

MSgt Mike “Potato” Russell (NCOIC): Potato has returned from managing students at the TRS and now has the luxury to run the children in STM.

(M)Sgt Justin Dixon (Assistant NCOIC): Papa D came to us from Fairchild and has been looking over everyone since day one. The SQ leadership has tried to find him a fit in the squadron but they haven't been able to give him a desk big enough for all of his hardware from his previous bases.

TSgt Logan Berry (A-Flt Sup): Did anyone else know that he was OGV at the Deid?? Seemed to want to give everyone his bio when he first got here and then realized that nobody cared. Just welcomed a new addition to his family and then will come back to “real” work.

SSgt Derek Melson: Derek just recently arrived from Fairchild. We didn't have enough time to get any dirt on Derek, but we're already digging.

SSgt Derek Lyles: Derek makes sure his location is known by leaving a green cloud behind him. He thinks it's hilarious but is usually the only one laughing.

SSgt Jose Prado: Let's be honest, Jose doesn't talk much. Rumor has it he may be here for witness protection purposes with connection to the mob. If you have questions for Jose, be patient. It may take a few weeks to get more than a sentence out of him.

SSgt Brian Porter: Porter has recently hailed from Kadena and the SQ instantly tried to ship him out on an airshow over a holiday weekend. Welcome to the squadron buddy!

SSgt Lucas Treat: Lucas spent some time up at the TRS working the contract with CAE. He's recently been tagged to come back to the squadron and fly the line again.

TSgt Rob Miller (C-Flt Sup): Pretty sure he has a credit score of around 10,000. After buying a new lifted truck, he added a \$1000 grill, jet ski and a camping trailer to the mix. He can now be found camping, hunting, or fishing every weekend and waking up Andy from his siesta in the deer blind.

SSgt Dustin Confer: Who...a quiet guy that gets the job done. Likes to work with wood....he is our resident professional Corn-hole board maker.

SSgt Ashley Sigaoat: "Madam Presidenté", Ashley was this year's ABOA President and took it upon herself to monitor Student management in the boom pod. Be careful around Ashley, she has a sweet and innocent demeanor, but if you mess up a grade sheet or don't write a TAPR in a timely manner, you'll feel Madam Presidenté's wrath. Ashley and Gabe had their first daughter this past April.

SSgt Mike Danilowski: New to homebrew, D-Low is often willing to share some of his freshest brew and hangs out real low key. Within weeks to the squadron he decided to send out the largest email attachment he could find and crash the email server. That free'd him up for plenty of time for his foosball tourney's in the Boom Pod.

TSgt Thomas Vesser (D-Flt Sup): Vesser is consistently confused for Waski. He never seems to be around and has given out more tacos to students than anyone else in STM.

SSgt Justin "Screech" Yow- Many people don't know that he took his old Asian GF's last name... and spelled it wrong. "Screech" will be great Altus IB after he hits puberty and can get through a sortie without his voice cracking worse than Justin Bieber. A new addition from McConnell, we've had to calm him from teaching students not to do pressure A/R on the first contact.

UDM

SSgt Joe Miklja: Joe checked into the squadron and we haven't seen him since. He was once seen with luxurious locks in competition with Zach Morris from Saved by the Bell, but recently had an encounter with Big Red at the base barber shop. She must have gotten word that he needed to bring the hair style back from the 90's.

SAFETY

SSgt Kevin "Pouties" Matthews: Our resident (Monday Morning) Quarterback/Point Guard/Prom King. Kevin is our Fantasy Football strength of schedule expert. When he isn't reminding us how he got burned in fantasy football, he can be found arguing with Larry over who can toss the pig skin. Kevin has a keen inside look on the wingman concept now.

TACTICS

SSgt Justice "I tell you what" Coker: Justice seems a bit low on energy after starting up an Altus orphanage out of his house. When he is at work, he's constantly yelling at pilots and trying to convince them to open the windows in the pattern.

OGV

MSgt Ron MacMeeken: Mac is the resident "on-time" Form 8 completion expert. He constantly finds himself inspecting FEF's only to realize that the missing Form 8 is from a checkride he gave 2 months ago. Mac is expecting orders to head back to McConnell to broaden his horizons for his future.

OSS CURRENT OPS

TSgt Bartek Bachleda: If you don't know who he is ask the SECAF and the CSAF... He has gotten more coins in the last year than flt hours. Spends more time selling his Boom cushions than working....we are trying to figure out what he does at the OSS. Whatever it is, it must be important. Ask him.

WING IGI

TSgt Matt Hunsinger - Not sure what he does...by he says he is busy! You might have to file a complaint to get him to respond to you.

OUTBOUND

TSgt Chris “Knife Hands” Pederson: Chris decided it was easier to look good and get a step promotion than go route of the average guy. Congrats on the STEP promo buddy! For being near 45 years old, Chris has more energy than anyone else in the squadron and is always lending a helping hand to his fellow neighbors and booms. He’s outbound shortly and headed to Fairchild. Good luck Chris, you’ll be missed!

MSgt Jayson Chatham: Chatham gave the squadron a little over a year as the Ops Super. He’s leaving the SQ for the AMC Det 2 position shortly.

TSgt Michael Fagan (Flight Sup): Mike left to Lawton to get a haircut and never came back. Best of luck at MacDill!

TSgt Heath Tuma (NCOIC): Oh Heath... After the recent ASEV, Heath left to Hickam AFB, HI. We aren’t sure if he was truly happy to leave Altus, but we are going to be amped to get him back after his short stint on the island.

(M)Sgt Titan Miller: Fastest promotee to MSgt in the Air Force. Titan is headed to Edwards AFB to be a test boom and see if he can recreate all of the schematics in the aircraft.

SSgt Brandon Holaday: Brandon got picked up in Reserves at Andrews AFB. The local schools have been relieved to know the creepy mustache has departed the base, but we all miss him. Best of luck buddy!

SSgt Dustin Foret: Dustin had shoulder surgery and had some down time, so he was sent back to scheduling for this last year. He finally gave in and took orders to Birmingham AFB. Apparently 5 years was enough.

SSgt Justin “The Coaster” Thompson: Justin is finally free’d from watching over Larry and has been coasting for a year. He was thrown into Stan/Eval and instantly started a clique. He finally orders to Edwards and is looking to venture down the avenue for KC-46.

(M)Sgt Larry “Naked Love” Nahalea (NCOIC): We’ve been trying to find out where Larry gets his Sean John flight suits for a while now. He’s been at the TRS for the last year and the squadron has gotten a lot quieter since his departure. He recently departed for RAF Mildenhall.

MSgt Ryan “MSgt” Soule (NCOIC): Ryan hasn’t been seen at work much during his last few months. We all assume it’s because he’s been slaving away working the rumor mill and making updates on BaseOps.net forums. He’s spent the better part of the last six months making sure everyone know’s he’s a MSgt and reminding them to stand when he enters and departs the room. I think he even put it on Facebook!

TSgt Bartek Bachleda: Bach got sent to the OSS to continue working on his boom pod instructor pallet modification. We haven’t heard from him since the move. He has orders to MacDill.

(M)Sgt Rory Wilcox (NCOIC): A man of few words.....did great things here. Good luck at MacDill AFB, FL

SSgt Jake “Juggernaut” Jewell: Jake is a man’s man. You can find him running around base with a flack vest on, rocking out to death metal and a backward ball cap. The guy runs mile after mile, yet he still found a way to injure his ankle during the run on his PT test. Jake is headed back to AMC. Best of luck!

INBOUND

SSgt Johnson

TSgt Mayhew (B-Flt Sup)

SSgt Lee- he is here....all I can say about that right now. Is a welcome addition.

SSgt Nenneman

ALTUS AFB, OK

97 TRS

“Team Eagles”

SMSgt Andrea Inmon: Andrea’s been enjoying her tenure as superintendent dealing with syllabus changes and student shenanigans. She somehow still manages to balance family time, school and loves to hit the weights, managing to out lift most of the guys at the gym. She recently found out she’s moving to Pease and we couldn’t be happier for her, but we will miss all her mentoring and leadership. Best of luck and enjoy real civilization on the East coast! You’ll truly be missed!

MSgt Mike “Big Brother” Russell: Mike did a touch & go in Student Admin Flight and attempted to take the “Big Brother” approach to counseling students. He quickly learned this approach didn’t work quite as well as he initially thought and improvised his counseling sessions which resulted in half a BIQ class being eliminated from training instead. In all seriousness though, Mike has really grown the last year and is learning the right balance which is a good thing because he and his wife are expecting their second baby in August and he’ll be learning to balance even more.

TSgt Brendan Balko: Brendan was supposedly assigned to the TRS two months ago, but before he PCA’d over was already asking how much leave he could take and if he could get eye surgery. We have yet to see him.

TSgt Jessica “Wonder Woman” Elmore: Jessica joined us a month ago from the 54th, but it’s a miracle she gets any sleep at night. In between leave and constantly taking classes she “needs”, she still has time to take NPS Amn under her wing and take the best care of them. We’re excited to have her join our team and we know she’s excited to see what we do because you just can’t make some of the stuff up that happens here, especially with students.

TSgt Patrick “Angry Pat” Haney: We witnessed a miracle a month ago seeing “Angry Pat” smiling for the first time in 3.5 years when he received the news he was going to be paroled from Altus five months early. Pat got his wish to return to McConnell and we know he’s happy to no longer drive 10 hours every weekend to see his family.

(M)Sgt Larry “Romo” Nahalea: Larry made MSgt this year, which is great since he was getting a lot of pressure from the top. Larry threw more completions to the opponent than his own receivers, leading the intramural football team to a 0-9 season. Watch out Mildenhall, because the Nahalea's are coming.

TSgt Aaron “Baller 01” Tessman: After 2 years in Stan/Eval he became so jaded that his jadedness could only be rivaled by TSgt Geoff "Jaded" Junt, and he was finally paroled to the TRS. Living the good life now, he enjoys long runs and hours at the gym. He also believes he has the fastest cobra mustang on earth, seriously just ask him.

SSgt Brandon “McVeigh” McAnnally: Brandon has been in riding the pubs train since he got here and loves it. He hopes no one screws up in the squadron so he can keep his job. Besides photoshopping pictures of Chelsea Nahalea standing next to other men to make Larry mad, he enjoys running into his own house with his truck.

SSgt Lucas Treat: Lucas is still standing strong at 5’5”, despite being knocked down multiple times by AETC and AMC with the never ending syllabus changes. He’s done great work for the TRS and the 1A0 career field, but his days of showcasing the BOWST to the CSAF/CMSAF are quickly coming to a close as he’ll be headed back to the 54th soon. It’s been almost two years since he’s made a student pass out while counseling them and he wants to one up Justice Coker who enjoys giving students black eyes with the EPOS.

ALTUS AFB, OK
730 AIR MOBILITY TRAINING SQUADRON

REBELS

Three years and we are surviving the Reserve hostage crisis in Altus Oklahoma. Really, working in Altus isn't bad. Really it isn't... Come on people work with us here. Our manning continues to improve slowly; we currently have one ART opening and four Traditional positions. The 730th has stayed busy after taking over Faculty Training Management.

CMSgt Brian "Good Deal" Buss 730th AMTS (AGR) If being the only AGR and the 97 ARC liaison weren't enough, Chief decided that working part time at CAE would be a good way to waste a few hours each week. We all think he is looking for a retirement job so he doesn't have to move from Altus America.

SMSgt Sean "Sugar" Cain 730th AMTS Ops Superintendent (ART) Sean has taken over as the 730th AMTS Ops Superintendent. He has adjusted well but he still seems to have time to buy a new house, play softball with the Jesters, and take long vacations to much cooler climates.

MSgt Kelly "Grandma" Witt FTM NCOIC (ART) Kelly recently made her move to Altus permanent by purchasing a house. She is busy doing yard work and raising her dogs. We still haven't figured out why she has a giant chicken in her front yard.

MSgt Gene "Not Philo" Ernst FTM/STM (ART) Wanting to prolong his military career, Gene came to Altus at the end of 2013 from the Guard unit in Nebraska. When he arrived, everyone confused him with Philo, so nobody talked to him for a month.

MSgt Trevor "Gut Check" Halpain QA NCOIC (ART) Trevor complained and then decided that upgrading to CFIC wasn't a bad idea. He wears his new patch proudly. He now dreams of a civilian job and the life of a traditional reservist. Since he is over in QA he is rarely seen.

TSgt Clay "Chemo" Dotson FTM/STM (ART) Clay is our other new instructor hired this year and came here from the Reserves at McConnell. He has made it a career seeing how long he can stay DNIF before he has to do real work.

Departed the Fix:

SMSgt Alvin “Koop” Kuper After 2 years of leadership Koop decided that the sun in California was calling and he departed for Edwards to become a Test Boom. He will be missed and is always welcome to return. The last we saw of him, he was laughing while driving away.

ALTUS AFB, OK
KC-135 ATS BOOM INSTRUCTORS

19 Aug 2014

Greetings from the Civilian Boom Association.

This past year has kept us extremely busy with an increased number of students. The instructor course has also shown an increase in the number of candidates. We currently have 9 full-time instructors and 4 part-time “on call” instructors, however there have been some personnel changes this past year.

We have gotten most of the problems resolved with the 2 BOWST devices we use for training. BOWST missions have been increased to 15 missions prior to the students progressing to the flight-line phase with mission number 16 accomplished with a flight-line instructor. Each BIQ student goes through 6 pre-flights during the academic phase as well. IB candidates now have 7 missions.

I

Our Current Personnel Roster in order of seniority

“Full-Timers”

Marty Sabourin – The “M” word gets tossed around a lot these days (Marriage), new girl friend, two kids and a couple of dogs, so he must keep working to support the new “family”. Next thing you know, he’ll be trading the Harley for a mini-van.

Rick Raprager – Union steward business keeps him busy, as do the problems with the cargo load trainer. Rick went from a two Harley household to one and is also talking about the “M” word. Maybe Marty and Rick will do the double “W” wedding!

Roger Gossett – Roger stays actively involved with the problems and solutions with the BOWST, along with maintaining and updating the mission scenarios. He still stays busy outside of work with house improvements and vacations to Florida and Vegas.

Chico Gallegos – Working with Roger on those BOWST issues and preloading the scenarios. He maintains the weight and balance courseware. Still has the “immaculate jeep”. If there are any “jeep” questions, Chico is the SME.

Steve Tuttle – Staying busy at work, doing scheduled activities. He bought a new Harley, and rides it as much as possible. After two months he has over 6000 miles on it, including a Sturgis trip. Races dirt bikes in the Spring and Fall, teaches occasionally.

Eddie Cole – Lead duties keep him busy as the schedulers use him as much if not more than the rest of us for classroom instruction, BOWST missions, and pre-flight’s.

Joe Surovy – Joe still eats all that health food and attempts to get the rest of us to follow suit (is “fat chance” hyphenated?). Joe is currently busy updating the MTL, so fortunately he hasn’t had much time to hide courseware on his desk or lock up the office computers. Drives a school bus off-duty.

Phil Blaisse – Phil is full-time again and we see him about the same as before as we are all staying so busy with students. He still rides the Harley to work when the temperatures are cooler. Now he gets to be the SME on courseware again as a full-timer.

Clay Lifer – Clay has recently been upgraded to full-time. He still gets more overtime than the rest of us (he’s young and likes the money). He’s still working on restoring his Mustang. “Fear the Beard”.

“Part-Timers”

“Part-timers” work 30 plus hours a week during the BOWST cycle and regularly get overtime as well.

Joe Wilkins – In between surgeries, Joe stays busy like the rest of us. He is now our “senior part-timer”. He rides his Harley when surgery doesn’t preclude the use of both arms.

James Hill – James jumped in with both feet and stays busy with BOWST missions and pre-flights. His wife just got hired upstairs too, so they both moved back to Altus.

Brian Buss – Active Reservist from across the street. Brian works the really early or really late shifts during the heavy BOWST cycles.

James Bautista (Jaws) – FNG - Just hired and started in August 2014. He's trying to get all his in-processing activities accomplished as soon as he can. We keep telling him he has a year to get it all done (inside joke). He'll do fine as soon as we teach him to use GTIMS.

Bill Baker – Brand new, hasn't started yet – FNG. Hired yesterday, starts in September. Billy probably remembers how to do this as he worked here for 15 years before he left back in 2007 to finish up his reserve commitment. He's giving up his job at Ft. Sill to work back here.

Recently departed Instructors:

Terry Daffern – Retired for a second time, travels more, golf's a lot.

Lew Timbrook – Lew recently left us to become a rich rancher type guy. He is working for his brother-in-law as a foreman for large amounts of property.

Mike Conner – Left us for the more normal temperatures of Indiana. He is the full-time site boom operator for the Grissom BOWST.

That's about it for now. Stop by and chat if you are in the area.

ALTUS AFB, OK

HQ AMCAOS DET 2

Greetings to all from HQ AMC Air Operations Squadron Detachment 2, home of the KC-135 / KC-46 SIMCERT program. Det 2's primary mission is to certify all KC-135 Boom Operator Weapons System Trainers (BOWSTs) and Cargo Load Trainer (CLT) at Altus, and to certify all KC-46 Boom Operator Trainers (BOTs), Boom Operator Part Task Trainers (BOPTTs) and cargo Fuselage Trainers (FuTs).

With the two BOPTTs having gone the way of the scrapper's torch, BOWST 3 and 4 are the primary trainers for the KC-135 Boom Operator qualification courses. As of mid-July, all AMC BOWSTs have been fielded at 8 locations in CONUS. The CLT soldiers on as the cargo training workhorse for BIQ initial checks and remains an excellent training device.

Despite some initial grumblings, we're hearing positive feedback in regards to the BOWST. These allow the community to train to a level that has been unavailable outside of the jet. The benefits to the crew force are already being seen by the caliber of students and instructors that transit Altus. Future growth will include connectivity between KC-135 and receiver simulators via a global network. First and foremost, this will save tax dollars in today's fiscally challenging environment. But more importantly, you can train for emergencies in a realistic, but safe environment without fear of damaging a jet or loss of life.

With future delivery of the KC-46, the Det has been working diligently with FlightSafety to develop Boom Operator simulators for the KC-46 selected aircrews. This includes a full blown BOT to train aerial refueling normal and emergency procedures, the BOPTT to train checklist discipline and switchology, and the FuT for all cargo operations, AE and maintenance training. With the KC-46 will come less flight training day to day, and the simulators will pick up the workload for continuation and proficiency training. We are still in the early stages of development, but future efforts appear promising for our career field members.

In addition, the Det was tasked to work alongside the ANG on their Boom Operator Systems Simulator (BOSS). Currently in-place at Meridian, Knoxville, Salt Lake and very shortly Birmingham, the BOSS will be a tremendous asset for training the Guard's boom operators.

2014 saw some growth in the Det. MSgt Lee Adkins left us for Fairchild, but we gained TSgt Heather Harp shortly after. Within a few months, MSgt Shane Haney graced us with his presence, leaving his plush office at HQ AMC/A3TK. Both Shane and Heather have taken up residence on the KC-46A side of the office, and have been laying the foundation for the future of USAF aerial refueling. In October, MSgt Jayson Chatham will join us on the -135 side and become the FNG. In July 2015, I will leave uniformed service and retire. Since this will most likely be my last Signal, I wish everyone well and safe flying. It's truly been the best times of my life.

Cheers!

Jeff Stoermer

MSgt Jeff Stoermer – How do you describe Jeff except to say he's Jeff! Hard at work on the BOSS program with the NGB bubba's, TDY one to two weeks out of every month, and still finds time to fly twice a week with the 54th ARS student BO's when he's in town. Not sure if that's a good thing or not! He has been hard at work practicing his Bow shooting for his own hunting show when he retires. Jeff hits higher tenure next year and will be sorely missed around these parts.

MSgt Shane Haney – “The greatest Boom Operator to ever grace the KC-135 and is the standard for excellence when it comes to Air Refueling”. He is having “visions of granger,” we allow him to live in his own world. Shane has his own language, if we could only get him to speak the “Correct” English language. But he is true, No-one does it better!!!

TSgt Heather Harp –None of the site managers want to see Heather coming to do SimCerts because they know it means more work for them. She is doing a great job here in the Det and as a CFIC instructor for the 54th ARS. Heather is currently building a new engine for her lifter Suburban, and we thought Shane was southern! Recently moved over to the KC-46 program to work with Shane, and still getting her feet wet.

MSgt (R) Dean Pickering – Dean moved over from the Training Squadron to live the good life as an Equipment Specialist on the KC-46 program. Dean is an outstanding addition, but more importantly, he does a good job babysitting Shane and Heather on a daily basis. Better not be two minutes late for anything guys, or Dean will give you that look of death. All kidding aside, Dean is doing well and loving life in the Det.

GTIMS SITE SUPPORT

NORTHROP GRUMMAN

Hello from the Altus GTIMS office! The Winds of change have swept through Altus with the theme of “doing more with less” leading the way. The GTIMS program continues to grow and evolve and many of you out there will soon be seeing GTIMS at an “AMC Base near you”; NG has stood up McConnell, Fairchild, Charleston, and soon Dover will be up. The KC-135 ATS, CAE is using GTIMS for their training documentation, and now their scheduling as well. I am looking forward to the KC-46’s arrival, so I can get them all up running with GTIMS. Our door is always open to everyone so please stop by and say hello if you find yourself here in Sunny O’l Altus!

JAMES “JAWS” BAUTISTA, (MSgt, RETIRED – KC-135) GTIMS SITE MANAGER

This past year has brought about many changes here at the Altus site. I became Site manager when Tom departed and have been busy, busy, ever since. Between the office work, completing my Masters, and all of our ongoing work with Sheridan’s Sunshine Foundation, it’s been a busy year. I graduate at the end of this month and school will be officially over!! The GTIMS world is growing everyday and now that a certain person is over at the KC-135 ATS/CAE, (see Below) I keep getting phone calls from him daily, hey but it keep me employed. So now, I have all of this office space and it’s only me. I better not say that too much, because the KC-46 expansion team is always snooping around, so maybe by next year, they will give me a nice cushy office overlooking the flight line?.... well, they will if they want their GTIMS to work!...Oops, did I say that out loud???

Anyway, stop by if you are ever around Altus.....

THOMAS GLOSSER SR, (TSgt RETIRED – KC-135/KC-10) X-SITE MANAGER now with Northrop again!

So Tom moved on to his make his home in Indiana, found a beautiful home, a great job, went to a Notre Dame game (When OU Beat their Butts!) and was happy.....for a while, then he realized just how much he missed working for Northrop that he applied for a traveling position with the company and he was re-hired instantly! I guess the coaching position at Notre Dame didn’t pan out. Anyway he is back where he belongs at home with Northrop Grumman next time you see him he will be traveling with two suit cases, one for his clothes and the other for all his coffee. See you on the road Tom!

CHRISTOPHER MASSEY (SSgt, SEPARATED – KC-135) GTIMS SITE SUPPORT

Well at the time of the last Boom Signal, Chris was feverishly working on making the GTIMS Stan/Eval and Schedule Planner the best it could be and then the September rolled around. Remember that “winds of change” thing I mentioned earlier? Well they came and changed everything here. The company cut us down to one person at every site, which meant Chris had to move on, which he did, he moved down to San Antonio at Randolph to stand up our Enterprise Help Desk there, which he did for about 6 months without his family. They stayed behind to try and sell their house, but then a surprise resigning at CAE in Altus gave Chris the opportunity to move back to Altus. So he is now the CAE TMS Manager at the KC-135 ATS and doing a great job of it. Due to him GTIMS expertise, CAE is now using GTIMS to its full extent (Sorry all you old head Booms). How he keeps them in line over there is beyond me, but he does a great job.

The FULL TIMERS

CMSgt Robert Phair: (Slick) Chief is trying to keep ALL his booms in-line, current & qualified.

SMSgt Jay Ellingsen: (Schmeg, Tattoo) Current Operations. Always looking to make something go faster; car, motorbike, snowmobile or whatever.

SMSgt John Haney: (Steve-O, Big John) Training Flight. To sum John up; Works Hard and Plays Harder.

SMSgt Gerry Martin: Stan/Eval. On his off time you'll find Gerry roaming the Northwoods, hunting down innocent young grouse. He often forgets what the daily bag limit is. General rule – hunt til the Whiskey is gone.

MSgt Dan Benner: (Dano, Minuteman) Tanker Task Force. He is still convinced there is a place in the NASCAR Hall of Fame for Ricky Craven.

MSgt Jim Dickson: (Jimmy D'Vin) Boom Office. A devoted disciple of Ronald Reagan. We send him out at 0800 for noon coffee.

MSgt Fergus Kenny: (Boggy) Scheduling. It's amazing how he keeps his Harley upright going so slow. Ferg is in the retirement stage less than year to go.

MSgt Ray Rauscher: (Ray-Ray, Caveman, Half-A-Day Ray) TODO. Where's Ray, if anyone has seen him let us know.... And Ladies please don't marry him he's been married enough.

MSgt Ed Seymour: (Sped) Current Operations. As the chief keeps telling Sped this isn't the Old Guard... NO more boom lunches!!!

MSgt Andy Robichaud: (Robi, Sandy, Metro) Scheduling. He doesn't believe in the quote "SHARE THE ROAD". Just please don't make him cry!

The PART-TIMERS

MSgt Mark Doughty: (Stretch, Chuck) The man with the most toys wins. Hello, my name is Mark Doughty, "what can I do for you today?" Leans any further forward he'll fall over. Great guy you definitely can't miss him in a room.

MSgt John Fidler: (J.J. Buzzsaw, Shocker) John learned how to whisper in a saw mill, Learning volume control.

MSgt Asa Honey: (Miso) Works as a Special Investigator for OPM. His favorite beverage as he calls it, "delicious Bud Light". And is search of the elusive casual shot of Crown.

TSgt Jessica Barry: (Giggle-Burp) One of our traditional flyers. Nurse downtown

TSgt Ronald Martell: (Viet-Ron) Straight from Vietnam to the Boom Pod. The only Active Boom Operator collecting both Social Security and Flight pay at the same time.

TSgt Marilia Rodriguez: (M-Rod) The Jersey terror came to us from the 108th. I've heard she's a killer on the Roller Derby Track!

SSgt Melinda Metten: (Mel, Crossfit) Works as a local fire fighter and owns a Cross-Fit Gym... Do I need to say anymore Don't mess with this boom!

SSgt Matt Morneault: (Toot) One of our traditional flyers. Came to us from the Cop Shop. He's working on his SA.

SSgt Eric Grass: (Smokes, Hole) One of our traditional flyers. Came from being a Crew Chief still don't know about him yet. Owns his own greenhouse.

SRA Chris Bishop: (Chris) One of our traditional flyers. He must really enjoy the beaches at Al Udeid, he keeps wanting to go back.

SRA Michael Newey: (Poof) Now you see him, now you don't... keep an eye on him or "Poof" he's gone.

418 Flight Test Squadron Det 1

MSgt Ernest “Boeing” Burns- Superintendent. Always scheduling himself to be the first boom to do EVERYTHING on the KC-46 and buttering up to every DV that steps foot in the Boom SIM. Yes Burnsie, we know “daddy likey”. Quit saying it, you’re creeping us all out!

MSgt Ryan “Mother F’n” Perry- Master of the P.E.N.I.S. (Personal Electronic Nicotine Inhalation System). Still trying to figure out the best way to make it taste good. Always asks the guys to try his new concoctions but we respectfully decline...until we’ve had a few beers. Look for RMFPs P.E.N.I.S. Juice Shoppe to open up near you! Shoppe opens at 8AM but don’t get there before 8:05AM because Ryan won’t be there.

TSgt Lindsay “¡Oye!” Moon- Recently returned from the best hidden assignment down under ever, he’s slowly recovering getting his American accent back and actually coming to work. They must hang upside-down in the southern hemisphere ‘cause his collar is always popped. Just welcomed a beautiful baby joey to his troop.

(T)Sgt Mike Miranda- Our albino Ethiopian still hasn’t gained a pound since 6th grade. Somehow, he talked Amanda into tying the knot, and we are all asking when there are going to be little foul mouthed Mike Jr’s walking around. Although his language is colorful, at least you know he’s giving it to you straight.

(M)Sgt Rich Craft- Despite all odds, made it to the Top 3 this year. Now he will have the funds to support his new Vegas time share, and outdoor sporting addictions. Our resident brewing expert supposedly makes a good batch (or so we’ve heard). His extensive taste testing prevents most of it from making it past his garage.

SSgt Colin “Low Man on the Totem Pole” Wernecke- Bought a new truck (AGAIN), but swears it’s not to compensate for still being a Staff Sergeant. He is smashing through his college classes, and has been seen with both his socks and boots off, trying to do upper level math. He was quite upset that Boeing didn’t accept his proposal for Realtree® camo decals on the KC-46A.

AFOTEC

Operating Location - Everett Washington

--

Greeting from the Pacific Northwest, things are beginning to pick up in Seattle! Boeing is currently building the first four 767-2C aircraft in Everett which will become the first KC-46s. The test community is anxiously anticipating first flight but that has turned out to be a moving target. On the ops test side, we are currently knee deep in test planning our second operational assessment that kicks off this November. Our report will support the low rate initial production decision (18 aircraft buy decision) scheduled next summer. With our Type-1 training just around the corner, we looking forward to attending Phil Deal's "A-TEAM" developed KC-46 boom operator training class. For all of you who were selected during AMC's KC-46 initial cadre selection, congratulations! We look forward to seeing you at McConnell AFB in the spring of 2016 for the kick-off of IOT&E (assuming our moderate-risk test schedule stays on track...I guess we'll see you in 2017).

AFOTEC Det 5

MSGT Scott "Solar Panels" Beasley: This guy is the authority on all things KC-46A acquisition. You have a question about the contract; he's the man to talk to. He's got so much acquisition knowledge that the Air Force has decided to make him the first boom with an APDP T&E level 1 certification. I'm not sure what that means but it sounds really important. Not too bad for a kid from Texas. Scott brings many years of Boom experience to the KC-46 program. If only we could keep him focused on the mission instead of all the property deals he's working. Seriously, this guy has more real estate than Donald Trump! You need a house or a piece of land to live on, give him a call.

AMC TES/OL-C

MSGT Jason "What's Up!" Schaub: As the newest OT boom working on the KC-46 test team, Jason brings much to the table. With experience as an Aerial Porter, KC-10 instructor boom and time in "purgatory" (what he calls his time at TACC), he is just what we need in order to test the new tanker and coordinate the planning of IOT&E with AMC. Now if we could only get him to sit in his seat long enough to get some work done. As I speak he is TDY at Travis AFB flying, that is if flight schedule doesn't interfere with Chief Cantre's Retirement.

AMC TES/DET 1

TSgt Artis "\$6 Million Man" Jones: Artis is buying his time as he waits for the results of his MEB. If only we could rebuild him! In the meantime, he is baking in the heat at Edwards AFB and learning how to write surveys and develop test measures for KC-46. He is the luckiest, unlucky boom operator in the Air Force. After being non-volunteered to be one of the first boom operators to fly the KC-46, he winds up DNIF and could be on his way out. If it doesn't work out for you and we have to let you go, we wish you and your family the best in the future. You will be missed!

BOEING FIELD SEATTLE, WA
FLIGHT TEST BOOM OPERATORS

FLY BOEING TANKERS!

Greetings from the Boeing Boom Operators!

The KC-46A is rolling off the assembly line and we're on our way, first flight of 767-2C is only a little more than 4 months away. The 412th Det 1 Test (DT) booms (ARO's) have completed training and are officially the Air force's 1st KC-46 Boom Operators (ARO's) and in a little less than a year will be the back bone of the receiver certification flight test program success. We continue to work as a Joint Boeing/ Air Force teammates in the development of the station, developing Normal and Non-Normal Procedures, exterior and camera lighting testing, and have been critical in assisting Boeing in training Test Directors to support air refueling testing. Additionally we continue to host the Joint Crew Systems Working Groups (JCSWG) verifying system/station design and are working aggressively with USAF AFTC Det 1 at Seattle that will join the KC-46A Joint Test Team supporting all AR testing as it will be accomplished in Puget Sound area of Washington.

Sean Martin – As the KC-46 Chief Air Refueling Operator, He continues to honor “whatever the team needs” and remains on the road more than when he was in the Air Force. He continues to work daily to ensure the labs and aircraft stay on track and ready for test...sometimes he wins, sometimes he loses... Ryan completed his 5th year of college at Wichita State University and hopes to complete his Bachelors degree sometime...and be a pilot! Donna hasn't divorced him yet, but like any good flight tester...he's on the way!

Rickey “Grand Poobah” Kahler – Rickey continues to provide sage advice and experience to an extremely aggressive KC-46 test team and has finally given into BT&E and made the move to Seattle. Believe it or not, they decided to give Rickey a security clearance again...20 years later. The Grand Poobah hopes to increase his contact lead on the rest of us the test booms at Boeing on KC-46 and is still doing well despite his ever advancing age and number of grand children

Michael Kibler – “Mike” joined the Flight Test Boom has continued to learn KC-46 by FIRE HOSE. He's enjoying the drive from Mukilteo to Boeing Field daily...Mike just wants to fly and is loving finally spending time in the labs. Mike doesn't know why everyone complains about the weather in Seattle...By the way, we've had an exceptionally dry and sunny spring and summer! Hopefully it will continue into the fall and winter...Fat Chance

BOOM OPERATOR TRAINING AND TECH PUBS TEAM

FUELING THE FIGHT, ANYWHERE, ANYTIME

Greetings from the Seattle, Super Bowl Champions and the birthplace of the U.S. Air Force's KC-46 Tanker! We have started teaching the USAF Initial Test Cadre, class B-1 and class B-2. It's great having out USAF Test Booms in the area as they are a great group of Boomers! The "Boomers" we have taught are living history as we look forward to the KC-46 first flight. We should be completing our third and fourth class in the next two months. For you history buffs, it was July 18th 1956 that the first KC-135 was rolled out of the hanger in Renton WA. Most of the Booms flying today were not even born!

- Phil "The Real" Deal, Lead, KC-46 Boom Operator Training. Phil was a guiding force in completing our courseware in time to teach. He is fully engaged in numerous tanker issues; while completing his M.B.A.! Congratulations Phil!
- Don "Bubba" Cox, KC-46 Aircrew Training Subject Matter Expert. Refining courseware and constantly in the AROS SIL! I grin from ear to ear doing what I love! A great final job heading toward retirement in Florida. Al keeps reminding me I have to have at least two RV pads for visitors from the "Cold" north.
- Al "Yo Boom" Miller, KC-46 Aircrew Training Subject Matter Expert. When time allowed, Al was successful in buying his retirement home. A beautiful log home on a river in Michigan! Al is always busy working and bringing critical knowledge to the tanker program.
- Stacy Tansits, KC-46 Boom Operator Publications Author. Stacy is an integral part of the success of the KC-46 team and each day we acknowledge that as she feverously works toward completion of our publications. She still has time to keep Phil, Al, and I straight! A fulltime job!

Although we are "Boomers", we would like to take the time to honor a friend, an enlisted aviator, a Patriot, and a former KC-10 Flight Engineer who passed away this July. SMSgt (Retired) Teddy J Felder was an exceptional flight engineer and friend to all. God Bless you Teddy. As always we thank you, that are currently serving, and for those who have served and for those who have sacrificed their lives for our country, a debt we can never repay!

Take care, and fly safe, Bubba. NKAWTG.

EDWARDS AFB, CA

TEST OPERATIONS

“Best in Test!”

Greetings from sunny Edwards (bet no one's used that line before)! This past year has seen a tremendous turnover in booms here at Edwards. We opened our Detachment in Seattle and sent off several booms to start developmental testing of the KC-46. This took away most of the experience we had on the Active Duty side. Thankfully, the Reserve guys are keeping us out of trouble and handling getting all the new folks trained up. We completed testing on the KC-135 Block 45 upgrades, for now. We might be doing it again in the future. We continue to support F-35/F-22/F-15SA/P-8/KC-30/Italian 767/RC-135/X-47/and KC-10 ABCU testing. This next year, Edwards will see many changes. Test Operations will be no more. The 445th FLTS will be shutting down and the personnel will be absorbed by the 418th FLTS and continue managing tanker test missions. The 370th FLTS will be splitting off and taking over the test support mission. From the boom operator point of view, very little will change except the squadron patches we wear and possibly the building we work out of. All of us will continue to integrate and fly both types of missions. We have a great group of folks here and we enjoy working together. We've resurrected Animals in the Desert (no woods out here) and keep trying to come up with new hobbies we can spend our time and money on. The ground safety and motorcycle guys get a lot of business and just about all of us have some sort of hazardous past time. From flying real airplanes to flying RC airplanes to guns to motorcycles/ATVs to fishing to multi-day mountain hikes, we keep busy during our down time.

Lastly, many have come through here in this past year on Business Efforts. We greatly appreciate the outstanding job you guys do while out here supporting the test missions. Fairchild, please brush up on F-16D model AR in the BOWST before coming to Edwards. Maintenance says we're running low on TACAN antennas. Seriously, we hope to continue seeing you guys come out in the future and really appreciate the support. Please swing in and have a beverage if you do.

412th OG Superintendent:

CMSgt Jim "Pitt" Pittman – Chief decided to lead by example when he elected to practice his dirt bike skills on the track intended for the boom race team. We elected to not compete when he was thrown from his bike, breaking his collar bone. His chicken wing is healing nicely and we are doing a fine job covering the schedule as he recovers.

412th OGV

TSgt Lonnie Moon – Lonnie survived one day at OGV before he was counseled about use of F bombs in the presence of civilian ladies. Lonnie impresses us all in the position of lead KC-10 boom of AFMC. He's doing a great job at OGV so the rest of us don't have to. He's been busy with the KC-10 advanced boom control unit and continuous KC-135 support.

SSgt Jake Sarno – Jake has developed a loadmaster man-crush that we are doing our best to quell. He recently started a war with fellow booms by placing decals on cars that do not so much align with the interests of the victims. This backfired when he drove around for a whole week with a license plate frame that may not have aligned with his political or social views. We are lucky to have Jake back in the squadron after a long sentence in OGV where he did a great job enforcing the will of A3V and contributing greatly to the KC-135 block 45 program.

SSgt Leighann “L-Ray” Ray – After four long years at Edwards, L-Ray has decided to leave us to return to civilian life and full time mom duties. In her time at Edwards she managed to finish her Bachelor’s degree, start a Mary Kay business, end a Mary Kay business, and begin a sign painting company that Walt Disney may or may not be suing for copyright infringement. Her instruction was invaluable when she had to instruct a green tanker pilot/TPS grad on proper use of the KC-135 lavatory. We think she may have flown a total of six sorties in her time here at Edwards. In all seriousness, we’re going to miss her dearly. She was also a great asset on the KC-135 block 45 program.

370th FLTS

SMSgt Alvin “Policy Change” Kuper – Koop has been working hard to change the one place in the Air Force with the least amount of rules into Altus. His EPR this year will reflect that he is the most over-qualified snack-o in the Air Force. From the looks of his 1984 S-10, we assume that he has tuned into his entrepreneurial spirit by starting a grounds keeping business. He’s done a great job getting us squared away for our next inspection by cracking skulls as our new head of Stan/Eval. He’s been keeping busy as a new test boom with the F-35 B and C model air refueling certifications.

MSgt Scott “Here’s the Deal” Scurlock – Scotty finally committed to... buying a dirt bike. He was also “Chiefed” into buying an AR-15. An RV and go cart are still on the table. Marriage is still a no-go. Scotty is still doing a great job managing all of our test programs as NCOIC of Test Flight as well as heading the KC-30 program and supporting KC-46.

MSgt Dave Stanko – We hired Dave primarily to improve our relationships with maintenance sine he is married to the MXG deputy CC. He recently left his job at the FAA to return to Cessna to be a top test pilot and has done nothing but good things as our newest boom at Edwards.

MSgt Matty Werner – Matty spends most of his spare time with his special lady friend, “Kitty Cat”. He claims they’re built for speed, not for comfort. This year he has been working hard with KC-10 ABCU and F-35 support while continuing to support plenty of KC-135 work. He’s been doing a fantastic job as the NCOIC of the safety shop.

TSgt Aaron “A-Ray” Ray – A-Ray is still thankful for his team Toyota sponsorship. He’s enjoying daily orders from the civilians as NCOIC of scheduling. He’s reminded daily to complete PME to make that money for L-Ray. A-Ray is quickly becoming a gray-beard in test and is still one of the only guys who give a crap about the rules. He’s done a great job working on KC-30 and preparing for KC-46 support.

445th FLTS

MSgt Jason “TOP” Larimore – Jason spends his weekends answering the temp 1st shirt phone from camp sites all over southern California. He turned off the shirt phone and hid in a cave during Animals. He made sure to let us know that we made the Cal City police blotter that weekend. His help was invaluable on block 45 and F-35 support.

SSgt Lauren “Pow-Pow” Powell – Lauren demonstrated the Fairchild technique of refueling F-16s when she showed us how to spell “Pow-Pow” down the side of the Sq CC’s viper during her test qual. As the owner-operator-mechanic of Koop & Pow-Pow’s Motorsports she has excelled at breathing life back into Koop’s lemon purchases. One in five of his bikes actually run when bought. She’s been holding down the training shop as NCOIC while her flight commander continually tries to get unqualified people flying. She’s been doing a great job as program lead for F-35 B and C model air refueling certifications.

Animals

Due to the legendary achievements accomplished at Animals this year, we have elected to ignore the first rule of Animals. Lonnie picked out a great secluded spot away from civilization. After counseling from L-Ray, A-Ray showed up going 50 MPH through the desert with Koop's new quad in the back of the truck, which was the fastest the quad went all weekend. We got a little bit of shooting in before Jake and Koop tried to poison everyone with food bought at the dollar store. Then, Jake and A-Ray had a donut competition in their Tacomas. A-Ray won 26-5. He also sacrificed his transmission to the desert gods. Thankfully Toyota's warrantee guys didn't ask details before replacing it. Lauren learned that plywood can be surfed on, but is not very fireproof. Then alcohol flowed and the rest of the night got fuzzy. The fun came crashing down when Koop woke up with bubble guts and a stampede started towards the honey hole. 50% of those attending came down with dysentery worthy of Oregon Trail. And yet, no one missed any flights on Monday. Late that night we spotted a UFO but never saw Chief or Jason.

EIELSON AFB, AK

168 ARS

Greetings from the Last Frontier. Like usual we are busy this year, when we weren't shoveling snow or fending off mosquitoes, we kept our 24 hour alert line going. With some budget cuts we lost our ONE, but with support for the 'Deid, Guam, PAC Angels and all of our local flights, we never seem to have a dull moment. We didn't really have many leave us this year but we gained a few new faces, both young and old. As always, our part timers have been doing a fantastic job for the unit, and our ground support and maintenance keep us going strong like they continually have.

Feel free to contact us anytime at john.duhaime@ang.af.mil or call the boom pod DSN 317-377-8836, commercial (907) 377-8836.

SMSgt John "Doc" Duhaime (AGR) – John seems to be settling down as the chief boom and really trying to fill our roster. You can usually find him around ops, looking for new booms to hire.

MSgt Rich "Smitty" Smith (AGR) – Rich recently joined the dark side as Stan Evil's boom advocate. He's slowly adjusting to their way of life and is trying hard to be the adult supervision in there.

MSgt Christian "Willy Cat" Willey (AGR) – Willy Cat has been doing great things for us in training. When he is not showing the pilots how to do their job, he's off making shady business deals on construction supplies.

MSgt Kendra "Mom" Halbert (TRAD) – She's here yet another year, saying she will retire, again. We will believe it when we see it. We love you Kendra!

MSgt Tanna "Queen Bee" Carter (TRAD) – Tanna has been holding down the fort as our Flight NCOIC for the traditional force. She's doing her best to take care of all their needs and still manages to go TDY to tropical locations.

MSgt Tracy "Lil Devil" Purdy (TRAD) – Tracy became one of our evaluators and was flying a lot before she caught baby fever. Her and her husband welcomed into their family a beautiful baby girl this year. Between her new baby, chickens, work, and her never ending home projects, she's been busy. We all wish her luck and congrats on the promotion to MSgt!!

TSgt Keith "KROW" Rowan (AGR) – KROW has been moved from his lair in Stan/Eval to the scheduling shop and has jumped in headfirst. With all the booms whining about the alert schedule, he's

doing a great job keeping everyone paid throughout the budget cuts. We are all just excited he hasn't wrecked his motorcycle yet this year.

TSgt Ryan Seifert (TRAD) – Ryan came to us this year from Guam and fit right in amongst the traditionals. Unfortunately for us, he was selected for an AGR job in Florida and will be heading somewhere warm.

TSgt Wes “Shamus” Hudnall (TRAD) – Wes finally completed NCOA after starting the course and sequestration sending him home ½ way through. He is always pulling more than his weight around the Squadron and willing to take on any challenge. He was awarded the Malico Hageman award this year and continues to be a top performer.

TSgt Pete “Shingles” Gardella (AGR) – Pete seems to have settled nicely living in the great north again. He's taken up residence in the training shop and is always looking to teach other booms, when he isn't dreaming about his off-roading adventures in his Suzuki that is.

SSgt Jonathan Legan (TECH) – Jon has been fighting the 1095 rule all year and has been working diligently in current ops for the past few months. He's headed off to CFIC at the end of the summer and is looking forward to seeing his man crush. Jon was recently selected to be the first full time technician Boom Operator in the history of the mighty 168th. Congrats!!

SSgt Rachel “Knight Rider” Knight (AGR) – Rachel is assigned to the Current Ops shop and is learning a lot. When she's not busy performing Current Ops duties, she keeps everyone current on their travel vouchers and DTS. Thanks Rachel.

Sra Joshua “Philip Michael” Hunt (TRAD) – Josh is just finishing up his college degree in history and is looking to become a teacher in the local Fairbanks area. Sounds like a great recruiting tool!!!

Sra Kyle “Coach” Armour (TRAD) – Kyle is one of our true Guard Bums. He is willing to do just about anything to keep the 168th moving along. This past year between being a wrestling coach, deployments, alert commitments, TDY's, and local flying, Kyle managed to buy a new home and experience parenthood with the arrival of his new son. If his son is anything like Kyle, he will be a future Alaska State wrestling champ!!

Sra Kyle “NKOTB” Betts (TRAD) – The new guy. Kyle is our newest boom and comes to us from MX. He has just returned from survival school and has just started on his MCT. We are excited to have him on the team and look forward to putting him to work.

FAIRCHILD AFB, WA

92 ARS

“BLACKHAWKS”

Operations Superintendent:

MSgt Wilson, Kevin- Our newly promoted, excessively large coffee mug SNCO. Kevin recently PCS'd from the CRW and already wears more hats around the squadron than he knows what to do with. When he isn't burning the midnight oil making sure the squadron stays standing into the wee hours of the night, he attempts to be Tiger Woods on the golf course. Butt out!

CCV-

MSgt Soule, Ryan- Ryan's so fresh in from Altus, his new "Zuckerberg" Friday nametags aren't even in yet. Also, I don't know when he'll be finished with MCT, but I'm pretty sure he's homeschooling himself. Seriously though, Ryan, we're glad to have you with us, and look forward to many EQs coming our way. Softy!

SSgt Cantu, Steve- Sí, el famoso Steve Cantu se encuentra todavía en Fairchild y está tratando de establecer un récord para el mayor tiempo pasado en un escuadrón. Esteban se mudó recientemente de la NCOIC de Capacitación a las grandes ligas de hacerse cargo de la tienda de Stan/Eval. Cuando no está ocupada compitiendo por hora evaluador, él está ocupado jugando papá a su hermosa niña. Funniest part is Steve has no idea what we just said about him.

SSgt Abney, Andrew- Recently out of MCT and hit the road swiping up every TDY he can get on. Drew likes to flex his maintenance knowledge bombs to the younger booms when he can and give random speeches in the heritage room. He recently moved to the Stan/Eval shop from Safety and is ready to finally do some real work!

SrA Webb, Greg- King Greg a.k.a "The Plumber" is one of the two stone pillars that hold the Stan/Eval shop above water. He deployed this year to take a vacation from processing Form 8's and to grow a sweet mustache. Greg is the "old man" parent to the "youngin's" in the dorms and mentors them with his wisdom. Greg is going places!

A1C Kemp, Ryan- The other stone pillar of the Stan/Eval shop that blesses us with his red hair on a daily basis, but not his voice by being a man of few words. Typically you can find Ryan fixing all of Sgt Cantu's mistakes

on his Form 8's. On his off time he likes to go play Bear Grylls in the woods around the local area. For the record, his new name is "Not-Tinch."

DOT-

SSgt Kiser, Ryan- Ryan recently crawled over from OST after crushing the souls of numerous hopeful pre-CFIC candidates. He now reigns over the training shop and yes, he still drives his pink bronco. His favorite activities include sending his whole shop TDY at the end of the month and being stuck with hacking out the NMR letter all by his lonesome.

SSgt Askins, David- Recently, Dave, a.k.a "El Toro" went out and took compensating to an all-time high level with the size of his new truck. He is continuing to learn the ropes of being a boom, and in his free time loves to write EPRs for each of his 65 kids. He also practices his TI voice around the squadron, scaring new airmen on a daily basis.

SrA Keepers, Andrew- Drew recently took on his new role of being an instructor and has been getting put to work. He recently went out and binged a little with his new car, a brand new Camaro. You can find his "Bieber-like" hair blowing in the wind as he goes out and tries not to get too many speeding tickets!

SrA Oretga, Josh- Pablo is currently down at the good ol' Altus America feeling the wrath of the instructor program. He picked up a little ankle biter type dog this year that he can't go anywhere without. We all look forward to seeing what's in the future for this bright and shiny. Confidence Josh! Confidence!

SrA Doswell, Stephen- Stephen recently escaped the wrath of the scheduling office, just in turn to find another busy home in the squadron, the training shop. He refuses to smile at work, trying to give off a "tough guy" persona. He is our cargo hero and earned himself an EQ this year on his check ride. Watch out for this one!

DOS-

SSgt Watson, Jeff- Jefe is el patron in scheduling. He tried so hard making himself indispensable, and now it's finally starting to pay off with long days in front of his computer. Sure, he wants to fly or go home like everyone else does at 3, but now he's an EB, NCOIC, and filling the gaps in between. Sucka!

SSgt Malone, Ladarious- Darius is doing great things in the scheduling shop while still hitting the road, knocking down the TDYs. He switches his cars out almost as much as Sgt Askins. Cant wait to see what this guy can do for us!

SrA Fernandez, Dave- When not wasting countless hours molding his hair into perfection or spending all his precious free time at the gym, you can find Dave cursing and crying over his keyboard trying to fill the flight schedule. He was recently approved to palace chase and found himself a TAPS class the next day!

A1C Zemaitis, Amy- Amy is our deployment machine. She is currently on her second deployment for the year, which is next to impossible nowadays for young booms, and avoids the pain of the scheduling shop at all cost! Can you blame her?

A1C Mann, Erica- Erica found out recently she is going to be a mama! In the meantime she been learning how to be a scheduling guru and not give in to the gripes of young, winey copilots. She just wrapped up her CCAF and is on her way to bigger and better things! She also raises a small herd of animals living inside her apartment.

A1C Haggith, Kevin- Kevin who? Since leaving MCT Kevin has gone on a few sweet TDYs, leave, and is getting ready to deploy soon. He is already knocking out school, and tackling how to be a boom just as hard. One day he might actually be of some use in the scheduling shop!

DOR-

SSgt Johnson, Rich- Rich is another new boom, cross trainee coming to us from our 12-hour shift maintenance brothers. He has been flipping the Readiness Shop and getting them back on track, while managing to find himself on tropical islands throughout the Pacific. He also recently got a new, beast of a car, a bright yellow Chevy Corvette (Noticing a trend around the squadron yet??)

SrA Eykamp, Nick- Nick recently came home from his deployment just in time to get married. Congrats Nick! He “donated” his truck to some awesome folks this year when they decided they needed it more than he did. Now, get back to work slacker!

SrA Hays, Korbin- Korbin, “The Muscle Hamster”, recently knocked out his certification to be a fitness trainer. On top of that, he got approved to join the guard and will be out of here in September. Another one bites the dust! Good luck!

A1C Kohorst, Eli- Eli, a.k.a. “Ice-Man”, is one of our go-to guys, but always seems to find himself competing with his counterpart, SrA Pelkofer. He is currently flying over the skies of Afghanistan wearing his American Flag bandana taking selfies. He lives his life under the “G-T-L” motto and can be found at the gym most hours of the day. Got Work?

A-Flight-

SSgt Sieben, Caleb- Caleb is our newest evaluator! He wears his pride and joy on his head with hair straight from Leonardo DiCaprio’s playbook, who just happens to always be his Man Crush Monday. We guess he spends at least half of his paycheck on hair gel to maintain this masterpiece. The other half goes to flying across the country to visit “sugar-mama.”

SSgt Childers, Mike- This has been a busy year for Mike. He recently took charge of four baby booms in A-Flight, as well as everyone’s favorite program, the famous GTC. He also got engaged this year to his BFF, Jenny. Finally, Mike is a proud, new home owner. Slow down buddy!

SSgt Balcom, Spencer- Spencer comes to us from the land of boo-boos and training days every Wednesday. He says it’s “the medical” profession, but that’s up for debate. He is currently deployed, flying his first combat mission and crushing shoulder workouts in between. Good luck baby boom!

SrA Sharief, Stephon- Stephon knocked out his first deployment this year and is officially a combat vet. He sports a big, blue Mohawk on his helmet when he cruises around town on his crotch rocket revving his engine at innocent pedestrians. Watch out for this speed racer!

SrA Gamboa, Christian- This guy loves sitting alert. There is even a rumor that he might have dipped in the alert hot tub once or twice. Don’t forget the chlorine Christian!

A1C Acevedo, Hector- Hector recently returned home from a deployment, then went back out the week his DAV 81 expired. With how much he loves being deployed maybe we should just PCS him over there?

A1C Burnett, Joey- Currently deployed in support of freedom and doesn’t know the bad news that he is coming to scheduling shortly. Hope you enjoyed your free time in A-Flight. Better look up what the duty hours are now and be prepared to work!

A1C Sandoval, Greyson- Not many people can say they own two cars, unless you’re Greyson. He happens to own a 70’s Stingray Corvette and a slick little lowered SUV. Time to deploy him so he can afford his exotic life style!

A1C Bailey, Jimmy Ray- Mr. Baby face himself. He recently went to Key West with the Guard. Rough life! He is our famous water jug criminal. He always has one in the back of his truck and seems to get caught every single time. Future water jug monitor?

A1C Tinch, Wes- “Will the Real Tinch please stand up!” He is often confused with a smaller, but similarly quiet minion with red hair. He resides in the office until called upon by others to meet the needs of the Air Force. These needs usually include, but are not limited to, pulling weeds and updating the picture board. His multi-skill set ensures behind-the-scene operations are efficiently accomplished.

A1C Medina, Eric- Err ma Gerd, It’s Mederna!! Currently he has moved on to more ‘honorable’ activities ‘guarding’ various command changes and other special events. We look forward to the day when he returns to us so he can guard our secrets, honorably of course. In all seriousness, Eric was able to get away to donate some time to honor guard and is doing a great job!

A1C McKnight, Robert- Robert is our voicemail and rap guru. Who would think that the commander would call your phone and listen to your voicemail? Oops! He is getting ready to deploy and make the next deployment music video.

Amn Vaughn, Carrie- As a sick joke, we deployed Carrie early just so she could be the 1st and beat Alex. She’s fresh back from her first deployment and seems excited for more. Probably just cause it was kind of half a deployment. Rookies!

Safety-

TSgt McCrillis, Dan- “Bullet” is busy learning how to write EPRs and 1206s. We found a weakness and now we’re never going to let it go. Dan recently took on the role of the squadrons “Forest Gump” and has learned how to run through wheat fields, letting his 80’s hair blow in the wind. Also, I’m obligated to mention he’s really good in the jet.

SrA Simpson, David- Dave is our quiet version of “Tupac.” When not taking pictures for his lady friends on Instagram you can find him checking his email and refreshing GDSS2, constantly hoping to go TDY, Alert, well anything really, except sit in the office.

Tactics-

SrA Ong, Erin- Our newest Instructor fresh out of Altus. She is one of the sharpest booms around the squadron and is ready to lay down some “smarts.” Now who is smarter, her or her “horse and a bird” boyfriend? We are looking forward to flexing her new IB muscles!

SrA Pelkofer, William- When Will’s not at the gym, he’s eating cheese or talking about eating cheese (apparently this is a big deal in Wisconsin or something?). This guy hopes he’s next in line for upgrade and is getting eager to see what he knows...or doesn’t! Watch out Will!

Awards & Decs-

(S)Sgt Sims, Shawna- Shawna is the foundation for updating ribbon racks to look bigger than the size of Texas. Bling bling! Award citations are her specialty, unlike knowing her currencies! Trust but verify chica!

SrA Halford, Shane- Shane cuts his hair more often than some folks change their underwear. When not binging on Cheetos and gaming, he is crushing sit-ups to work them off to regain his “abs.” On a serious note, he’s been doing so well, we’re sending him to instructor school for Christmas. Yay Altus!

On Loan-

SrA Bright, Melanie- She is our CCX war hero, slaying one mobility folder a day and logging more YouTube hours than flight hours. Do they make a patch for YouTube hours? Melanie currently answered the call and deployed short notice. Her reward? A short-notice instructor slot. Go get um!

SMSgt Docken, Jeremiah- Moving up to the group level filling in the big shoes of retiring CMSgt Flax. Been filling in lately working super-secret missions for the wing, but I guess he can't talk about much more than that. No big deal.

TSgt Erdelac, Tony- One of the new MSgt selects! He lays down the intimidation factor around the squadron with what he likes to call "his special eyebrows." Tony received orders to work A3N at Scott, and is ready to move on to greener pastures. Good luck!

SSgt Patras, Neil- Our new cargo expert that is willing and able to download/load redeployers/deployers at a moment's notice...or less. Neil has the reputation to the new booms of being "Tough MPRS Instructor." The hammer's in town!

Attached-

SrA Doepker, Jesse- The world famous scheduler, Mr. Jesse Doepker. He might be DNIF but he makes up for it by being our 92 ARW Scheduler and is doing us proud. On the weekends he rides miniature ponies and plays with kittens who he names after his favorite foods.

CMSgt Flax, Steven- Rumors have been confirmed! The famous Chief "Opie" Flax will be leaving the boom world this year to spend countless hours fishing on one of his many boats. Maybe even do a little duck hunting. The man, the myth, the legend! You will be missed.

TSgt Joyce, Christopher- Chris is already going grey since taking over OST. Those little MCT booms just never cease to amaze him with what they come up with next. On top of all of that madness he is the president of the Fairchild Boom Assoc. Busy man!

Outbound-

SSgt Stefaniac, Dave- Dave recently left us for sunny beaches and "hardship" deployments. Fortunately, we get to see him every so often as he only works across the street at the WANG!

SrA Proctor, Steven- Another one bites the dust! He joined the Tennessee Guard rocking the command post. Rumor has it he gained a sugar mama too.

SrA Rowell, Mike- Our PTL of the century has left us to be a fire slayer for the Tinker Reserves. Good luck Mike!

SrA Melson, Tracy- Our CCV expert has joined the civilian world and is on her way to Altus America with the hubs. Good luck and don't drink the water!

SrA Capra, Andy- "The Hair" When not letting his glorious locks blow in the wind; you will find Andy in Post Falls, ID living the college life and

Inbound-

(S)MSgt Rodriguez, Mike- Our new Superintendent will be arriving in late August.

MSgt Patterson, Greg- Returning to us from his assignment overseas and glad to have him!

SSgt Donarski, Zachary- We can't wait to see what Zach can do!

SSgt Sarno, Jake- The famous Jake Sarno will be arriving to us shortly! Dirtbike and all!

SSgt Flanders, Ned- Ned's here and pretending to in process. Maybe we'll see him in three months?

SrA Childress, Daniel- Our newest IB is set to arrive shortly to us from the island of Japan.

A1C McConnell, Casey- Fresh from Altus! Welcome newbie!

FAIRCHILD AFB, WA
93 AIR REFUELING SQUADRON

“Horse and a bird...93d”

SUPERINTENDENT

SMSgt Christopher Rueckert christopher.rueckert@us.af.mil

Recently purchased a dirt bike for his son and then decided he needed one too. I'm pretty sure Jaden will be in the X-games someday and Chris will be just getting X-rays for his inevitable spills! I would love to dish some dirt on this guy but it doesn't exist, this is why it's so great to work for him. 93rd son!!

OPS SUPER

MSgt Lee Adkins lee.adkins@us.af.mil

Lee has returned to Fairchild after a short stint at Altus. Upon his arrival, he was originally assigned to the 92d ARS, but has since been paroled from there. Having openly admitted that he has finally outgrown the Barber Shop booster seat, he is now riding high (in an adjustable seat of course) as the new 93d ARS Ops Sup. Welcome back Lee!

MSgt Randy Stinnett randy.stinnett@us.af.mil

Randy somehow found himself on the Wing Commander's fini flight. All was going well until A/R when karma paid him a visit. Now Randy wears a special kind of cologne only available to a select few, it's called "Brut" Force Cologne! Off to Hickam he goes, it's almost like he knows someone out there. Best of luck at your new job.

SAFETY

SSgt Jonathan Alessie jonathan.alessie@us.af.mil

Jon's been broke for 9 months after shoulder surgery, but somehow seemed to squirm himself into Red Flag down at Nellis AFB for 3 weeks.

SSgt Tazmin "Almost Made It" Urata tazmin_iokepa.urata@us.af.mil

Talking about Almost Making It again. Taz was stoked about orders to Kadena but that seemed to fall through at the last minute, crushing his dreams. We were able to get him close to that location, this one has much more sand, heat and the cost of living is only a mere \$3.50 a day!

SrA Alexander Orr alexander.orr@us.af.mil

Squadron work horse! Currently on his second deployment, this time with March ARB. Alex is growing up nicely but he is taking baby steps as he recently purchased his first car and has put more miles on it in the last 4 months than he has under him in the rest of his life combined.

AWARDS & DECS

SSgt McIntyre paul.mcintyre.2@us.af.mil

Just got back from his first “real” deployment! When not getting yelled at deployed from MSgt Adkins for wearing his Afghan scarf in CaddyShack, he can be found on another TDY skirting his NCOIC duties in Awards and Decs. This seems to be his theme as he is the Sgt at Arms for the Fairchild 5/6 Club and has to yet attend his first meeting. But seriously, it is good to have Paul in the squadron.

SrA Michael McCloskey james.mccloskey.5@us.af.mil

Mike is about to leave us in September for the “dark side”. His hard work paid off and he will be heading to OTS this fall with UPT to follow. This is what happens when you set goals and achieve them, we all look forward calling a breakaway on him in the future!

SrA Richard Bailey richard.bailey.19@us.af.mil

Was finally paroled from the scheduling office after 18 months and recently returned from his 3rd deployment. Now we are putting this bachelor’s degree to use by forcing him to write awards packages and decoration citations.

A1C Kathrine Dickey Kathrine.dickey@us.af.mil

Kat just got back from her first deployment where she learned some valuable lessons. 1. Maybe one alarm clock just isn’t enough. 2. If you’re going to complete your preflight with your phone in your flight suit pocket make sure the zipper is closed. 3. When entering the boom pod during the descent check, make sure not to miss the step heading into the boom pod because the result will be a “pimp style” walk in front of the 20 pax.

TRAINING FLIGHT

(T)Sgt Matthew Machala matthew.machala@us.af.mil

Matt is currently down at Altus for CFIC showing off his 320 hour knowledge in the KC-135. We are utilizing his skills to replace the legendary Derik Melson who left us for Altus and the new Training Flight NCOIC. Matt had the kind of surgery where you have to sit on a bag of frozen peas for a few days, unfortunately the side effect was an eight fluid ounce of residual build up. Matt was back up and running (literally) after a weeks’ worth of antibiotics. Good job killer!

SrA Anthony Owens anthonie.owens@us.af.mil

Working on his approachability by smiling more, unfortunately it has had the opposite effect as the smile should be accompanied with a mustache and a windowless van. Besides the uber creepiness, he is doing a bang up job in Training.

SrA Michael Dmytriw michael.dmytriw@us.af.mil

Our resident KGB agent. Not sure why he wanted to get put on the START mission, was it to give his comrades secrets or to ask for asylum? Recently had the opportunity to showcase the Air Force story at Gonzaga University, we think he really went to scope out chicks. Can’t say we blame him.

A1C Jordan Gese AKA “Goose” jordan.gese@us.af.mil

To go along with his creeper van he has been able to grow the world’s nastiest mustache. Apparently he wants to appear on TV with Chris Hansen’s “To Catch a Predator”. All we ask is that you don’t wear a squadron hat when you are on TV. Thanks.

EXECUTIVE HELP

SrA Janet Yi janet.yi@us.af.mil

Most people accept the fact the at the earth rotates around the sun, however Janet refuses to agree and believes everything revolves around her. Doing a great job in the exec shop and was awarded SrA BTZ for her efforts.

READINESS

TSgt Christian Villanueva (NCOIC) christian.villanueva.1@us.af.mil

Christian refuses to leave. After cross training from FSS to be a boom, he remained at Fairchild AFB where he is working on completing his 9th year here. He is also busy getting the Readiness office whipped into shape which is a full time job in itself. He just welcomed a new baby boy into the world and is working on refining his sleep schedule.

SSgt Jason “Angry Old Man” Markham jason.markham@us.af.mil

Jason informed us that what happens at Scooters stays at Scooters. We don’t believe him. Accomplished a very rare feat of graduating BIQ as a 7-Level instructor, said that he knew more Chico and Marty combined. TSgt Herridge said that if Jason isn’t flying, nobody is! No you can’t deploy again.

SSgt Brian Huls brian.huls@us.af.mil

Has aspirations of being a Tech Sgt one day, but we are just working on the first step of showing up for the test on time. Doing a great job but has his work cut out for him keeping up with his wife in the FSS. Sucks being the second best NCO in your house.

SrA Jesse Lee jesse.lee.8@us.af.mil

Learning the ways of the Readiness Office and the joys of having to be a boom operator and have an office job. Really hasn’t given us anything to ridicule him about, but keep an eye out for next year’s boom signal.

A1C John Blackburn john.blackburn.5@us.af.mil

Who is this guy? We never see him.

SCHEDULING

(M)Sgt Aaron Leal (NCOIC) aaron.leal@us.af.mil

Having a hard time becoming and an IB but a very proficient instructor day trader. If we don’t see him more often his face might just end up on the side of a milk carton. But seriously, where does he go?

SrA Kevin “Swags” Satberry kevin.satberry@us.af.mil

Just looked at Kevin’s 30-60-90 day flight time and Timmy down at finance has more flight time than him and he only had 3.2 hours during an incentive flight.

SrA Cameron Bilyeu cameron.bilyeu@us.af.mil

Cameron “I need more calcium” Bilyeu tripped and managed to break his leg. Between smoke breaks and Clash of Clans is down to a two hour work day. Definitely not compensating with that big truck he drives.

SrA Nicholas Roney nicholas.roney@us.af.mil

Nick is still prepping for the zombie apocalypse by stockpiling ammo and buying as many guns as possible. I hope he gives us a heads up before it occurs.

SrA Nathanael Bussey nathanael.bussey@us.af.mil

If we could ever get him off of Clash of Clans he might actually be productive.

SrA Michael Jordan michael.jordan.31@us.af.mil

Surprised to find that the guy who’s a** he said he was going to kick on the way back from Scooters is his Ops Sup, MSgt Adkins said he won’t hold that against him but he has found himself sitting behind the desk in scheduling...just saying

SQ TACTICS

SrA Travis Peirce travis.peirce@us.af.mil

He enjoys checkrides so much that he decided to take a second one while down at Altus for CFIC. Will make an excellent instructor and can't wait to have him back in the squadron.

A-FLIGHT

TSgt Dustin Herridge (NCOIC) dustin.herridge@us.af.mil

Only guy that is trying to get rid of his own job, but has no idea what crappy job he will be heading into.

(T)Sgt Evangeline Evanzia evangelinemarie.evanzia@us.af.mil

Left us for a warmer climate with a 24 hour notice and was recognized upon arrival for having the cleanest jet in the previous few weeks. We will be waiting to see if that holds true upon her arrival back here. She loves public speaking so much that her face turns the same color as her hair as soon as she starts. After everything that has happened to her she has enough fodder for a country song...say tuned for her first hit coming soon.

SSgt Gregory Albers gregory.albers@us.af.mil

We thought that they checked for color blindness when becoming a boom operator, somehow Greg slipped through because he managed to show up in the desert with green boots.

SSgt Shon Shirley shon.shirley@us.af.mil

Blames his mom for his erratic driving...nice excuse junior!

SrA Daniel "can't find a razor" Haglund daniel.haglund@us.af.mil

Apparently, hasn't read the Vol 3 in regards to PMCR or it takes a lot longer than it used to these days to get stripes sewn on.

A1C Alexander Vaughn alexander.vaughn.1@us.af.mil

Between him and his wife, they are trying to appear on MTV cribs showing off their Escalade and Dodge Ram. As soon as the episode airs we will let you know.

A1C Nathan Barnes nathan.barnes.2@us.af.mil

Farm boy from South Dakota, no dirt yet but we will find it.

A1C Dalton Bray dalton.bray@us.af.mil

Found the secret to a successful marriage, married a loadmaster who lives 3,000 miles away!

A1C Ryan "No Car" Dillingham ryan.dillingham.1@us.af.mil

Exact opposite of A1C Vaughn, doesn't have a massive car payment or the 22% interest rate that goes along with it and can be seen thumbing a ride around base.

A1C Logan Lord (of the wings) logan.lord@us.af.mil

Has best pickup line in Spokane "want to see how many handstand pushups I can do" but when asked to do one develops a severe case of performance anxiety.

A1C Paul "Jail Bird" Rimar paul.rimar@us.af.mil

Enough said!

A1C Christopher Shelton christopher.shelton@us.af.mil

Motion sickness so severe needs an airsickness bag on the bus ride to the jet.

A1C Michael Stringfellow michael.stringfellow.1@us.af.mil

If you want this one to show up on time you just have tell him that there is a golf tourney taking place.

A1C Timothy Weber timothe.weber.5@us.af.mil

A fan of pinterest, he has found ways to decorate his dorm room that would make any hipster jealous.

STAN/EVAL

MSgt Joe Koch

Just showed up from Mildenhall and has it the ground running. Completing his mission qual and waiting for his HHG's that shipped over a month ago.

TSgt Alan Champagne alan.champagne@us.af.mil

Vast improvement in work hours as he is now pulling 16 hour shifts in Afghanistan!

SSgt Derek Greene derek.greene.1@us.af.mil

Managed to show up at late for his own R&C, we think it was because he was hypoxic due to his enormous frame.

SSgt Jonathan Mellon jonathan.mellon@us.af.mil

Jon's had a busy year; he moved over to us from OST, is giving checkrides and managed to find time for baby number 2.

SrA James Bloom-Kelly "BK" james.bloomkelly@us.af.mil

Setting the example for others to follow. Leads the base airman as the First Four Vice President, led the OG to Wg Dorm of the Quarter as the OG Dorm Chief, won AMC Command Chief Airman of the Week, besides that still finds time to go LARPing.

ATTACHED

MSgt Jonathan Gomez (OGV) jonathan.gomez.1@us.af.mil

Just returned from a 5 month stint as OGV in a sunny, undisclosed location in Southwest Asia. Ready to hit the ground running updating IPADs and all that other important stuff.

(T)Sgt Ben Davis (Command Chief's Assistant) ben.davis@us.af.mil

Kicked ass up at the wing, working on completing his Master's degree, headed to the NCOA in next month then coming back to us to be assistant NCOIC of Stan Eval.

SSgt Dave Ballmer (OSK) david.ballmer@us.af.mil

Managed to get A-10 to grow a mustache as nasty as his own. Not sure he knows, but there is nothing tactical about those things.

(S)Sgt Michael Weidman (OST) michael.weidman.2@us.af.mil

Mike either hates his family or loves seeing our faces; he has 27 days of use or lose leave and refuses to take it. Doing great things over at OST...when he's there and not TDY.

(S)Sgt Jacob Aufderheide (OSK) jacob.aufderheide@us.af.mil

"A-10" is trying to grow a mustache to impress Ballmer, however has been ordered to stay at least 300 yards from local elementary schools.

SrA Frank Pappalardo (OST) frank.pappalardo@us.af.mil

Holding down the fort at OST while everyone else is on leave or TDY to Red Flag. Right now only has a few students, but still struggles to write good TAPRs.

SrA Nicholas Barker (CCX) nicholas.barker.3@us.af.mil

Nic is still wet behind the ears. Made a rookie mistake by going to the Flight Doc the day before his deployment and had to go out a week later. We gave him tons of crap and think he's learned his lesson. Extremely hard worker and doing great things in CCX.

MOVED ON

MSgt Michael O'Connor michael.oconnor.8@us.af.mil – New Superintendent of the 509th Weapon's Sq.

(M)Sgt Justin Dixon justin.dixon@us.af.mil – Headed to Altus for BROWNER pastures.

SSgt Nicolas Inzana (CCX) david.ballmer@us.af.mil – Went kicking and screaming to Altus.

SSgt Derik Melson (NCOIC) derik.melson@us.af.mil – Willfully went to Altus and will do great things there.

SSgt Jeremy Culliton jeremy.culliton@us.af.mil - Off to Kadena, ladies watch out...for your safety!

SSgt Ryan Kiser (OST) ryan.kiser@us.af.mil – Been traded to the 92d due to their IB manning shortfall.

SSgt Cleigh Robbins cleigh.robbins@us.af.mil – Left us for the 509th, don't know why, he can't grow a mustache

SSgt Robert Prince robert.prince.3@us.af.mil – Attended CFIC enroute to McConnell. He will be missed.

SrA Marino Miklja marino.miklja@us.af.mil – Volunteered and now at Altus.

SrA Sean Snyder sean.snyder.1@us.af.mil – Palace Chased, now flying C-130's in Colorado.

WASHINGTON AIR NATIONAL GUARD

X-Flight

CMSgt Monica “Chief” Gile (IB): (Traditional) Same story, different year. No forest fires, no gold in the pan, no deer in the freezer, no dirt bike wrecks, however she is becoming quite the grouse slayer. Not being outdone in the ever challenging pursuit of physical fitness and the search for the fountain of youth, Chief trained with Panda and completed her first Marathon. Considering she fractured her tibia on mile 18, and still finished the race in 5 hours and 7 minutes, we would call that bean complete. Hope the crutches and leg brace were worth it!

A-Flight “Aces”

MSgt Walt “Night Train” Hinton (EB): (Technician) A- Flight Lead Boom- Still high off of the Seahawk Super Bowl win, and being that it took three quarters of his life to happen, Night Train ordered up some Seahawks inspired license plates and is now sporting them on his sweet ride. They look amazing BTW! On top of that, Night Train turned 40 this year, and to celebrate he took a walk on the wild side got his innards repaired and realigned. Go 40 and fab abs! Night Train is also the SNOIC of the Stan/Eval office is learning the ins and outs of GTIMS....don't you just love AMC forced programs?!

TSgt Rob "Uncle Ricco" Mitchell (IB): (Technician) Uncle Ricco has been battling some medical stuff and hopefully will be back on the flying schedule soon. It's been a long road to get back on status, but in case anyone ever wondered, as a result, we found out today that his Corpus Callosum (whatever that means) is of normal shape and configuration. Hmmmmmm. Uncle Ricco could definitely use some time away from the office and back in the jet so let's hope "normal" will do it. Uncle Ricco is still masterfully working the boom schedule while almost half of the booms are DNIF. We will soon be purchasing an AED to put at his desk in order to resuscitate him with each DNIF call. A first trip back with your loving Flight Lead to Colombia is sounding pretty good right about now!

TSgt Thomas "Chingis" Nance (EB): (Traditional) Chingis is plugging along as one of only three evaluators in the unit and is also our resident artist. No good trip goes unanimated which could be good, or could be bad! Chingis recently returned from another Guam deployment as the Chief Boom, which from what I heard was one the busiest Guam deployments ever. We found out that Chingis is a graduate of CATTs so he is also tactically helping out in the Tactics office; so don't let his quiet demeanor fool you, it's all a part of his Tactical Deception!

SSgt Chris “Best Left Unsaid” Langus (MB): (Traditional) Ever since BLU has come back from Altus, I have not heard or seen much of him. This is great news for a flight lead, because that means he is completing all of his

requirements and staying out of trouble while on the road or is at least smart enough to keep it under wraps. Young Chris is in fact a superstar and is making the best of his opportunities as a boom. I wouldn't be surprised to see him working the front controls at some point which would be yet another boom turned amazing pilot. I just recently learned his nickname (insert imagination here).....I am obviously getting older as I was unsure what it meant!

B- Flight "Killer Bees"

MSgt David "Panda" McDowell (EB): (AGR) B-Flight Lead Boom- If last year wasn't enough, this year Panda went way over the top. Sledding down a kiddee hill on New Year's Eve old Panda augured it into a ditch and broke his collar bone. A few plates and screws and this guy looks even better than before! So then he decides that Half Marathons were not enough for him so he trained for over 6 months and not only RAN but FINISHED his first Marathon in just over 4 hours. There is talk of another on the horizon and hopes of an ultra in the future. What is it with these guys turning 40?

TSgt Jennifer "Jenn" Ventress (MB): (Traditional) JV is finally seeing the light at the end of the school tunnel. She has about 6 more months of school to become a Registered Nurse and will have somewhere near her 15th degree. We think a doctorate may be next on her bucket list. In addition to being a professional student, JV continues to be superwoman handling her 2 part time jobs, going to school fulltime, raising a 6 year old and being a wife. Not sure how she does it.

SSgt Steven "Wayne" Kerr (MB): (Traditional) Wayne is currently one of our main "bums." With a recent loss of an alert line, and the constant threat of reduced pay days, Wayne is looking into becoming an electrician. Classic cars still tend to be his passion and if we can ever get him to vacuum out his '66 Mustang, it would be one sweet ride. Come on Wayne, clean that girl up!

SSgt Dave "Gwen" Stefaniak (MB): (Traditional) Gwen has finally made his transition to the guard and did quite well I might say. Just prior to joining us Gwen was lucky enough to fill a position with one of our crews to go TDY on one of the last great guard deals.... Geilenkirchen! Almost days after we swore him in, he was able to score another great "deployment" deal to Guam. Hopefully we haven't tainted him too much so when that deployment to the Deid comes up he will still volunteer.

C-Flight "Cupcakes"

SMSgt Bob "Bobby G" Gibson (IB): (Technician) C-Flight Lead Boom- Bobby G is our Training Boom Operator and Cargo Load Manager. Bobby G has 5 kids with one tying the knot and another out of the house going to college. His recent hardship deployment to Guam was in the middle of his slow pitch softball season and he realized that playing golf for a month will cause your batting average to drop. Coming back just in time to for the playoffs Bobby G struck out on his first at bat with a pitch that barely made it across the plate. Bobby G is you a golfer or softball player...pick one.

TSgt Kevin "Next Year" Grubb (MB): (Traditional) Kevin is still hanging out with us...maybe we'll get rid of him next year. It has been a very busy year for the 116th and good for Kevin that we have been shorthanded with booms who are not DNIF. He survives another year even though he is getting old and half blind. In all reality Kevin has done a very good job for us and has been very busy juggling his careers' and family. He is still a manager for the city sewer plant, he just acquired a rental house, and had 1 of 4 kids graduate from college and move out of the house. Kevin...maybe you'll slow down next year?

TSgt Shaun "Boop" Bopp (IB): (Traditional) Boop is a fully qualified bad guy for JPRA as a DOD civilian. He is married with three little kids, and owns a house that sits on an acre of land. Shaun's hobby of farming includes raising chickens, gardening, and planting fruit trees. Shaun's abundant production of fruits and vegetables has caused a serious problem with the local ground hog association and he has been battling the infestation of them on his property. Shuan this might be a good time to educate yourself and watch Caddy Shack.

SSgt Kelly “Who” Donahue (UB): (Traditional) Kelly is our newest boom hire. She is waiting for Aero Orders so she can go to Altus to get re-qualified as a MB. Kelly was an active duty Boom spending most of her time at Mildenhall before getting married and having a little girl. Like most of us, Kelly started to miss the lifestyle of being a boom operator and decided it was time to jump back into the pod as a part timer. Glad to have you Kelly, you will enjoy the Air National Guard.

D-Flight “Dogs”

MSgt Steve “Wad” Waddell (EB): (Technician) Program Manager/ D- Flight Lead Boom- Wad has had a pretty busy year after being hand selected to help stand up the Wing IGI Team and is serving as the Inspection Planner. He is battling the medical road right now, but we hope to have him back and flying soon. In his spare time, Wad continues to be a sports fanatic and bleeds no other color than red. Go Cougs!

TSgt Curt “Beauty Pageant” Smith (IB): (Technician) Curt finally got tired of apartment living and became a legit home owner for the first time. Fitting he would build one at the top of the largest hills he could find just so he can ride down it every day. Beauty Pageant is still laboring away in the Current OPS shop and takes his turn on the Alpha Alert merry-go-round from time to time. Beauty Pageant, for some unexplained reason, entered into a body building and fitness competition and is now our in-house, private Chippendales dancer. Every squadron should have one. Just sayin.’

SSgt Nathan “Nate” Leitz (MB): (Temp Tech) Nate is one of our Alpha Bums and our Awards & Dec's POC. Unfortunately he is up against the notorious “1095” wall so we had to hire him as a Temp Tech to keep getting some work out of him. Current OPS has benefitted from the situation and welcomes the help. Nate is also the proud dad of three beautiful girls (7, 5, and 3) and a new baby boy which means he will keep his arsenal of shot guns handy for the future deterrence. I know how you feel Nate, if you need more ammo, let me know.

SSgt Clint “Schue” Schumacher (MB): (Traditional) Schue is the oldest SSgt in the ANG but that’s to be expected when you have a 15 year break in service. Unfortunately, he has been injury plagued again this year and continues to rehab. He is also the units’ personal realtor which is always a bonus. Good thing you don’t have to have a strong back to sell real estate... There is that.

NGB

SMSgt Eric “Skog” Apelskog (IB): (STAT Tour) Skog has been at NGB for the last two years working for Safety. We can only guess that the folks back there are not only enjoying him around the office but enjoying his amazing cooking skills. We look forward to having him back!

RETIRED

SMSgt Ian “Lance” Dahl: Lance retired in December after quite a career. He continues his work at the fire department and his legacy continues with his son working in maintenance. Lance’s experience and what he brought to the table as a true traditional are missed. Enjoy retirement as it is well deserved.

TSgt Marty “Rehab” Martin: After nearly 25 years of military service Marty finally retired in March. Rehab’s working back at Horizon Airlines and at a local hardware store and is loving life! Often people leave a workplace feeling like they won’t be missed, but I can honestly say Marty’s presence is missed. However, the building is much quieter..... Luv ya Rehab!

FAIRCHILD AFB, WA

MSgt Mike O'Connor michael.oconnor.8@us.af.mil

“You’re not Squirrel?!” Our shiny new Chief Boom, fresh from the 92nd OGV. Mike is sure to bring the hammer and his 14 cars/trucks/motorcycles to squadron. When he’s not washing and waxing his fleet of 4 wheeled vehicles, he can be found washing and waxing his motorcycle.

MSgt Dave “Squirrel” Nixon david.nixon.3@us.af.mil

When this man isn’t molding future Air Force leaders, he runs a used car lot in his driveway. In the last year he has bought and sold more cars than CarMax. Squirrel spent this entire assignment buying millions of dollars in parts for the ever-popular, exclusively collectable 1989 Mustang he tried to build. He even had a local speed shop build a sick motor for it. After starting it once, he proceeded to tear the vehicle apart and sell it piece by piece to the lowest bidder. This same philosophy is exhibited in other areas of his life as well; he is the only man we know who can spend countless hours, dollars, and research time to find the best hunting gear, only to come back with a turkey. After all this frustration, he’s heading to North Carolina to single-handedly stimulate their economy. President Obama will be proud!

TSgt Will “Dirty” Perdew william.perdew@us.af.mil

Ask Dirty about “the Perdon’t”, but be sure when the explanation starts that you have a vomit bag, a hair net, and an HD camera. Dirty is the only man who can safely dip, smoke, and use an E-cig at the same time, all while drinking coffee, while single-handedly running Training Flight.

TSgt Greg “Crease” Sanders gerald.sander@us.af.mil

Crease is a Hulk who has packed on 50 or 60 pounds of lean muscle since he started at the 509th. But there have been some mild side effects...he permanently smells of broccoli and protein, and his skin is sprayed the color of an Oompa-Loompa. When Crease isn’t repeatedly lifting heavy objects in front of a full length mirror, eating, or generally avoiding work, you can find him working pressing Stan/Eval issues. He’s currently upgrading to EB and has blazed through 1% of the process in a scant 9 months. Oh, and don’t ask him to approve anything in DTS, you wouldn’t want to see him when he’s angry.

(T)Sgt Sam “Shank” Converse samantha.converse@us.af.mil

USAF MEO DATA MASKED, and as if USAF MEO DATA MASKED, then that one time she USAF MEO DATA MASKED, hard worker USAF MEO DATA MASKED, OCD organizational skills USAF MEO DATA MASKED, sweet USAF MEO DATA MASKED, scheduling USAF MEO DATA MASKED, USAF MEO DATA MASKED, great boom operator USAF MEO DATA MASKED. Sam made us proud by being the only Tech select in the squadron this cycle.

SSgt Cleigh “Beavis” Robbins cleigh.robbins@us.af.mil

Beavis is the reason we can't have nice things. Despite the 8 red warning stickers on the coffee maker to fill with water first, he plugs the new shiny in and “poof”, no more coffee maker and no more power outlets. After one off-road excursion, he decides he needs to exert his new manhood (of course after finding out he's having another girl) and buys a 94 Bronco, properly labeling it the “Compensator”. When he is not trying to fix something on the truck, you can find him running the Tactics Shop.

Jim “Z” Zarkos (SMSgt Retired) james.zarkos@us.af.mil

Z's claim to fame is that he was the CFIC instructor for the young Hose Operator that cleared the Question Mark to contact, and was initial cadre for the KC-97. He also lit Lt. Lemay's cigars, was the boom refueling the B-52 on Dr. Strangelove, and was a stationed at Castle AFB when it was still a castle. With a social security number of 1, Z gave Adam a 3 on his first EPR after the embarrassing Garden of Eden incident. He currently edits all our courseware at the 509th, but it's getting harder to find ink wells for his feather quill. His sheriff badge for bagel toss is on order.

FAIRCHILD AFB, WA
KC-135 ATS BOOM INSTRUCTORS

Greetings from the Fairchild KC-135 ATS Boom Shop.

Training here at the Fairchild BOWST is still going along smoothly. We are getting back a lot of positive feedback and the booms using it are getting a lot of “hands on” experience with multiple and unique malfunctions! We’ve been pretty busy with other units coming in other than Fairchild and hope to get more in the future.

Brew City Tankers

It's summer in Milwaukee (there's only about 3 weeks each year) but luckily we are able to enjoy it in the midst of our May-Sept Died rotation. The trough is still full enough here in Milwaukee the Guard Bums are actually turning down work. LTMPA still has a pulse, local training are still flying and after you mix in a few TDY's, it's easy to understand why our Booms are the inverse of our pilots. Happy! Luckily we have Guam in the spring to warm us up, but then again it's been a few months since they last decided to do rotations, or buckets, or rainbow, so I'd imagine it won't be long before they throw it all out the door and send us to the Died instead. But I'm not telling you anything you don't know already so.....

NKAWTG!

Fulltime

CMSgt Marlin Mosley-- Program Manager – June retirement is planned! Almost time for Swerve to start thinking terminally

SMSgt Patrick Sosinski-STAN/EVAL NCOIC – As mean and ornery as always. (Read Sarcasm)

MSgt Donald Strickland- STAN/EVAL – Just moved from Training. The goal to put Pat and Don into a room and wait for only one to come out.

MSgt Kurt Ignasiak- Training NCOIC– Iggy now gets to run the Training shop

MSgt Peter Gauerke- Training- Joins Kurt as 1 of only 2 people in the training shop without a severe personality defect. I said severe!

TSgt Anthony Walter-Wing Plans- Our Ace in the hole for the upcoming NORI season

TSgt Bryan Storbeck- Scheduling NCOIC – 3 years, 3 hats, wishing for AGR. “when does Chief retire?”

TSgt Lynda Matthews- Scheduling/MPC - Excited for a new counterpart in Scheduling, she's hoping she only has to do her work now.

TSgt Brad Love – MPC/Computer Biznatch- Congrats new TSgt, if you think your getting rid of those computers, your not. EVER!

Traditional

Senior TSgt of the AF-Mark Lipinski-Scam Artist – Retired from the Firehouse, now assigned to 183FW Springfield IL but attached as a flier to us. Two stripe bust to do it. If he doesn't want to leave he won't. .

MSgt William Mattert-State Investigator – Operating as our Senior Guardsmen. That means he gets to put all the retirement S%^t together.

MSgt Amanda Look- Guardbum – Still living the dream one Guardbum day at a time.

TSgt Christopher Winchell- Air Traffic Controller- Chris has left us for an AGR ATC job at Volk Field CRTIC. Congrats!

TSgt Mat Gryzb-Fireman –TSgt Ryan Peters-Engineer – Where not sure if this is one or two people. We only see them on drill. Sometime.

TSgt Troy Johnson-Corrections Officer – Giddy up! If your friends with Troy on FB then enough said.

TSgt Jordan Jungwirth-State Trooper - Big smile, Big guns, Big fun, Big Cat!

TSgt Karley Holtz-Guardbum – Karley is adjusting to life as a mom with rotations to the Died mixed in. No envy there.

TSgt Thomas Orosco- Guardsmen – Rapidly losing his FB OPSEC violator award to Troy and Jordan but still lives by the motto. “puedo enviar todos”

SSgt Benjamin Casper- Airfield Manager – Another young talent lost to the lures of the AGR life style. Ben has joined us fulltime as an airfield Manager and could take the helm there in a few years.

SSgt Tyson Krug- Guardsmen – When a zero didn't step up to take a temp SQ Exec position Tyson graciously volunteered himself for paydays. And to continue to make us look better that out Squadron counterparts.

SSgt Andrew Kueffler - Guardsmen – Drew has settled in quite nicely to Guard life and the good deals are starting to flow. Asking him about his current living arrangement.

SSgt Natalie Belongie- Guardbum Extraordinaire – Always ready to go and always going. Nat takes any TDY when she is not in a wedding or on some other jaunt around the world. Sometimes you can find her bartending downtown at the cities best known Irish Bar

A1C Elvis Alvarado- Guardsmen – Elvis is out expert on insulation despite the fact that he shed all of his in the past year through serious PT.

Incoming

SRA Carla Prospere – Currently in the pipeline.

SRA Lavontia Harper – Still at the mercy of whatever we call the magical “How can we screw with people the longest” place that gets us school dates.

Defectors

Maj. Lauri Hrovatin - We’re done talking about our defectors... (3 year counter drug gig)

Maj. Paul Matthews – ...as long as they continue to take care of their crew.... (New AA pilot)

Lt Nik Ilich – and teach their newest addition to do so as well.

Stowed and Latched

The list here can get pretty long and I’m sure I’ve missed a few so I apologize in advance. A few of these last names may look familiar, gotta love legacies.

*Cheers to our newest Retirees! Thank you for your service.

“The Dark Side”

Greetings from “The Dark Side”, we have all been keeping busy with TDY’s and flying our local sorties, even more so with the runway down for construction and having to operate out of Wright-Patterson AFB for a few months. Everyone in the unit continues to work hard and play even harder. We have a few new faces and some who are on their way to retirement. All are enthusiastic and excited for their futures.

CMSgt Jeffrey “Buck” Henry (ART): Buck has been keeping busy doing what Buck does best. Riding his Harley, making sure that everyone gets paid, golfing (a little), dealing with the woes, wants and needs of his new booms, and making sure all the rest of us are staying in line. So a big Thank You to you Chief for making our jobs that much easier.

SMSgt Laura “Gunny” McKee (TR): Troughing her butt off, Laura is also attending school to get her master’s degree completed. She is also threatening she is going to get another job but we’ll see.

SMSgt Kym “Agent” “Homie” Orange (ART): With the countdown app proudly displayed on his phone Homie is, to say the least, excited for his retirement which is less than a year away. Although we all know that there is going to be a part of him that is going to miss this place something fierce. Who’s he going to talk smack to and give a hard time!? We are all sure even after his retirement it won’t be the last time we see or hear him in the boom shop.

MSgt Jerry “JerBear” Cummings (TR): Jerry has been flying all over in his home made air plane. Very cool! He’s also been busy saving people’s lives in his day time job as a paramedic and passing on his boom wisdom to the new guys.

MSgt Ken “Magnum” Knight (ART): One of our newest ARTs, Ken is on probation and has the ankle bracelet to prove it. Being confined to only speaking when spoken to, he hides in his mobility hole making sure the unit is ready to go at a moment’s notice. He also keeps busy getting in the books in preparation of possible candidacy for instructor boom.

MSgt Anthony “Ponch” Krisher (ART): Antony has managed to make it a whole year without having another child. He recently took a vacation to Florida and is now threatening to leave us and move down there. He will soon become our next scheduler here in the boom shop.

MSgt Mike “Leonard” Morgan (ART): Mike has been busy keeping the three stooges (the new guys), as he calls them, in line and on track. His retirement plans are all working out with his wife going off to OTS to get that O pay. Mike is also leaving us in the boom shop to go work at wing training. We’ll miss having him in the shop.

MSgt Paul “Piper” Sherrod (TR): Still fighting fires up in Illinois, Paul is talking retirement from the fire house in the next few years. We imagine he will be putting in some flight time the air plane he just bought. Hopefully he doesn’t wreck this one. Paul has also started a new form of hunting deer by way of motorcycle.

MSgt Joe “Trooper Joe” Swisher (TR): Another boom we are losing to retirement come December. But Joe will still be out on the Indiana highways busting skulls, so watch out speeders!

MSgt Kerry “Gump” Vanausdall (ART): Kerry has just been doing what Kerry does. Working back in planning, surprisingly enough we haven’t had an aircraft flame out from not having enough scheduled fuel. Other than screwing up flight plans Kerry been out on his bike enjoying this mild summer.

MSgt Scottie “EWO-Mode” Ward (ART): Scottie is making the move from wing training to safety. Giving him a new set of issues to get spun up about and go in to EWO mode. But we are sure that he will do a great job and keep us flying safe.

TSgt Crvstal “Stevie” Nix (TR): Soon to be Lt. Crystal “Stevie” Nix! Crystal got picked up for a pilot slot and will be leaving the boom community. Also on the horizon for Crystal is a Mrs. Prefix to her name. Congrats to her on her engagement and her future as a 135 pilot.

TSgt Jessie “Rood Dawg” Rood (TR): Troughing and gardening, troughing and gardening. That is the life of Jessie. She has also been helping get our newest booms spun up with her expertise in instruction.

SSgt Clayton “Yak” Duncan (TR): Recently retiring from the Kokomo fire department, Clayton was dragged to West Virginia by a job opportunity for his wife. By the sounds of it he loves it out there. Although we miss seeing him around the unit, we are all happy for his family’s new opportunity and cherish the time we do get to see him. Kind of...

SSgt Courtney “Sparkles” Storey (TR): Courtney is spreading sprinkles of sparkles all over the world! She is studying abroad making Italy a sparkle-ier place. We wish her the best in all her travels and hopefully she will bring back some good Italian recipes for the shop.

SrA J.T. “Raw Eggs” Marshall (TR): J.T. Got back from Altus in March and has been flying his butt off getting all his qualifications done and on his way to becoming MCT. He also incessantly looks for trash to be taken out or floors to be swept or vacuumed. If you can’t find him in the boom shop or at the gym just look to the nearest country bar.

SrA Bryan “Lamp” Lampinen (TR): Bryan also got back in March form Altus and has been flying and getting spun up in his qualifications and getting MCT as well. It seems he likes long drives seeing how often he commutes back home to Chicago. He also showed that he was a little too comfortable wearing a brassier stuffed with socks and tights while playing a rousing game of softball during our Jovan cup. Surely everyone who bore witness is scarred for life.

SrA Deborah Ryan (TR): Deb is our newest of the new booms and just got back from Altus in May and has been flying with our incredible instructors like crazy to get all of her qualifications met for MCT. Coming to us from the Med group Deb is also a music professor and has just recently got hired by IPFW. Congrats!

“Fighting Red Tags”

Another year of AEF rotations, a brief tour at Wright-Patterson to fix a minor blemish on our runway and, just when we thought it was over it starts again with a NORI thrown in for good measure. We do have a glimmer of light as GTO takes over current ops and sends a few decent trips our way. Our BOWST is up and running but we are still avoiding it as best we can. If you draw the lucky card to go TDY for our BOWST, feel free to stop by for a cold one.

CMSgt Jeff “Heffe” Maier (*ART/Evaluator*) – Back from the land of sand, and building new spreadsheets and pie charts. We always know when the chief is around if we hear Willie’s Roadhouse blasting in the boom shop. He still thinks Boxcar Willie, Johnny Cash, and Waylon Jennings are touring Europe and playing live on XM.

SMSgt Jim “Booger” Maxwell (*TR*) – Booger is enjoying life as a corporate pilot, where he’ll trust his instruments to show him the way instead of trusting his nightstick. However, Booger will keep current giving wood-haircuts as a local cop and reserve Sheriff. He is now the owner of his own airplane i.e. money pit. I guess he’s going need his four jobs to keep it flying.

SMSgt Drennen Gaffney (*TR/Instructor/Flight Commander*) – Drennen is freely exercising his rights as a private pilot, busy with his 4 girls and boy and busy keeping the girls away from guys like Stibbe. He still can’t quite see the retirement finish line unless he’s thinking about fit to fight.

SMSgt Jerry “Shoe” Schumacher (*ART/Evaluator*) – Shoe has been promoted to Senior and is now the 434th OG Senior Stan Eval Boom. He’s still enjoying all his toys (e.g. Planes, snowmobiles, jet skis) all add up to Shoe not making it to UTAs in the summer.

MSgt Tim “Monkey/C5A” Stibbe (*ART/Senior Evaluator/Flight Commander*) – Stibbe has left the building. Stib has moved to tactics and has been schooled on fly out ranges and IR signatures. He is using his new found knowledge to convince us that you can teach an old monkey a new trick. Stib is the owner, bouncer, bartender, accountant, waitress and patron/bar-fly. Of course his bar is a short walk to his basement, so no DUIs.

MSgt Doug “Mud Vein” Preece (*ART/Group Tactics*) – Mud is still working on his Master’s degree, and he usually tries to find new ways to advertise his education to all young TRs. Mud is raising his ducks to accomplish certain tasks while compiling a stockpile for the “grid-crash” and the end of civilization; Mud is our resident doomsday prepper-light. Oh...ask him how to pick up a turtle.

MSgt Debbie “Yoko” Wood (*ART/Instructor*) – Debbie is our UDM, runs our MICT program, assists Doug with scheduling, and is resident advisor to DTS-ers. Debbie is currently deployed on her vacation or some lake that accommodates her new yacht. She is also learning to be a soccer mom to a teenage girl and is a new mom to a boxer pup.

MSgt Chris “Nick” Nack (*TR/Instructor*) – Another big year for Nick-Nack! He is enjoying the married life and is a proud new father of a baby boy. Of course he’s still the trouger union chief steward and TDY adult supervision for the non-instructor Booms.

MSgt Joshua “Radio” Welch (*ART/Instructor*) – Radio has moved to current ops, and the boom shop is much quieter. Josh has lost his “J-flight” do to the other two finding a new life, which breaks-up the Rahhhhhhhh hour of music in the boom shop.

TSgt Caleb “Roadhouse” Daulton (*TR*) – Caleb is enjoying married life and keeping his distance from the boom shop these days. Roadhouse is soon to begin his new career path and has just finished his accelerated nursing degree program. Of course his patients will get 4 words of his 50 per-day allotment; eat chicken, do pushups.

TSgt Nick “Shandy Man” Obusek (*TR*) – Nick still shows off his hunting prowess but refuses to share his bounty with the boom shop. Nick returned from his first mobilization as a BO with not much more to say than “that was cool”. Always anxiously waiting for the next trip list with his fishing tackle packed and ready to go. Keep the kill pics coming Nick, maybe bring us some deer sausage once in a while.

TSgt Vicki “Icky” Maxwell (*TR*) - Vicki is still holding on to her Tech slot and dealing justice or injustice to unsuspecting toll-road violators. Hopefully she’ll violate Stibbe’s civil rights one day, as he always calls her while instigating criminal activity through her “beat” on his way to Wisconsin. Soon to be TDY at Quantico for some secret super cop training.

TSgt Rob “POSH” Haswell (*TR*) – Rob is no longer mouth breathing down in Crew Comm and is amazingly quick answering any Crew Comm related questions. Rob is now FMC and burning up the TDY highway with a case of Red Bull in his go bag.

SSgt Josh “Lamont” Sanford (*TR*) Lamont is still working in finance, not much advantage for us as yet, but at least we got a guy on the inside to make sure our pay goes through. However, he gives you the blank stare when you mention DTS help. Still driving the mid-eighties AMC Eagle, got to give him credit for keeping that thing running.

New Booms:

SSgt Scott Floyd (*TR*) We picked up Scott from CE and he has all the knowledge and skill you would expect from a CBRNE instructor. He is fresh back from Altus and still in training.

SrA Corey Beck (*TR*) We picked up Corey from McConnell and he has just completed instructor upgrade at Altus.

Lobotomized to Officer:

SSgt Erich “Darth” Maul (*DTU*) – It seems like we just picked up Erich from the 72nd, and now the 72nd has hired him back as one of their newest pilots. Maybe now he can afford his own place to live.

Losses:

SMSgt Bryan “Dork” Hettinghouse (*ORF*) – Dork has retired but has picked up part time work with CAE running the BOWST. So if you use our BOWST you will be treated with his vast knowledge and walk away with something you didn’t know before, maybe not about AR, but you’ll learn something.

TSgt McKayla “I don’t know” Dick (*IRR*) – McKayla has left us and has gone to veterinarian school in Grenada, which is the leading research institute for making prosthetics for crippled scorpions. She’d better hope Gunny Highway is still in and can rescue her; Stibbe and the other booms aren’t interested. Now she is IRR and we are hoping she may return to the 74th someday.

ANDERSEN AFB, GUAM
36TH MOBILITY RESPONSE SQUADRON
“LAND SHARKS”

MSgt Somkit “Kit” Chittakhone (AD KC-10 Travis AFB) Kit arrived here in May and was promptly appointed the “Operations Superintendent.” He’s been at it for three months and still doesn’t know what the “F” he’s supposed to be doing.

(T)Sgt Aaron M. Burk (AD KC-10 Travis AFB) Aaron made Tech this year, but refuses to buy the kegs o’ beer. He’s also still trying to convince the bosses that he can lead a Contingency Response Team to U-Tapao. Burk’s DEROS is coming up next year, but he’s hoping that his KC-46 application gets approved well before then. (Hint, Hint?)

HURLBURT FIELD, FL

MOBILITY OPERATION SCHOOL DETACHMENT 1

MOS DET 1

Greetings from sunny Hurlburt Field, FL. We are your friendly tanker guys surrounded by AFSOC snake eaters. We do our best to teach and train the best tanker planners in the world that go out to the AOC's scattered to and fro. Without further ado, here is our line-up...

MSgt Blaise Rohan- Blaise came to us via McGuire KC-10's in January. He's getting all spun up as an instructor and he and his family are settling in nicely. He's our "Mr. PT" guy and our lone enlisted tanker dude...BTW...he thinks slinging tires and climbing rope like a monkey after the last banana on Earth at the X-Fit course here is fun...SICK PUP!!!

Mr. Rich Geraci- Rich, while not an instructor, is an integral part of our team here...He makes sure all of the systems are up to speed and when ANYTHING bad happens, he's there to fix them...well when he FINALLY shows up!!! He can usually be found at any of the local car dealers, trading in a vehicle he bought last year...

Mr. Devan DeBarr- Retired out of McGoo airplane patch in 07 and lighted here in 08. Devan can usually be found at any one of the local fishing piers or on his boat chasing Holy Mackerels. Argh matey's...he be a charter boat capt'n real soon...

Other Booms in the local area:

Dr. Van Gibbs- Those of you who know him, love him...he's down here working for Lock-Mart.

Mr. Chris Hargett- Retired last year...last seen driving the same pick-up truck he had in high school...Working at the Ed Center on base...Doing well...

MSgt Luke Mullins- Over in Panama City as the NCOIC of Tanker Plans for AFNORTH...Former student and Good dude...

Well...that is all from us here...anyone ever down this way, the beaches are open and the beer is ALWAYS cold...

JOINT BASE MCGUIRE-DIX-LAKEHURST, NJ

2 ARS

Greetings from the Duce! We've had a busy year, finishing up our 90th Air Refueling Anniversary, several new booms getting spun up and ready to deploy (despite a large number of DNIF's) and some newly-upgraded Instructors coming online too. If you ever end up in Jersey, come see us and get hammered in the Duce Ready Room!

CHIEF ENLISTED MANAGER:

SMSgt Piazza – SMSgt Piazza (formerly from Travis and OGV) is now here to fill in for Chief Redden. He enjoys his new hand-me-down office, filled with Chief stuff and a cool whiteboard he likes to draw on. He has awesome stories about Brett Brown (“Vis Extensa”). We really have no clue how long we're stuck with him, but in the meantime, he has some cool ideas on fundraising for the MBOA.

CHIEF BOOM:

SMSgt McPeak – Todd “The Geek” McPeak! Every day is “bring your kid to work day” when The Geek is in the office! We've all seen his kid here on a daily basis since summer started. He spends his free time mentoring his kids and others at Boy Scout events. He is still working on making Chief, and putting his resume' out there for life after the Air Force.

OPS SUPERINTENDANT:

MSgt Lightner – Shawn was garnered as 305 AMW's SNCO of the year, and he handles the daily admin side of the house and basically lives in his office. He realizes he should have probably received a degree in therapy or counseling because there is always someone at his door needing to talk about something (that's what he gets for having an open door policy). He is missing the CoE 0730-1630 office hours, and forgot how revolving the flying schedule is.

A FLIGHT:

Flight Chief - MSgt Hampton – Heath recently started IB school! I'll let that sink in for a moment... He also screwed up his leg racing his kids up a hill. When he's not reading the latest Game Informer in the office, he spends his time trying to get an hour or two of PS4 or Xbox One in before his wife beats him up. His next job will be Chief Boom in Dhafra. Have fun with that one.

Flight Supervisor - SSgt Marquez – Mike divides his time between getting shafted on good trips and deployments. Typically seen behind a computer or bantering with Rogers, he's still upset he didn't get to drink at the Squadron Xmas party because of a short-notice deployment to the middle of nowhere.

A1C Ploof – Tyler a.k.a Jiggly Ploof is a newlywed, and pissed off his supervisor because he didn't even tell him he was getting married. He recently completed Honor Guard and is getting ready to complete his second desert tour. He also tricked everyone and had the CC tag him with SrA only to find out he wasn't pinning on for 3 more months....yeah blame it on MPS...really dude!

A1C Martonik – Kurt spends his time sucking up to the NCOs in the Squadron and trying to get a good deal trip. When he's not competing with Sweaney for best student, he spends his time slaughtering wildlife with a magpul'd AR in PA. Kurt just started his first deployment; have fun with your new summer home!

Flight Supervisor – SSgt Mitchell – Marcus was going to VSP, but that debacle being what it is he reenlisted instead. Currently deployed, we can't wait to get him back so we can overload him with EPRs and new baby booms. Hurry up! because leadership is tired of babysitting your flight.

A1C Hogan – “Sterling Silver” Hogan is still scared of water and recently discovered a newfound love for the scenic, radioactive NJ coastal waters (as long as he's not in them of course). He tries to lift with Drummer but makes “insignificant gains” in the gym and can't compare. Hogan is finally almost done with training and is undoubtedly looking forward to his future home at Dhafra.

A1C Gribauskaus – Shrek is older than most of the Airman in the Squadron (and some of the NCOs too), but loses to Foote for the title. He also rivals Chrisman for the amount of useless knowledge he so readily shares with everyone, but he doesn't annoy or belittle students (yet). Fun fact, Gribauskaus is married! Who'd have thought?

A1C Hodge – Stephanie finally started training late last year and just finished up. The rumor mill is strong with this one; word is she likes to hide from work and disappear in the Squadron when she actually shows up. Recently sent over to Honor Guard, she's finding new ways to keep herself from showing up!

A1C Bush – Bush just got here a few days ago; we're all trying different ways to corrupt his young, innocent soul, but the jury is still out on how successful we've been. He's still in-processing and getting spun up around the base before he starts training, but we predict he'll be an above average boom and a below average psychotic.

Flight Supervisor – SSgt Benson – Jeff (Bennings) has helped out a lot by writing this and last year's edition of the boom signal. Jeff is currently proving to the world that he is a good instructor, and is relieved that he is no longer the squadron UTM after 3 years of filing paperwork and tracking data. Jeff spends his free time hacking into the matrix, visiting his wife, and buying as many firearms in preparation for the apocalypse.

SSgt Upegui – Juan is still the winner of “resident illegal immigrant”; the guy has a voice like the old Columbian Coffee commercials, only without the hat and the blanket. He's almost ready to supervise someone, and waits patiently for the day he can usurp the title of Flight Supervisor from an unwitting NCO.

A1C Ayala – Marco just had his leg cut off. Well, part of his leg. Constantly on leave, his recent surgery DNIF'd him, meaning he's now the go-to guy for the Scheduling Office, Mobility, Safety, Janitor, Detail Airman, etc. Rumor has it Marco likes to hunt for cougars on the road. How's that new golden-mom girlfriend Marco?

A1C Brundige – Ashley hates pretty much everybody in the Squadron. When she's not brooding at a computer screen or eating her breakfast at the boom table, she dreams of retraining to Medical and a PCS to Vegas. It's a nice dream Ashley. It'll never happen, but it's a nice dream.

A1C Spero – Ryan is a relatively new boom in the Squadron and is almost done with cargo training. Fun fact, J-Rob can't stand him because he likes to question his Instructors. When he's not trying to outthink the rest of us, Spero spends his time in the Squadron pretending to do CBTs and getting made fun of by Benson.

B FLIGHT:

Flight Chief – (M)Sgt Rickenbach – John is just back from his first deployment in the 10! He’s the one who gets all our Squadron mugs and beer steins and helps keep us perpetually wasted. John’s next in line for upgrade and he still might be able to get certified before Hampton.

Flight Supervisor – SSgt Mould – Brian is thrilled to death to be a flight supervisor in the Squadron, and has been christened “Bulldog” (not to be confused with our local “Port Dogs”; they don’t like his nickname); don’t be overdue on currencies or you’ll see him charging into your section with your ITS in one hand and a strong desire to decapitate your soul in the other. He’s still the only white dude in the Squadron with a shaving waiver, which was recently extended to last a whole year. Can I get one of those?

SSgt Murray – Patrick is our resident cynical realist. He’s on his first deployment and probably already hates Dhafra. He did increase morale by donating his XBOX 360 to the boom room. He is spending his free time prepping for fantasy football because MSgt Lightner started psyching him out.

SrA Edmonson – Joe is trying to grow his hair out like Bean. We can definitely see the product bro! Joe will be joining the mobility team soon, and still reminds his twin every day that he has the better job because his twin wasn’t able to become an operator and works in a warehouse somewhere. I think they should switch nametags because the unqualified Edmonson couldn’t do much worse.

A1C Johnson – Uriah has a knack for overthinking just about everything and confusing himself in the middle of a conversation. When Benson isn’t giving him a hard time, Uriah spends his free time posting his latest food and smoothie creations on his Facebook page. It’s okay Uriah, take a breath man.

A1C Pearson – “Kit-Kat” Pearson is a spry 27 year-old A1C who decided that pilot training would take too long, so he became a Boom instead. Kit stated he has “a complex mathematical equation that prevents him from scoring with chicks” that makes him the envy of all nerdy Diablo 3/World of Warcraft players. His favorite drink on the road is a Strawberry Daiquiri...how sweet!

Flight Supervisor – SSgt Drummer – Hogan’s older brother, Mitchell came to us from the ATOC world and lives by the motto “No Time for Games, Only Gainz!” When he’s not sneaking out of work and stacking on the plates with J-Rob, Hogan, Bean, and Thomas, he sits in the back corner of the Boom Room playing on his phone waiting for something to do.

SrA Scott – Aaron just tore something apart in his knee, and we’ve been hearing about it ever since. Our new Squadron penguin (our new Patesel). He spends his free-time smoking cigars and watching Netflix in his shed (just a ploy to hide from his wife).

A1C Dahl – Dylan is the cockiest little boy you’d ever see, and he certainly looks the part. Everyone in the Squadron still thinks he’s a kid. Dhafra tried to send him back for being too young to deploy. Word on the street is he’s an average hockey player. Fun fact, Dylan decided he didn’t need an instructor help him get his fighter cert, so he flew by himself and managed to not punch holes in the aircraft! His only failure was he didn’t know how to use AMCART. Way to go Dahl, way to go.

A1C Jakab – Daniel is our new Squadron muscle-head. Opposite of Dahl, Daniel looks older than he is! He spends enough time in the gym that he can lift just about anything but he can’t figure out how to make the copier work. FYI, steroids don’t help your brainpower. Daniel is finishing up his cargo training before he heads out the door for his first deployment.

SCHEDULING:

NCOIC – TSgt Thomas – Mike is fresh out of the CRW and back here at the 2nd. Apparently they stress professionalism over there, because LORs, “use your chain of command”, and “read the little brown book” have all been beaten into the Boom section ever since he got back. If Mike isn’t avoiding his job (“delegating”) in scheduling or beating us over the head with the PDG, he’s talking about LeBron or his shiny new PS4.

SSgt Foley – Chris is a new IB in the squadron, and I think he’s regretting that. He has been on the road ever since, and catches up on Taprs during his free time. Hang in there buddy! For a ginger, he spends a lot of time outside in the sun. I think he is looking forward to his annual full body examination.

SSgt Reynolds – Patrick epitomizes “Silent Professional”. Seriously, nobody ever hears the guy speak more than three words. Pat is one of our newer instructors. His new job in scheduling makes sure he rots behind a computer screen all hours of the day. Recently promoted to Staff, his wife just stepped aside and let Thomas knock him down when his stripes were tacked on.

SrA Robinson – J-Rob a.k.a Rufio, is another one of our new instructors and immediately went to Scheduling. Known for loving Benson, he’s one of our hilarious Squadron alcoholics. He sits the Scheduling desk a lot and is probably the most gullible boom in the Squadron.

SrA Doane – Another one of our booms who knows too much and can’t wait to tell us everything about the jet, Brian is on the horizon for Instructor upgrade. Yay! Currently he sits the Scheduling desk and in true “I wanna be an expert in everything” fashion, spends half his day asking Thomas how this or that works, and spends the other half in the continuity guide. When he actually schedules something, we’ll let you know.

SrA Bean – Kyle just finished his first 10 deployment and loves to talk about his girlfriend (and her shortcomings) at work. Bitching about the laundry seems to be the most popular topic, with closet space as a close second. Bean is one of our PTLs that never actually goes to Squadron PT. Just don’t interrupt his scheduled snack times as it’s like taking a bone from a dog.

TRAINING FLIGHT:

NCOIC – SSgt King – Melissa recently came back to the squadron from Current Ops, and we put her in charge of training. She frequently misses lunch to work on training waivers because all her students keep going DNIF. Hang in there Melissa and learn to pack a lunch.

SSgt Chrisman – Joshua is the most hated boom in the Squadron, but he doesn’t know it (he probably does now)... “Nugget” got his instructor cert and has a knack for making his students hate him. Rumor mill says he’s going to Stan/Eval. Josh spends his free time leading on his six-year girlfriend with the promise of eventual marriage and working on his never-raced cars. One of our recently-retired Engineers claimed medical disability for “deploying with Chrisman three times in a row”.

SrA Rogers – Sam is working on her Helo Pilot’s License and finished instructor school as a DG; who said girls from California aren’t smart?! Sam is our resident party girl and argues with Marquez and Thomas about relationship wants, camel fights, and who knows what else on a daily basis.

STAN/EVAL:

MSgt Rissabute – Saksen (lovingly known by Crew Chiefs as “Rizz the Jizz”) just finished up a CRW tour in Guam and is finishing up his last few months before retirement here in the 2nd. He’s our Squadron “Bruce Lee lookalike” and is considered by most to be a “walking KC10”. In other words, he’s super old and knows too much. He occasionally wanders out of Stan/Eval to talk to a Pilot, but can usually be found in his natural habitat (his desk) at Stan/Eval, near the corner, next to the window.

SSgt Giles – Matt can’t seem to stop getting his wife pregnant. He has a second kid now and still finds time to make delicious beer! He’s a recent addition to Stan/Eval and will (hopefully) keep Chrisman from going on a whacked-out power trip, or at least balance it out. Besides making babies and beer, he is known to make a mean turkey “sammy.”

SrA Sweaney – Ian is halfway through his first 10 deployment and gets to be a SELE when he gets back. Ian earned SrA BTZ and gets coined by a Colonel or General at least once a week. You should definitely check out his prized collection but you are only allowed to touch them if wearing gloves. He definitely has a small fortune in scrap metal piling up.

SAFETY:

SrA Aldrich – Shawn is another quiet guy in the squadron as he says just enough to progress in the career field. He keeps putting in hours and will be going to IB upgrade in the near future. MSgt Lightner still can't pronounce his last name, so he just calls him by his first name. The guy never talks, so nothing else to report.

MOBILITY:

SrA Foote – Turner recently started a mobility career, but deployed before he learned anything. Turner spends his free time with his daughter, and when he's not arguing with his neighbors he's looking for the perfect woman on Match. He tends to vent all his frustration to fictional characters on social media, but doesn't open up with his co-workers. It's okay to ask for a hug buddy.

CURRENT OPS:

SrA DeIToro – Joe recently joined OSS and changed his name. He can't talk without laughing, and leaves everyone else wondering what he said and why he thought that was funny. Joe spends his time perfecting his New York accent.

PCS'd/PCA'd/Retired:

CMSgt Redden – Chief Redden is deployed right now, but when he gets back he'll be up at the Group doing Chief things.

MSgt Patesel – Yep, Patesel finally retired!

TSgt Taylor – Chuck moved over to Test/Eval in June. Good luck with your new assignment!

MSgt Hill – Kevin is moving up the ladder to AMC soon, so chances are we'll see him during a SAV down the road.

SSgt Darby – John Darby, PFS! John is making a move across the street to the 32nd. See you on the road dude!

SSgt Jennings – “Jenson” is taking his Benson-lookalike self over to the 32nd to help their boom force recover.

SrA Sims – Jeremiah is leaving us for the 32nd... That's really all we have to say.

SrA Rivera – Julia palace chased to the reserves at Travis and is missing her bestie/roommate Samantha.

JOINT BASE MCGUIRE-DIX-LAKEHURST, NJ

32 ARS

“LINKING THE CONTINENTS”

SMSgt Jeremiah “Doc” Love – Back in the 32nd as chief boom this time, usually in his office reviewing EPR’s and 1206’s or at one of his many appointments since he’s been DNIF for so long. The rest of his time is spent dropping gk knowledge bombs on the airmen or talking about the Florida Panhandle. Deep down at heart he’s still a crew dog.

Warrant Officer (aka “Chief” to us in the AF) Damien Brown – Our exchange boom from down under. He keeps himself gainfully employed on Friday night heavy weight locals...yes, HIS choice...and we keep him busy syncing the three major shops in the unit. He’s always keeping us on our toes with proper use of the English language, but we keep telling him it’s America! We still don’t know what uncurrent means.

MSgt Mark Barnette – Somehow we lost Mark to the Wing XP shop, no one really knows how or why, but we want him back! Unfortunately, it’ll be some time before he’s back wearing blue and white. In meantime he keeps playing Jedi mind tricks on the “O’s”...it happens so subtly, they don’t know what hit ‘em!

MSgt Rick Dorsey - When he’s not cracking the whip on check rides, you can find him mentoring the new booms, and when he’s not doing that, he’s always doing something to ‘improve’ his house. He’s done it to so much we think he’s effectively built his own house.

MSgt Justin Pascoe – Just returned return from an extended stay in the sand and just in time...the family is expecting a little one in just a couple of weeks! Congrats!

(M)Sgt Dan Cykewick – The mobility master! He’s been doing an outstanding job running the combined 32/2 ARS mobility office and taking quite a few awards in the process. Unfortunately, Dan has to move on from being a boom, which is a big loss for the boom community! Dan just remember, you’re always welcome to come hang out around the squadron, MOBA meets, you name it...once a boom, always a boom!

(M)Sgt Jake Dieter – When he’s not tearing his hamstrings on the soccer field (yes...he has torn both of his hamstrings so far) he’s beating up new booms at the FTU. We don’t see too much of him around the squadron since he departed for the schoolhouse, but there is an occasional sighting.

TSgt Tim Land – Our squadron’s jump master! We hardly see him when he’s not teaching MCT, so a quick trip to the local drop zone is probably where you’ll find him...oh wait, he’s a family man now so his jump goals have been delayed “slightly”. Haven’t seen him that happy in years! Ask him how he got the name “Papa Bear”.

TSgt Steve Porter – Quite guy and loves working on cars. Recently married (yes, he still has his Trans Am and a few other “toys”) and just moved to Mobility.

(T)Sgt Javier Mendoza – We pulled him over from that “other” squadron and he’s been doing great things for us. Setting the new booms on the right path, when he’s not jumping out of perfectly good airplanes with Tim Land.

SSgt Josh Houston – Always talking about guns and how he wants nothing more than a PCS to Scott...even though he’s from Tennessee. Going to IB upgrade soon.

SSgt Ryan McFadden - The basketball superstar of the squadron without a doubt is Ryan. It’s crazy to watch him break the ankles of other booms...it’s not so fun when we’re the one he’s dancing around. Unfortunately for us Ryan is switching patches and going to the part-time side with the 78th! Very sad to see him go, but very happy the community gets to keep a great instructor!

SSgt Alex Pugh – We’re not going to say anything about him in here because he’ll be sure to let you know about it when he’s not giving a check ride or out smoking.

SSgt Alex Meeds - Still loving life as a Boom Operator...when he’s not chopping off his fingers. Stop trying to be like Guy Fieri!

SSgt Jason Mellein – Jason keeps quite busy on the road and keeps the pilots in check in the squadron’s front office. Never seen a guy work so hard to take leave, apparently it’s not as easy as requesting leave and buying tickets to get to Africa...just ask him.

SSgt John Darby – Another add to the great 32nd crew and received the warmest welcome with an immediate trip that he was no-noticed on...welcome to the team! John is quite enthusiastic and always has a smile on his face.

SSgt Ken Pryor – Ken moved to Wing Tactics a few months ago and now we hardly see him...even though he still works in the same building. Great boom and hated losing him, but it was time for him to move on...

SSgt Aaron Siegler – Very sad to see Aaron depart, but he wanted to head back home to Michigan...we’re still confused on why, especially since he’ll be “flying” in a box with the new RPA unit. Honestly, we don’t think it snowed enough here for him here. Best of luck Aaron!

SSgt Adam Sochia – Has more kids than he can count. When he’s not counting kids, he’s always on the road so he can pay for the kids. Currently in IB upgrade.

(S)Sgt Philip Gordon – Has one of the fastest cars in the squadron, when he’s not stalling it. Going to IB upgrade soon.

(S)Sgt Andy Keiser – Let’s start with the good...guy goes into ALS, takes it by storm, and finishes with the Levitow award! Now for the bad...um, well there isn’t any...unless you want to pick on him for his MX background. Andy’s been receiving accolades from all over the place, even from pilots we forgot existed. Keep up the great work!

SrA Ryan Calvin – Instructor Extraordinaire! Never in the office because he’s always corrupting...we meant flying with our new students.

SrA Derek Fredrick – Another one of our booms that is always smiling and having fun! Keeps the atmosphere light and always on the road.

SrA Victoria Phelps – The longtime resident of the mobility shop that’s about to be set free as she departs for post AF life...we wish you the best!

SrA Chris Register – Just welcomed a little one into the family and graduated IB school all about the same time. He’s very excited to start teaching the new booms....

SrA Patrick Donavon – Unfortunately, Patrick hasn’t been able to fly for a while...we’re just glad he’s OK! In the mean time he’s been busy cleaning up the awards and decs shop...he has it running like clockwork now! Just got married and chomping at the bit to fly again!

SrA Elliott Hartle – Our very own penguin boom. We can’t remember the last time we’ve seen him step foot on a jet. Unfortunately, he’s been flightless for some time, but there is light at the end of the tunnel. He’s still the oldest Airman in the Air Force.

SrA Dan King - Constantly pestering the Chief Boom for great trips, but finds himself elsewhere (how’s that working out for ya?). Can’t decide if he wants to stay in the Philly area to be a cop or head back to the Left coast after he’s done with AD life.

SrA Joshua Krueger - # 1 interior designer boom at McGuire AFB. When he is not fixing up his room to look like Martha Stewart’s house, he is on a farm driving a tractor. Great guy and we hear lots of good things from his crews.

SrA Alyx Revell – He’s 22, acts 85, but looks 12. He still thinks his “mustache” looks cool but it gets creepier every day. Another one of our quieter booms, but throws the jokes out there once you get him going.

SrA Jeremy Sears – SrA Sears has the heaviest lip in the Air Force. When he gets excited about something his words get jumbled up, so have fun trying to understand what he’s talking about...just ask him if an Oreo is a cookie or wafer and let the fun begin.

SrA Hannah Byers – You always know how far south you are by the number of times she says ya’ll in a sentence. She’s either deployed or on the road and is always happy to get out of McGuire.

SrA Andrea Ruan – Apparently she doesn’t spend enough time on OCONUS TDYs, so she recently took leave to go to Greece, had a blast, and has more OCONUS leave in the forecast. Just got back from her first deployment and can’t wait to go back.

SrA Bryce Smith – He’s still in the squadron??? When he’s not flying a mission he’s deployed and when he’s not deployed he is flying a mission. I honestly have no idea where he is right now...but we keep hearing great things from all of his A/Cs, so he must be doing something!

A1C Deandra “Shay” Draft - She is as quiet as a church mouse. So quiet in fact, that she got married and no one knew it for months. Regardless of what’s going on, she always has a smile on her face.

A1C Challis Johnson - She’s usually one of the quiet ones, but get her going and she’s one of the guys and always has a joke or two to throw in there.

A1C Miguel Lanusa – When he’s not losing both sets of flight frames while TDY to Sigonella, he’s making up stories about how his wife likes to beat him. He’s currently on his first deployment and doesn’t like when the A/C cart isn’t at the jet...

A1C Anthony “Don’t call me Tony” Velasquez- He likes to point out the obvious. “Did you guys know Travis has KC-10’s, too?” thanks Tony.

A1C Chris “Spoons” Witherspoon – The other basketball superstar of the squadron. Always talking about something no matter what the topic, he’s always right...65% of the time.

A1C Will Mensah – Yet another unfortunate loss for our unit. Talks a lot about some girl back home, we're not sure if she exists since they're always on and off again...last we heard they're doing well, but we still haven't seen her; he still claims she's "back home" in Georgia.

A1C Dante Taylor - A1C Taylor likes to claim things by saying "That's mines."

A1C Cody "Chester" Bizily – Always late but always on time in his own mind. Currently in MCT.

A1C James "Bulbasaur" Balsler – This guy is always talking about nothing. His PGA golf skills are the bee's knees and I hear the Columbus Crew MLS team is trying to get him to play for them. We all hope that when he gets famous he won't forget about us..

A1C Raiah Green – She just got here and started Flight Safety.

A1C Amy James – Likes to judge people who eat honey buns and has a brother who "knows" everybody in McGuire AFB. She starts initial qual very soon.

Freedom's Spirit

SMSgt Joe (let's go to Tadai's) Jones, EB (Chief Boom) – New Chief of the Shop, Joe keeps himself busy on trips and following broken tails around the system and posting it all on social media, all while still trying to finish up his CCAF.

SMSgt Tige (Tiger) Platt, EB (Asst Chief Boom) – Tiger is working down the shore as a fire fighter and at the BOT. We are wondering how he's managed to land not one, but two dream jobs and still manage to fly every good trip that comes along, we assume it has something to do with all those "meetings" he has with the Wing CC.

MSgt Dan Timko, EB (Stan Eval ART) – Dan, when he's around, is busy keeping Squadron Stan Eval in tip-top condition. He's begun talking to himself, but hey, he's much happier now that he's out of scheduling. Occasionally he can be found in the corner coughing up hairballs.

MSgt Garrett Rayno, EB (Scheduler ART) – He went from a flip phone to smart phone when he discovered scheduling emails can be sent on the fly, and we haven't seen him since. Oh the marvels of modern technology! Currently gearing up to deploy and we have never seen him smile so much.

TSgt Shane Lester, IB (Training ART) – We couldn't tell if he had defected to active duty, but now realize he was gaining valuable experience in training (Read: Selling his soul for orders). He has been selected as the newest ART. Welcome aboard...and get that MICT checklist completed!

A – FLIGHT

MSgt Dean Reck, EB (Flight Leader) – He owns a Halloween costume store (yeah for real) and a whole lot of property in PA. In fact, if you ask him about kidnapping, the police firing shots, and crashed buildings, he'll tell you a story that's actually true...and BTW he just became the newest 76th evaluator Boom Operator.

TSgt Markos (The Greek) Moriatakis, IB (Asst Flt Ldr) – Our go to Greek Man, he is hard at work as a mechanic for America West, I mean US Airways, ...nope now it's American.... Still has the best looking chest in the squadron, attend any party and you will see it too.

TSgt Vince Samuel, MB – Vince has been transferred to Homeland Security in NY from the Pentagon Police Dept. We are pretty sure that they are just trying to keep a closer eye on him. Still our Go-To guy for cheap chopped cars.

SrA Mary Pillion, MB – She's back in school and doing well, although we can't determine whether she is living in an actual apartment or squatting in a construction zone.

SrA Erika Swinesburg, MB - When Erika first came to us and asked to be a boom we told her, “Don’t hold your breath”, well she did and ended up passing out in the boom shop. We felt so bad we gave her a job. Gets so excited when she flies, she just throws up all that excitement too!

SrA Fenton, MB – Touch - and - go Fenton was here and left so fast that we didn’t even get his first name...say “Hello” to the *Left Coast* for us....

B – FLIGHT

TSgt Vic Torres, MB (Flight Leader) - When Vic isn’t leading the squadron in PT sessions for fun he can usually be found helping the younger booms with math, and if you believe that then I have a bridge I’d like to sell you in Brooklyn. Vic tells us he is a cop up in NYC, but judging by how he talks on the radio he’s actually a sex hotline operator. Well, that and Tiger told me, apparently he called. He said that’s actually how the two met and became close friends. All for \$1.99 a minute!

TSgt Phil Culotta, IB (Asst Flt Ldr)- Phil recently got married to a girl who obviously has no clue how insane Phil can be when he throws a few back. His new wife had to paint the house numbers on his home in GIANT letters so he doesn’t go to the wrong house and get arrested.

TSgt Kevin Howard (Be Thy Name), MB – Kevin is a master at getting that ride and favor from you that you didn’t offer. The only Boom Operator that has never even driven a car but could teach you how to “wax on and wax off” on someone else’s car.

TSgt Jay (Trooper) Rosa, MB – Jay recently retired as Pennsylvania State Trooper, and if you’re into dancing he can be found at...Currently he is sucking up as many RPA orders as possible now that he has a lot of free time.

SrA Andy Saladin, MB- Who the hell is Andy Saladin?! No seriously...as I was typing this I realized I haven’t seen him in months. How is he still current?! If anyone sees him give us a call!

SrA David (Beavis) Sebra, MB - Dave recently completed a self-discovery journey where he didn’t come to work and relaxed on the couch with his friend butthead watching MTV and getting into hilarious situations and hi-jinx. It’s good to have him back though.

C – FLIGHT

SMSgt Kevin (The Talker) Locascio, IB (Flight Leader) – Kevin made it back to PA. Pet smart decided to promote him and paid for his move...or maybe the great state of Georgia did...we’ll never know! Ask him what it sounds like when someone in their 40’s tries to run around and play soccer like someone in their 20’s...

TSgt Bill (New Tackleberry) Simurra (Asst Flt Ldr), MB - Bill recently got hired as one of three cops in a small NY town, and now follows Puch around trying to learn his ways. He recently got the credo “I’m a cop” tattooed somewhere on his body. Just ask him to see the picture of “Fat Bill”.

TSgt Todd (Tackle Berry) Dallman, MB – After numerous police car accidents in the Allentown area, Todd decided to hang up his badge and pursue other endeavors...He was smart enough to get the city to pay for his training and brave enough to follow his dreams...”Wanna buy a gun?” Still constantly being watched by the NSA.

MSgt “Carlos” (El Cubano) Jurjo, FB- Carlos just recently came to us from the AirEvac squadron and is progressing through training well. Currently running a money laundering business on the side.

SrA Mike (Beautician) Coll, MB - Mike is currently enjoying his job at the local coal mine, working 500 feet underground without phone reception, or at least that’s what the scheduler thinks since he can never get a hold of him. Turns out he’s actually a hair dresser in Philadelphia.

SrA Alvaro (Shackles) Fable, FB - Fable is another one of our newest booms, and after a year in training is looking forward to maybe getting night fighters to become an MB. After his first few TDY’s it became apparent that Fable can’t wait to get back to his civilian job as a big game hunter.

SrA Brian Kelly, FB- Brian went from working with the U-2's to being a boom operator. Just recently graduated from FTU. Nobody knows much about him since his history was erased after leaving the U-2's.

D – FLIGHT

CMSgt Bob (Poker guru) Culbertson, EB – Bob retired from the civil service world and accepted employment as an instructor at the BOT. He still likes poker, but is dismayed at the closures in AC. He's still the only boom that has been in all 4 squadrons and OGV at McGuire. Probably because everyone gets sick of his S**t.

MSgt Chuck (The Angry Ex Cop) Puchakjian, MB – Puch spends his days telling the younger booms what it was like to dangle a hose out of the Question Mark and reminding everyone that he used to be a cop. Currently waiting on a waiver for age, since a 82 year old Boom Operator has never existed.

MSgt John (Old School) Kajtor, IB – John has never been so happy since he now flies as a line boom. Currently the only Boom in history that has never attended an entire drill weekend in a career.

ATTACHED

SMSgt Jimmie (Mr Crabs) Rush, EB (ART) – Chief of Stan Eval. We believe he's still married, although we're still not sure how many children he has. What other secrets does this mystery man have?

SMSgt Kim (The PHD) Asewicz, EB (ART) – Current Ops has sucked her in and except for flying locals we rarely get a glimpse of her ... but she's kept us with locals and trips to fill even through sequestration!

SMSgt Aaron (Stewardess) Hendrick, EB – Aaron is a flight attendant (don't call me Stewardess) for Continental Airlines, errr United. He spends a lot of time down in the office, and is in the lead for being on the most "bad boy lists". Most seasoned member of the mile high club.

FAREWELLS

MSgt Gary (I'm going Hunting) Kozusko, MB (Retired) – Chugging away as a Sherriff Deputy in North Jersey. He never misses a hunting trip.

TSgt Devon Jarvis, MB (Commissioned) – Devon accepted his commission and left to fly RPA's...Who in their right mind would trade our job to sit in a box up to eight hours at a time and stare at monitors??? Anyway, congratulations on getting your butter bars, Sir!

SrA Mike Shea, MB (Commissioned) - Mike recently finished OTS and is on his way to pilot training. He's been so busy he stopped working out and got skinny. Just kidding, he's still the size of a mini-van. He recently quit MMA before he got hit in the head too many times and did something stupid like quit being a boom...

“TIGERS”

Chief Marvin “The Great and Powerful Oz” Nichols - Well, it’s finally happened – Hell has frozen over, and Chief Nichols retired this year. The Chief was here for a lo o o o n g time, and his positive influence will be with us for a long time, too. Best Wishes to you in retirement, Chief, and Thank You for everything. We did send him off with a proper Tiger goodbye; ‘So Long Asshole!’

Brian “Killer” Kilpatrick - has accepted the dubious honor of new Chief Boom! Congrats to him. He’s settling in to his new role, but is still anxiously awaiting the day he can retire and enjoy life flying his own plane.

Mike “Sly” Sylvester – Managed to help the Stan/Eval squeak by the Mother-of-All-Inspections – we did well! – and is now stepping aside to take a break and let the new kid take a stab at it. Good Luck, Dave! They’ve got all kinds of ‘projects’ lined up for Sly……. Safety NCO is NOT one of them!

Dave “Good Deal” Falkowski – Helped the Training Shop do very well during our UEI, and will be heading up the Stan/Eval section next. That means we’ll never have another night time check ride here again – who wants to put up with a debriefing long enough to qualify as a ‘sleep-over’ ?!

Tom “Tron” Miller - STILL holding down the fort in the Tactics shop, and helping out as one of our Evaluators. Keeps Verizon up and running when he’s not here with us. And he can dance! – you should see him!

Jose “I’m still heeere!” Rodriguez - Still with us! We get to see a lot of Jose, thankfully, as his job with the State gives him a ton of Mil Leave each year. EVERYbody loves Jose. NOBODY can understand a THING he says!

Jennifer “Jen-Only” Bowen – Works in Current Operations, finding us airplanes to refuel and working with MX on all the configuration plans/issues. Her ‘Jersey Girl’ skills, it turns out, are perfect for this task! Our Vice Wing Commander calls her the ‘Momma Boom’. And believe me, you’d better do what ‘Momma’ tells you!

Marshall “The Pied Piper” Rice – Keeps very busy organizing all types of fun extra-curricular activities for our younger Booms. I guess that’s what he’s up to – hardly ever see him! He’ll be at the helm in our Training Shop now, and he’d better eat his Wheaties; we’ve got 4 new Baby Booms headed our way.

Miguel “Billy” Badillo – Our resident Scheduler. I don’t know where he’s going all the time, but he ALWAYS looks like he’s practicing for the Speed-Walking Olympics. And when he’s got some paper or a clip-board in his hands, he walks even faster! BUSY BUSY BUSY! WORK WORK WORK!

Don “I can’t find my glasses” Smith - Still our resident crime fighter, Don comes and goes, plugging along and filling holes in the schedule. Works with the P.D. at night, sleeps in the auditorium during Roll Call.

Patrick “O Canada” Ogle- Pat seems to move as fast as Jose talks! He’s always going. Still commuting from Canada, still deploying, still working the Bravo line, and still doing a great job for us. We’ll be keeping him even busier now – Pat recently became an Instructor.

Shawn Foren – Works in Scheduling with Miguel, trying to keep us all current. Apparently, Shawn’s making his own Viagra at home – his wife just gave birth AGAIN! Think he’s up to 5 now. Hoping he takes a break; otherwise, he’ll have to start adding wives! And leave Miguel alone – tissues are getting expensive!

Ken Stoddard – Recently started his own Kettle Corn business, helped us out a lot in ‘the Good Ol’ Days’ with our Bravo commitment, took a job showing the boys down at Boeing how to build airplanes, and has done some acting – for real! Yeah, yeah, yeah - just don’t forget the corn during the UTAs, Ken!

Brad “Seriously?” Caruso – Busy wringing the last drops of \$ from the Bravo deal, and working on becoming a Bona Fide Law Enforcement Officer. As long as he isn’t tasked with apprehending 3-year olds with hockey sticks, he should be able to avoid serious injury.

Vince “Captain America” Stokes – Helps out with the Bravo stuff while furthering his education. His hobby seems to be bending sheet metal..... by driving cars into things. Now he’s got a Mini Cooper. Think your smaller car will help you avoid more obstacles, Vince?!

Brian Kelly - Helping out a lot in scheduling, and learning so much there. Mostly ‘to-not-to’ s, but at least he’s learning something! Still too new and (mostly) quiet for us to have any real ‘dirt’ on him, but he does work in scheduling – where many things seem to ‘come to light’ (right, Shawn?). Stay tuned.....

LeighAnn Schuster – Thanks to the miracle of Palace Chase, we were able to steal LeighAnn away from our Active Duty friends down there in Alabama. LeighAnn’s an original Jersey Girl, so it didn’t take her long to fit in here. The only thing that doesn’t fit in is that ‘Bless yer Heart’ stuff she says to us all the time.. Going back to school to be a nurse. She should be able to get some practical First Aid Training right here at the Squadron, right Brad? Sly?

305 OSS/FTU

“SUPPORT FOR GLOBAL REACH”

MSgt Chris Ottenwess- He spent several weeks at the Marine Corps SNCOA. He came back with a super high and tight and "re-tanned". He also ensures that sure the schedule makes sense.

TSgt Jacob Dieter- One of the newer booms to the FTU. He was never used to cargo until he came to the KC-10 and had his mind blown, now he's trying to get to the KC-46 to get away from it.

TSgt Eric Cox- Runs the most efficient snack bar in AMC, no AAFES POGs, no funny money, no problems. TSgt Cox has put a lot of effort into his snack bar; it now only hemorrhages \$10 a week.

SSgt Curtis Clawson- He really loves school. He's taken almost every CLEP and DSST known to man. He's also the longest running boom association treasurer, but has never fully gotten over Ken Essick leaving.

SSgt Clay Wonders- Clay was selected for FTU almost before he started upgrade. He came to us in December and has hit the ground running. His tender approach toward students has earned him a reputation as a softie...just ask A1C Pearson (uhem...sarcasm). As a warning, don't get caught texting while in the pattern! While he may not be able to use sports analogies to get a point across, he claims to know what a touchdown in baseball is. We'll get you out to a Trenton Thunder game one of these days...

Departing

TSgt Shane Lester- One of the resident reservist and GTIMS expert left us to get a "real job." Now we have to figure out GTIMS by ourselves

TSgt Phillip Culotta- Our other resident reservist, this little guy left a big hole in our hearts, but I suppose being on active duty orders for 1096 days it was his time to go. Now he has to get a "real job."

421 COMBAT TRAINING SQUADRON

SSgt Cody “Toni” Brister (Contingency Skills Instructor) Cody volunteered for this assignment thinking he’d be flying in support of the JCS Eagle Flag Exercise. He felt so strongly about his ability to fly that he showed up to his squadron dressed to impress in his flight suit. Little did he know that he was in a ground pounding, ABU wearing, convoy driving, combat skills training type of squadron. Needless to say, he’s probably the only boomer who gets to shoot on the job, throw explosives, instruct combatives, and act like a certified badass (Standing by for official certification). The callsign Toni was picked by his fellow instructors...something to be discussed over beers...lots of beers.

621 CRW EAST

“DEVIL RAIDERS”

Mobilize the Fight, Provide Relief, Advance the Peace.

We have to apologize for getting Boom's hopes up from last year's Signal. Apparently the Air Force didn't have as many C-130 Loadmasters lying around as previously thought, so AMC reneged on not sending Booms to the CRW for 3 years. Oh well, we will still love to have you in the CRW. Really, it's not all that bad...everyone that is currently stationed here...Quit laughing!

SMSgt David Coggin- SMSgt Coggin moved to greener pastures where he is the Wing IG Super and the big boss man, he has been hinting about a thing called retirement, but we will see how that plays out!!!!

MSgt Phillip Sottovia- Took over as the Operations flight superintendent and can be seen hanging out and drinking a lot of coffee and rolling in his sweet Jeep. He is now in charge of 1As and their training, so at least we got a boom to wrangle in those pesky loadmasters

TSgt Lucas Mailander- Spends all of his time doing Affiliation, pretty much is TDY every month and is the reason that Boom Signal is late!!!

SSgt (TSgt sel) Michael Culver- Literally scored the cut off for Booms and almost has the very last line number in the AF. He is currently training to be SSgt Dell's Exec.

SSgt Desiree Dell- Still the CC's Exec, so we literally haven't got her to do anything in the CRW but EPRs/OPRs. But on a better note she is really good at decorating people's offices on their birthdays.

SSgt McElroy Parker- Currently working in the Affiliation shop when he is not working at Lowes to support his 9 kids!! He also still looks like the angriest dude in the squadron.

SSgt Andrew Heacock- Has the only real in garrison job in the CRW as the UDM. I am not sure who he made angry for them to give him that job, but they did it.

SSgt Adam Ingan- Kept his call sign as sleepy. He is currently sitting at his desk in AE/AF shop and taking a nap.

TSgt David Drain- Is still the most awesome Boom Operator that keeps having to sit ALERT, he is really, really good at getting their equipment together to not go on trips!

SSgt Robert White- Just PCS'd to us from the great state of Kansas. He also just completed a cardboard boat race that I hear was a great success; if you consider losing a success but he didn't drown and his hair is still awesome!

SSgt John Hadden- Is a new guy also PCS'd from McConnell. He was in the boat and apparently didn't drown either. He currently is trying to get trained to do the CRW mission.

TSgt Terrell Frideger- Is also really, really good at putting together the ALERT trailer to not go anywhere - EVER. He is the most popular Boom Operator at Pudgy's Sports Bar. Still really misses Chief Opie Flax, but he also has one of the sweet smart watches just ask him, he will tell you!

SSgt Chelsea Thornhill- Formally known as Chelsea Johnson, just PCS'd in, and got married and had a baby. So TSgt Frideger is in charge of training her on how to pack a trailer to not go anywhere.

MSgt Christopher Maleski- Is currently running the Plans flight and is a tanker planner. He just completed a deployment. It is challenging writing about the AMOS because Mobsters only understand Mobster work!

TSgt Justin Stone- Is still hoping for the glory days of going back to the KC-10! He like most of our bubbas in the AMOS is the reason that the tanker plan doesn't make any sense but they are awesome at it!!

TSgt Adams- Just PCS'd in and like all Mobsters they are not sure where he works at this week, but the rumor is Readiness flight or something like that.

TSgt Jason Grant- Works in the building with other mobsters, he currently is going through NCOA because he said that course 15 wasn't his style and longs to get back to flying!!!

DEPARTED:

MSgt James Dudgeon- Retired and you can find him doing great things if you are on LinkedIn.

TSgt Jeffery Gordy- Jeff separated early this year. Good luck Gordo!

TSgt Robert Poole- “Silent Bob” PCA’d back to the flying squadron and then retired. He is currently living in Florida probably gumming up the aisles at the commissary.

TSgt Michael Thomas- With no PCS budget we had to let TSgt Thomas go back to the 10 here at McGuire.

SSgt Eric Flanders- “E” PCS’d to Fairchild making Tech before he left. Fairchild booms should ask “E” if he can fix their iPhones.

KC-10 ATS BOOM INSTRUCTORS

TO: Air Refuelers 'Round The World
SUBJECT: 2014 Boom Signal

Greetings to All,

Every now and then we stop to reflect on what it is we do. Being in touch with our specialists around the world is really a good thing, isn't it? I have no idea if Air Force plumbers or finance numbers-checkers do a similar thing like we do, but I have doubts about that. Here at McGuire we're getting to a very good place. There are years when you know things are going okay – right now things for us are extremely good.

We've had some good leadership over the years and right now it just feels especially right. We're all in synch and every day gives us something to laugh at, something to feel good about. Let's do a review of where we are, how we stack up –

Mike Cardina - Flight Check Airman and first among peers. Mike does a fine job of keeping this herd of cats going in the right direction; he is a good fit in this position. He leads, he sets goals, he lets us run with it.

Greg Heffron - Assistant Flight Check Airman, union president. The high-time instructor here. A BMW-type of guy now.

Steve Smith - Rankst Chief...something like that. Normally seen vacationing, occasionally stops by to see us. A BMW-type of guy now.

JC Coleman - Pretender to the throne. A solid fact-checker and oversees lots of ongoing training issues, if golfing isn't a factor that day.

Mark Schumann - His last year has produced a new 2-car garage. He, being our tallest instructor, oversees all we do.

Steve Custis - Walking wounded. Bad legs, shoulders, even a policeman son doesn't keep him safe, as he recently got rear-ended at a stop sign. More therapy on the way.

Eric Thomas - Guardian of the candy jar on our side of the office. Has perfected wearing sunglasses every day, regardless of lighting. We are monitoring this condition.

Bob Culertson - The most senior new hire. We have Bob and the next two gentlemen in from the Reserve ranks and working with us. A road warrior after hours with his AFRC unit.

Joe McGann - The newest full-time members. Secretly wishes to be like Chief Smith (automotively speaking) but prefers to be 6' tall, not 5'4" like someone else here. Oh, he owns a BMW.

Tigh (Tiger) Platt – Another new guy, still in the part-time slot. Tiger is a reservist and a fireman in Philadelphia...he is a welcome addition to the line up here.

There haven't been many changes in our line up since last year but the changes are significant. At last year's writing, Andy Miller was the Flight Check Airman in a transitioning workplace. He was a FCA years ago and performed superbly for us again in the interim. He and his wife Susan now live near Seymour Johnson AFB, NC, in their retirement setting, though Susan works there at Seymour Johnson. His fingers still smell of worms (a fishing pond is in his back yard). He'll be anxious to welcome you to his patio for a cool drink.

Steve Fromm – Former Flight Check Airman is, to our knowledge, retired and living in the area for now. Steve was plagued by physical problems attendant with diabetes for several years while employed here. We are wishing him well and a rewarding retirement. I am, still, John Page. From enlisting in January 1973 until now, I am honored to serve this incredible Air Force specialty of ours. I know people who own BMWs. I think having a 13 year old VW and a Mini Cooper solidly qualifies me as a pretender only; I know people who own BMWs.

We have lots of new aircraft transiting here of late. Saudi, Italian and Aussie tankers...the occasional Dutch KDC-10. We get to see the future but we still hold in high regard our KC-135 and KC-10 systems. Never forget we salute you as you do what the rest aspire to – being the best of the best!

For McGuire's Aircrew Training Specialists,

John Page sends regards

“Screamin’ Eagles”

SMSGt Bill Fitch – Wild Bill got selected for promotion to Chief this past year. He spent half the year working at the OG filling in when Chief Morris left for McConnell. He can't stay here as a CMSgt so he will have exactly 1 year on station and depart the fix back to Fairchild. He was here so little that he didn't even hang up his pictures. It was short but sweet, we wish him the best!

TSgt Joe Royer – MSgt (select) Royer!!! We were so excited for Joe when we heard the promotion news, but not as excited as earlier in the year when we heard that Joe and Dee were expecting their first child. So excited and happy for the Royer family, what an outstanding year it's been. Joe is still playing disc golf, but when he is at work he has done a terrific job coordinating our funding and boom TDYs to March for BOWST training!

SSgt Jerome “JJ” Jefferson – TSgt (select) Jefferson!!! Well, results came out and it was good! We had JJ on the active shooter watch prior to the promotion release, so thankfully he crushed the test and we are all still alive and well! JJ has had an awesome year, he was selected for promotion, he was our Instructor of the Year, he moved up to OGV, and he recently married the love of his life! Awesome! Thank goodness! SMSGt Fitch didn't have any more pre-marital speeches left to give him. It's been great to get to know Rashel, she and JJ leave at the end of the year for Scott AFB to meet up with Greg and Katie...we can't split them up now.

SSgt Nic Robles – Nic has more degrees than a thermometer. Good thing we are putting them to use in long range scheduling. Nic has been crushing school and diapers all year so you can imagine his sleep cycle and subsequent demeanor. He is planning on utilizing these efforts in some fashion yet to be determined...Palace Chase, OTS, Civilian, it changes weekly...but he will pick one soon and will leaving us more than likely. Nic finished his tour in OGV and did an awesome job, we are glad to have him back in the squadron, Maj Church missed him!

SSgt Shane Williams – So now that JJ is married, it's time for Shane ☺ He might punch me for that! He also finished his degree from HPU and is contemplating his future. One thing is certain, Shane is still fit and likes to crush us at PT...he also loves to play Hoover ball, named after President Hoover...Wikipedia it and go play. We recently moved Shane out of scheduling and up into Stan/Eval, he's doing an awesome job! Shane was our recent selection for the Sijan Leadership award...he's doing a lot of outstanding work on and off the base.

SrA Keith Prochaska – Oh buddy, so Keith is getting ready for CFIC! That's right; this reformed welder is going to crush some students! Keith earned some top honors this past year, he pulled down the OG CEA of the Year...that's career enlisted aviator for you pure boomer bases out there. He has been a machine for us flying and he “LOVE's” working in mobility. Just get real close and say Mobility Folder Review and he dry heaves. Keith also bought some street legal race car and he only goes the speed limit...don't you Keith!

SrA Scott Willard – Scott did a terrific job last year; he deployed with Kadena and got some combat missions in at the Deid. I wonder if it will take a year to get his decoration in like Keith's (grrr). Anyway, like I said Scott had a great year, got here finished MCT, moved out of the dorm, got a girlfriend, avoided marriage, woohoo! He still drives his hyper drive mustang

around the base...if he could only have Hockey Hair to go with it! He recently took his first office job in Safety and gave us a great video to remember...dumb ways to die, really dumb ways to die... I can still hear the song, make it stop.

SrA Kenneth Stricker – Airman of the Year! Ken has done a terrific job, he's deployed and scheduled his butt off. He recently bought a house and had it all filmed by "House Hunters" we look forward to the show in November. He has some 8x10s on his desk pre-signed by him and his Agent (Alina aka Mrs. Stricker). They are the super fit team, Ken crushes us at PT and Alina took us through a spin class...no thank you to that again...I'll stick with crossfit. Ken deployed with Kadena as well and got his first Combat deployment in, sky's the limit for Ken, can't wait to see what the future holds!

New Eagles:

TSgt Heath Tuma- We welcomed Heath and Sam from Altus; great to finally meet her and find what happened to turn Heath into this focused superstar...it definitely wasn't Altus. Great job Sam! Heath has hit the ground running, taking over our Stan/Eval office and aiding our current CFIC candidate. We are very lucky to have them both, Welcome!

SrA Marcus Hudson – SSgt (select) Hudson! Marcus and Hanna arrived earlier this year and are loving the Island. Hopefully they can stay in their new house for longer than a month, but we will see! Marcus is flying and instructing a ton and seeing everything in the Pacific Rim, he seems to like it better than McConnell and the Deid...go figure! We are lucky to have them both here, was really special to see him get selected for SSgt!

A1C Rebekah King - Rebekah joined us out of Boom School, she recently finished MCT and is out flying solo, going to get her some locals before we dump a Kadena deployment line on her. Oh and ask her about dodging Ice Bergs at 30,000 feet that's a good one!

Departed Eagles:

CMSgt Michael Morris – Chief Morris left the Operations Group to take over as the Wing Command Chief at McConnell AFB, Kansas! How awesome is that to have a Boom Operator, CMSgt at a Tanker Base...sounds fitting, why does it seem so hard? Well we definitely miss Chief Morris, he doted on us here in the 96th and we appreciated his leadership and mentorship.

TSgt Rob Miller - Rob left us for Altus this past year, we miss the BBQ, the fishing stories and motorcycle rants, but for the love of all that is Holy please stop sending us Candy Crush requests...seriously!!!

SSgt Gregory Bush- NCO of the Year! Pretty exciting year for the Bush family, Greg and Katie welcomed in a new baby boy, Wyatt Bush! Don't ask about Crippler I mean Tripler Army Medical or the comment card that they filled out! The departed for Scott AFB (the land of awesomeness that is Illinois) to start working for TACC. Can't wait to see his name attached to some of our products so we know who to yell at! Greg pulled down the PACAF Red Erwin last year...WHAT!!

“HOKUs”

In Memory of:

TSgt Derrick “Bullet” Martin (15 May 60 - 5 Aug 13) -- Bullet fought the good fight until August of last year. He will always be remembered as a True Warrior.

CMSgt Kris “Tizz” Oka – Tizz feels more like a fireman with all of the “fires” she tends to extinguish. She also realizes that “WTF?” is not truly a question. Can we say “non current” on sensitivity training??

SMSgt Gary “Chairman” Mau – Chairman is our old/new OGV guy. Chairman is a newly married man and his wife wants kids, but he told her that he doesn’t want 2 people in diapers at the same time.

MSgt Mark “Uncle Buck” Sindiong – Uncle Buck is working in Current Ops. We believe he is secretly a Domsday Prepper waiting for the zombie apocalypse.

(S)MSgt Eric “Shrek” Faurot- Shrek is back in Squadron Scheduling, He is the “projects” guy. BOSS, Renovation project? He is all over it.

MSgt Denny “Judo” Yoshikawa- Judo is our Squadron Stan Evil. He will dazzle you with his sunny disposition.

MSgt Derek “D-dub” Wheeler – D-dub is a man with many jobs. Works at HX5 updating our pubs database as a contractor AND flies with us! He is one busy man! He even dabbles at impersonations of ALL squadron members.

MSgt Nolan “Bernie -aka Z” Zoller – Z is living the good life. When he is not on LTMPA or golfing, you can find him as our squadron construction worker or our “honey do” man.

TSgt Cal “Gaucho” Cordeiro – Gaucho is currently working in Training and going to College to get his degree. He has a mind like a steel trap!

TSgt Noa “Donk” Morse - Donk is STILL working in current ops running a one man show! Help is on the way, we promise.

TSgt Al “Albi” Fernandez – Albi is a DSG currently on LTMPA. He is still working on his new house...when he is home!

TSgt Bronson Abellanida - Bronson is a DSG who is an HPD officer fulltime. His phone number is set on speed dial #2...

TSgt Anthony “Paki” Victorino - Paki is at sunny, sandy location. We are still trying to figure out how he does it with a wife, 4 kids AND gets to vacation every year?!

TSgt Travis Kam – Travis is back from school and settled back into his civilian career. He already has 1 deployment under his belt.

TSgt Gina “Pua” Jumawid – Pua is back from school and is now settled in at a sunny, sandy location. She probably realizes that her paddle board would be of no use there. She may be “drying” out due to lack of ocean!

SSgt Vaughn Agonoy – Vaughn is our baby boom (FNG) back from school.

SrA Allyson Yafuso – Allyson is another baby boom (FNG) back from school.

SSgt Caesar Lazaro- Completed his Fundies and is on his way to get his carcass stressed.

Retired:

CMSgt Stephen “Ménage” Cid – Living the good life! Lucky Ba-sted!

“PROVE IT FIT FOR FLIGHT”

2001 - 2014

Adios San Antonio! This is the last input from the 313th Flight Test Flight. As of April 31st, we've been given the proverbial ax and are now disbanded. Although it has been great serving in the south of Texas for the past 13 years, new endeavors await us all and some new units as well...get ready, we are transplanting! As we say 'round these parts: "Thanks for coming out!"

Our final status check:

SMSgt Amanda “Squawk” Stift – amanda.stift@us.af.mil Reserve (AGR): Amanda is an AGR shop of one. Other than finishing off the unit's final awards and decorations, she's nothing to do other than look out the window and hope the French tankers take longer than expected. Until then, her and her husband will be out with their dog, Willie, on Lake Austin until it's time for her to move. She's expected to move up to the 10FLTS; however, who knows if this will truly happen. Wherever and whenever she decides to finally leave Texas, be ready...because with this much time off, she SHOULD be ready to finally work again!

MSgt Dave “ATIS” French – dave.french@us.af.mil Reserve (TR): Dave is off and running...literally...to a new unit. The 10FLTS will be gaining him as of right meow! We sure hope SMSgt Kissire is ready for him. Dave has been dutifully cleaning up the 13year mess all of us have created in this place. Through his efforts, our historical box has been officially sent off to the archives. After all this manual labor, we are sure he will be happy to get to the 10th and start flying again. Year now is 2014, Information India is now current...digital ATIS still unavailable.

In the local area:

Retired: SMSgt Gordon “Gordo” Ringler: Working hard as a civilian somewhere out there. He truly took retirement to heart and we've heard very little of him since leaving...all we know, he is still alive and able to write excellent letters of recommendation for those of us that remain.

Retired: SMSgt Dean Oulela: Still with Boeing and we are amazed by that since they recently let go of 40% of their workforce here...he must be doing something right!

JOINT BASE SAN ANTONIO-LACKLAND, TX

SPARTANS

MSgt Travis “Running man” Jones (Group TEMPEST program manager)

The newest boom arrival, Travis put on MSgt and then moved to the group and found himself writing training documents. His wife is an MTI, so Travis gets to march around the house like a basic trainee. They have two kiddos who keep them busy on the weekends.

TSgt Gerald “G” James (NCOIC, BBOC)

Gerald is doing a great job running BBOC. He completed his physical training license and he is now a personal trainer at Gold’s Fit. He also runs the cross fit program here and helps those “fitness test” challenged individuals get into shape. G’s workout philosophy is to go into a workout hungry because you will work harder, that’s what Cavemen did, right? Gerald has orders to Travis AFB this spring. He will be sorely missed here at the 344th.

TSgt Garrett “Elevator” Machon (IS, BBOC)

Keith just recently promoted to TSgt and he became the IS for BBOC. Keith is the only person in the squadron, besides Mr. Sawyer, who takes the elevator up a single flight of stairs. He even pre-positions the elevator when he walks by so he won’t have to wait. Keith has been doing a great job as the IS Keith is scheduled to PCS this upcoming spring.

SSgt Daniel “Mr. Safety” Flenniken (BBOC instructor)

Dan is keeping the students in line at BBOC. Everything he does, he takes safety into consideration. He recently drove his jeep into a ditch and had an “incident” with the forklift. Good thing Chad told the entire squadron so everyone could get a good look. Dan’s additional duty is to get to work a few minutes before everyone and brew a pot of freshly ground coffee. Dan is doing a great at molding our future Boom Operators.

SSgt Chad “Gun” Piel (BBOC instructor)

Chad just moved over to BBOC from Fundies. He is getting spun up on the course material. If you have a question about guns, this is your guy. Chad knows everything there is to know about guns. If there is a zombie apocalypse I’m headed to this guy’s house. He has more guns than a small army. Chad is doing a great super job here at the COE.

HQ AETC/A3RA

Hello from hot and muggy JBSA Randolph! I am the current CEA Pipeline Training Manager; this is usually a 1A2 gig but I was able to snag it and bring some additional Boom flavor to HQ AETC! So what is my job here you ask; well, I am the one that schedules re-treads for their 1-Level, 3-Level and SERE requirements when approved for retraining into the 1A community by AFPC. I transitioned to this position from the Center of Excellence at JBSA Lackland. I enjoyed my time at the CoE and have nothing but the utmost respect for any 1A/1U that goes there to instruct! Being there to get our 1As and 1Us on their feet and heading in the right direction is an awesome responsibility and privilege!!

I am proud to be a Boom Operator and know that we have one of the best jobs in the Air Force. A smile crosses my lips every time I see a KC-135 (and sometimes a KC-10) flying in the pattern around here. My hat is off to all of you still out there "jobbing it"! Fly smart, fly safe my friends!!

Please give me a call if you are ever in the area.

HQ AETC/A3VM

Hello from JBSA Randolph AFB! The first year as a HQ Dilbert-world member has come and gone. The best news is that we are no longer wearing blues 4 days a week, just on Mondays now. Continuing work with BOWST training, new BIQ and CFIC syllabi, KC-46 planning, and not a lot of anything to do with CUIs since the IG rewrote their regulation. It has been an interesting and busy year for me down here. Don't be mad at me for cutting training days and flights from the syllabi, not our doing that is what AMC wanted.

It is still hot and humid. The traffic sucks and the drivers are some of the worst I have ever seen, with that, if you come through give me a call.

KADENA AB, JAPAN

18 WING/ 909 ARS

YOUNG TIGERS

Greetings from the land of the Rising Sun! Operating less than two-hours flight time from North Korea and one hour from China makes life hectic in the 909th ARS. We are the largest active duty KC-135 unit in PACAF and we are almost always short on booms. Needless to say, because of America's "strategic focus" towards the Pacific we stay busy, but the choice of TDYs are first-rate...Guam, Yokota, Osan, Misawa, Kunsan, Thailand, Singapore, Australia ****repeat**** and when the job is done, we come home to a tropical island that enjoys 178% humidity 16 months a year. Hopefully, someday, Altus will stop sending us all the booms that are getting kicked out or have pending legal action; in the meantime, here is the roster of our booms...

SMSGT BRAD WOLFE- SMSgt Brad "Darth Disney" - SMSgt Wolfe could not be reached for a full week after the news broke that Disney purchased Star Wars. Doesn't fly unless it's a <2hr sortie on Friday or a PDM to McConnell. He also has lost a tremendous amount of weight and is now 1st runner up in the Gabe Ourso look-alike contest.

SMSGT MATT 'Debrief' CALISI- SMSgt Calisi is still debriefing SSgt Williams on last year's Boom Signal submissions. We are elated to report that he and Shonna are expecting a child. Early sonogram pictures show it's going to be a drogue! Predictions are that their child will enter MCT by age 5, IB by age 8, Stan/Eval by age 10 and Functional by age 15.

MSGT CASEY 'Swole' SOUTHERN- His muscles arrived four months before he did and immediately assumed First Shirt duties. This explains why all the First Shirt EPR corrections just say "WEAK".

TSGT GABRIEL 'DTRA' OURSO- As 2d runner up in the Gabe Ourso look-alike contest, TSgt Ourso spends all of his waking hours resubmitting DTRA applications and kicking SMSgt Wolfe off of PDMs to McConnell. He's enjoying married life... not sure if his wife is or not, but we are happy for Gabe.

TSGT SHONNA 'Marathon' CALISI- Shonna has been doing great things at OGV. Due to her upcoming pregnancy, she's cut back on the amount of marathons she's running. She and Matt will have had their baby boom by the time the Boom Signal is released. She has the jogging stroller on alert, waiting for the Claxon.

TSGT ANGUS 'Ladies Man' BURNS- Took over Roger Braun's old job at the OSS. Still trying to beat Jason Wallace in number of times he's cross-trained. He is starring in a new Japanese game show "Pimp my Harrier, Onegai Shimasu".

TSGT CHAD 'Hollow Man' HOLLOWAY- 18OG's "Never in the Squadron" award winner. Seriously... did this guy PCS? Actually, he's probably on another good deal trip, watching more F-16's ditch in the ocean or has blown himself up in a horrible home-brew accident.

TSGT JEREMY HALL- ****Will forward to Ernest****

(T)SGT CHRIS 'The Rum's All Gone' HUBER- Recently made TSgt and it's about darn time. Loves to grill and if you don't

want to see this man go ballistic, prep the grill exactly like he says, even if he doesn't know what he's talking about. When the technology becomes available, Chris will have a Bluetooth device implanted in his brain so he can talk to his wife 24/7.

(T)SGT DON 'Cardiac Kid' JOHNSON- Officially changed his name to Quatro Lokos! After hearing that Ben Affleck is starring as the new Batman, his heart started palpating, causing him to go DNIF for a few months. Keepin' Stan/Eval on the up and up.

SSGT KELLY 'Bullets' BROOKS- Fresh from Fairchild, SSgt Kelly Brooks entered the squadron and was given every single Airman in the surrounding four squadrons to rate on. She has more supervisees than actual flight hours but if there's a party or get-together to be planned, Kelly is your Gal!

SSGT JOSH 'Hairy' BUTTS- SSgt Butts is an OSS Tanker Scheduler now. Quite possibly has the only wife in the world who actually likes mustaches. They also just had a baby. Quite possibly has the only baby in the world born with a full mustache.

SSGT JOSH 'Uncle Fester' SILVA- Don't be fooled when SSgt Silva asks you a simple question. He has already thought about what you are going to answer and 12 ways each answer is violating a constitutional amendment, Civil Liberty or the UCMJ. If anyone can turn over Okinawa's curfew policy, it's Josh.

SSGT JEREMY 'FNG 1' CULLITON- Our newest arrival to Kadena. He arrived already signed up on www.meet-local-okinawan-women.com to find himself a nice mama-san who will shave his back, cook sticky rice and clean his apartment. English optional. Must own a Pajero.

SRA MATT 'fill out the darned TAPR' O'DANIEL- Who's got two thumbs and can't pass up a mirror without flexin' those guns? This guy. SRA O'Daniel is a fresh IB, full of knowledge and inspiration! His technique for writing a TAPR is to just put "RESERVED" in the tab and never fill it out.

SRA ANDREW 'Lead Ginger' COLE- SRA Cole keeps copious amounts of notes for EPR bullets and is an expert at zinging pilots over AR Primary! We expect him to make chief relatively quickly. Recently moved to Tactics in an effort to figure out new tactical ways to say "Contact".

A1C JUSTIN 'Zipper-Suited Sun God' GILLESPIE- Living on a tropical island gets tough when all your COLA goes toward buying 100 SPF and tank-tops. Your small donation of \$10.00 a month can help supply this airman with all the sunblock and sleeveless shirts he'll need. In all seriousness, he's a smart dude even though he's a ginger. But we don't hold that last thing against him.

A1C CHARLTON 'Not Carlton' HAMPTON- The only person in the world who tried to Space-A TO the 'Died. His loves include doing that dance from Fresh Prince, Point Break and long walks on the beach. Has tickets to the Britney Spears come-back tour. Great guy when he's not trying to run people over in his vehicle.

A1C ERIC 'Form F' SEVERS- After 38 flights in MCT, this guy can now accomplish a Form F on the correct side. A1C Severs has surpassed SrA Cole in ginger-ness and enjoys his off-time by signing autographs for all the locals who mistake him for Carrot Top.

A1C PRESTON 'Go Auburn' GORE- When he's not chatting up girls in his hometown, you can find him in his room photoshopping himself into the strong embrace of the Green Lantern. Currently deployed.

AMN CORY 'My buddy' DRUMMOND- Can't stay on topic for more than two minutes yet he was voted Sgt at Arms for Young Tigers. When he's apart from Gore, he's on his phone... Facebook stalking Gore.

AMN WILLIAM 'Silky' SCOTT- Kadena's resident Ladie's man. Nothing bad to say about this kid. Super nice and polite. I would say his mom did a good job, but the collective "So-to-speak" would be deafening. Was given the task of cleaning up our Heritage room and he was uber excited.

A1C GARY 'Snooze' SUTTON- With a voice higher than Mike Tyson's, this guy has made leaps and bounds improvements in being a boom op. Only boom on station that has fallen asleep not once, but two sorties in a row prior to on station... during MCT... while being questioned by the instructor.

A1C REGAN 'Sleeves' KELLY- As a new MCT boom, she can handle a Form F with ease. She has one physical anomaly: her ears are located on her forearms because as soon as you start talking to her, she moves her sleeves up out of the way to hear

you.

A1C ASHTON 'Kutcher' ROOD- Someone give this man some snacks! Turns into the Grinch if he doesn't eat. Gonna be rich someday because his contacts are money!

A1C JOEL 'FNG 2' DAVILA- Not much is known about this quiet, reclusive boom. Legend has it that he lurks around the shadows in the squadron, secretly waiting for dehumidifiers to fill up so he can empty them.

INBOUNDS

TSgt William Widener
SrA James Michel
A1C Jesse Barber
A1C William Schott
A1C Malachai Eppscarpenter
A1C James Norris
A1C Dvante Wells

OUTBOUNDS

TSgt ZACH 'Gibberish' DONARSKI- He is headed to Fairchild to be with his 'girlfriend'. 60 % of his conversation is actual words. The remaining 40% is some sort of wild, mountain man style of mumbly-bumbly gibberish and hand gestures. Gets out of every training Monday by having to go see the 'physical therapist' for his back.

SSGT JASON 'Crossfit' DUCKETT- SSgt Duckett is headed to March and is the out-going NCOIC of Training. Jason was successful in changing the MCT curriculum to include "Burpies" "Power Clings" & "Sumo Squats". His Cross-fitting has gotten so out of control that he won't even "P" off any new booms unless they can do 10 double-unders with the drogue after each flight.

SRA ERIC 'Mini-Matt' CHENEY- Cheney and his diaper wearing, gun toting panda tattoo are headed to MacDill. Now scheduling will have to find someone else to fill those 7 hour drogue missions and O'Daniel will have to find another work out partner.

SRA ALLEN 'Taco' PITTS- Passes out "U"s like Tic Tacs. Headed to McConnell. Married to the Facebook Selfie Queen. Now that's funny!

SRA TIFFANIE 'Existential' ELLERBE- Not sure if her facebook posts are aimed at someone specifically or just snippets of prose she is writing. When she's not ground scheduling, she's... disregard. Well, when she's not in Mobility, she's...disregard, also. We're just shipping her out to McConnell.

“MAGNOLIA MILITIA”

Greetings from Meridian, Mississippi! It's been a very busy year for our boomers! This time last year, we were flying our first sorties after getting our tankers back. Since then, we've been in full swing getting everybody trained, and we're close to 100%. Despite being in a conversion status and with a plethora of training ongoing, the 186th has been representing from the Atlantic to the Pacific and everywhere in between. From business efforts to MRAs to multi-national exercises, we've picked up right where we left off. We may have been down, but we were never out! NKAWTG...Nobody!!

We'd like to give a big thanks to "The Bats" in Sioux City, the "Maineiacs" in Loring, and "The Badgers" in Milwaukee for their help in getting some of our boomers MQT. The demand placed on our existing instructor corps was high with the influx of new booms, so the help is very much appreciated! We're grateful for such great working relationships with ALL our ANG brothers!

KC-135 ATS BOOM INSTRUCTORS

CMSgt (ret) Nathan Peachey – As the second hired BOWST instructor of this site, it took awhile to knock the Active Duty stink off of Nate, but he is coming around and adjusting to the civilian lifestyle. With just over a year under his belt in the civilian world, he still shows up to work like he is on military time though; arriving before anyone else in the eastern side of country is even awake. Mr. Peachey likes to talk a big fishing game, claiming he wakes up that early during the week so that he can stay on cycle with the fish on the weekends. We have yet to see any of the supposed fish he claims to catch. It's good to have him around though; he keeps us all in line with our paperwork, training folders, and ensuring we keep up with Air Force safety standards. He has it all marked on his calendar. And yes, he still has a paper Dash 1 (from the A-Model).

Mr. John Mercer – The first hired BOWST instructor of this site, John pretends to know how to be a boom operator in the military as he still actively participates in the Reserves as a SMSgt with 63 ARS. We try to get him to experiment on the airplane with a laundry list of items to verify BOWST malfunctions, but he doesn't seem to want to pull circuit breakers in flight. John has inadvertently earned the title as the resident expert on posters as he refuses to use the teaching media with spelling errors. Also, John is probably the only boom operator left in the system that enforces the use of EMCON 2 procedures as outlined in the book ("What's the visual signal for that?"). Once we can get him to put away his KC-10 T.O.s, maybe he will teach something other than using AUTO on the Telescope-At-Disconnect switch.

CASS-ADSI / A Flight

Another year has passed, and we continue to develop and support the Airbus A330 MRTT, the most advanced tanker flying in the world. We are spending the majority of our time in the field providing client support team services (LST). It has been an exciting and challenging year; we completed the 3rd UAE Air Force initial qualification class. We completed the 1st two MRTT boom AR deployments with the RSAF; it was excellent. The Aircrafts were on the ramp in McGuire for 6 days; our mission went off without a hitch, 100% mission accomplished. This brought back some old memories of my AF days dragging fighters all over the world, the only difference is the hotel must be a 5 star hotel and the catering is outstanding. The next year things will be slowing down here in Madrid; we will be in the field on LSTs supporting our clients. The end of FY 15 things should ramp up again as we pick up two new clients for the MRTT.

Pete Abraldes

Here is the current lineup

Jake Benscoter: MRTT Program Manager, EVP for ADSI. jbenscoter@cass.aero

Jake has been very busy trying to keep us straight and happy, he is always there when you need him. He is also being kept very busy as a volunteer EMT.

Pete Abraldes: Site Manager Madrid kc45boom@gmail.com

Pete has been spending a lot of time in the desert this past year, completed the F15 certification campaign and both deployments with the RSAF, they made him a SEFE and put him into Stan Eval, and are trying to keep him. He will finish the year in Saudi getting the CBTs and PTT spun up for training.

Gary Plain: gplain@cass.aero

Gary is currently in Saudi. He is also a SEFE and been giving all the check rides this last quarter. He has been very busy writing syllabus and OIs for the RSAF. I know he is in serious withdrawals from Wine and Ham and is counting the days till he returns to Madrid to pick up his "Spanish lesion", the word on the street is he is enrolling in a "Spanish Masters Program"

Keith Van Camp: kvancamp@cass.aero

Keith is currently in NJ waiting to return to Saudi in August. He did a great job on the two deployments, in fact he is the reason we completed the 1st leg, a true warrior. He is in the training flight for the RSAF helping them get all the records up to speed. He is also providing MAC tech support for anyone that needs it.

John Reigelsberger (R12): jreigelsberger@cass.aero

John is currently in Saudi, and actually doing some work this time! Is counting down the seconds till he returns home, no really he knows exactly how many he has left, I think he is a Cyborg. He is working on his paper work for an air medal this tour, and planning the fall harvest.

John Brannen: jbrannen@cass.aero

John carried the majority of the training load for UAE Class 3, he became a diamond Hilton club member and is very proud of it, and you can barely talk to him now. Come to think of it not much has changed. John will be leaving us this fall, best of luck to you John!

MARCH ARB, CA
Headquarters 4th Air Force
Boom Operator FAM

CMSgt Russell Martin

Russell.Martin@us.af.mil

I still get to go out and fly with the units in between staff projects. The best one is bringing tankers back to Beale AFB, with congressional approval of course. Then the UMD can be established followed the hiring and training process.

336 ARS

“THE FIRST AND THE FINEST”

Holy crap!! Is it half way thru 2014 already? Greetings from the 336th ARS – Home of the Riverside Refueling & Transport Squadron – “RRATS.” Lots of comings and goings this year. Two of my favorite people on the planet have joined the retiree ranks: Phil Stidham and Erin Zoccoli. A couple more will be leaving us in the next few months. My job lately has been consumed by convincing our 912 ARS brothers and sisters that life is good on the Air Force Reserve side.

I know I say it every year – but once again – I am truly amazed that I get paid to work with such a great group of Boom Operators in both the 336th and the 912th. I would do it for free if they let me!!!! ☺

Thanks to TJ and John B for putting the words to the paper for this year’s submission.

Deb McGuane

CMSgt McGuane, Deb “The meanest boss ever”- deborah.mcguane@us.af.mil. (ART/Chief Boom) Still rockin cross-fit. Remember the first rule of cross-fit is you must talk about cross-fit. Don’t get her started on her P.R. for her snatch.

SMSgt Canada, Nicole “Sweet chocolate” – Nicole.canada@us.af.mil. (Traditional) Sweet chocolate is still juggling Boeing and the Reserves.

SMSgt Horner, Kenneth “The Silver Fox” – Kenneth.horner@us.af.mil. (ART/UDM). This year Ken is 51 going on 29. Ken still really enjoys his private office. He’s 51 going on 29 this year, and still not married.

SMSgt Sammons, Brian “The Brain”– Brian.sammons.1@us.af.mil. (ART-OP STAN/EVAL) Brain is still over in OGV StanEval while working practically 80 hours in a week. Now that Chuck Assumma is gone – Brian gets the award for “best flat-top” in the 336th.

SMSgt Scott, Aaron “Almost Mr. Scott”– Aaron.Scott.7@us.af.mil. (Traditional). A rare sight in the squadron, It’s actually his James Earl Jones voice that we miss so much.

MSgt Allen, Michael “VNCO Hammer”– Michael.allen.17@us.af.mil. (ART – VCO/Flightline DL). Mike just bought a 3D printer, so his office is now deck out with Formula One posters and 3D trinkets. Don’t sit still too long or he will make a 3D replica of you too.

MSgt Castro, Osvaldo “You’re Dangerous”– Osvaldo.castro@us.af.mil. (ART/Scheduling). Finally making it out of scheduling and in to STAN/EVAL. After driving recklessly on the flight-line, he had his privileges taken away for not having a spotter when backing-up. That is why he is now in STAN/EVAL. Those who can’t teach – evaluate.

MSgt Irish, John “Mr. Avocado”– John.Irish@us.af.mil. (Traditional) John has been working full time as a trougher, and feels that everything is still fabulous, boarder line spectacular.

MSgt Johnson, Dorian “Do we have a checklist for this?” – Dorian.johnson.3@us.af.mil. (Traditional). Dorian is moving around the country these days trying to find the best town to party in. Toying with retirement – but the Chief won’t let him go.

MSgt Preston, Tim “On the road again”– Timothy.preston.1@us.af.mil. (Traditional). Tim is always TDY and is never too busy to do some geeking- out whenever he can!

MSgt Ramirez, Robert “Mr. Taco” – Robert.ramirez.8@us.af.mil. (Traditional). Even when he is in his flight suit, people can’t resist thinking he’s the taco man.

MSgt Sell, Yvonne - Yvonne.sell.1@us.af.mil. (ART/Squadron Pay). Mil pay, DTS and building custodian guru.

TSgt Bradbury, John “The Chocolate Duke”– John.bradbury@us.af.mil. (Traditional). Only a couple more months before he has his 33 years. He thinks he is going to escape without a fini-flight or a party. WRONG!!!!!!

TSgt Kline, Apphia M. “Ph Ph Ph Phia” – Apphia.kline.1@us.af.mil. (Traditional). ANOTHER baby on the way, we think she likes the feeling of mother hood.

TSgt Long, Bob “What About Bob?”– Robert.long.18@us.af.mil (Traditional). Bob is still flying his plane around the South-West in search of good beer and good times. He’s doing a little arts and crafts on the side with his CNC machine.

TSgt Mossbarger, Terry “Nurse Fauker”– Terry.Mossbarger.1@us.af.mil. (Traditional). Still studying Anatomy even though he’s been out of that class for a year. Ladies- TJ is officially off the market.

TSgt Parker, Joe “Papa Joe”– william.parker.23@us.af.mil. (Traditional/soon-to-be ART) Hollywood couldn’t handle Joe so they sent him back to the Reserves. He’s now maturing and handling new responsibilities. Joe would like to apologize to all the ladies out there for also being officially “off the market.”

SrA Middleton, Erik “He’s Bi-lingual” – erik.middleton@us.af.mil (Newest ART). Erik is a smooth operator, while flying well below the radar. He’s proving his worth by improving International Relations with our neighbors to the south.

SrA Pettit, Travis “Smoking Area Guy” – travis.pettit@us.af.mil (**baby boom**). Poor, poor Travis. The Chief just got a text from him today stating “Hey Chief, landed safely in Spokane – on my way to Survival School.” Poor Travis. ☹

SrA Valencia, Armando “The Kid” – armondo.valencia2@us.af.mil (Traditional). The Kid is making his name around the squadron, unfortunately nothing too spectacular to report for this year’s signal. We think he’s gonna fit in perfectly though.

SrA Yambarsheva, Yulia “Airman Y” – yulia.yambarsheva@us.af.mil (**baby boom**). So new – she just finished with Lackland and is on her way to Altus. Amn Y – we apologize ahead of time for Altus and its surrounding area.

Retired/Separated

SMSgt Stidham, Phil “Former-When is the next time you are flying, wha ha ha” – (DRG). He couldn’t wait to get out, but then he realized how much he really misses us so he is now working down the street at the SIM. God help you in the March ARB simulator if you have ever pissed Phil off. He has been waiting a long time to pay you back...

MSgt Zoccoli, Erin “Formally known as Brotsch” – (Former ART/Training – now retired). She missed the military so much she is now teaching (AKA beating kids down) at a Military charter school.

SrA Beverly, Corin “Former-Boom In A Box” – corin.beverly@us.af.mil (Traditional). Corin was in ALCF for a bit, and is now in Nevada working on her family life.

SrA Frailing, Rob “Still Mister Intensity”- rob.frailing@us.af.mil. (Traditional). Mister Intensity has left the building.

MARCH ARB, CA

912 ARS

“Hollywood Tankers”

Greetings from the 912th ARS! Another year has flown by... We are coming up on four years since the first crewmembers arrived on station and each year seems to go by faster than the last. Working side by side with the 336 ARS continues to be a blast. Stop by if you ever come through town.

CMSgt Paul Jacobs - Superintendent, Chief Boom

Paul is starting a new chapter in his life and has possibly hung up his flightsuit for good. He is heading to F.E Warren to be a Group Superintendent. He was one of the first to arrive back in 2010 and helped build this Sq to what it is today. We could not have asked for a better leader and mentor. On a side note, they say most accidents occur within 5 miles of your home. He took it to a whole new level by keeping it within 5mph. Best of luck to Paul and his family.

MSgt Dan Beecher – Ops Group Superintendent

I'm still enjoying the best assignment of my career. Going from Grand Forks then to Altus it's easy to see why. If I can manage Ops half as well as my predecessor then we'll be in good shape.

MSgt Pat “Crossfit” Martin - NCOIC Training Pat is our resident crossfit junkie. He even has sticker on his truck to prove it. It turns out one of his crossfit companions is also his “meat guy”. I'm not sure what that is supposed to mean. Between deployments and keeping the Training Office afloat, he has had an eventful year. Somehow he found the time to get married. Congrats to Pat and Kim.

TSgt Jon Brown - NCOIC Stan/Evil

Master of all trades. If there is a flaw or discrepancy, Jon will find it. When he is not hammering booms on checkrides, you can find him training for marathons in his banana hammock. Jon brings a lot to the table and we are lucky to have him here.

(T)Sgt Jeremiah "Blue" Ibarra – NCOIC Scheduling

Blue has adjusted well to the So Cal way of life and the year round golfing. He has also enjoyed brushing off the rust he got from his AETC stint. He is currently deployed; “fat camp” as he puts it. We'll see if he returns as a “hardened” warrior.

(T)Sgt Levi “Sideburns” Knepper - NCOIC Mobility

Levi briefly got his hopes up with VSP. However, it was denied so his aspirations to become an electrical engineer will be put on hold. He is too good for the AF to let go. Levi took it with stride. He kept his head up and his sideburns down and is doing an outstanding job in mobility.

SSgt Bruce Wayne "Batman" Freed – Mobility

With JP leaving, Bruce has become the local brew master. He will be gaining three new students in the near future. Ibarra, Nelson and Arcibal have all expressed interest in joining the Sq Homebrew Club and working under Bruce's tutelage.

SSgt Matthew Nelson – Scheduling

Matt is the self proclaimed godfather of scheduling. Although, every week at the scheduling meeting they think he is the new guy. He does great work and we are lucky to have him here. After waffling back and forth, Matt has decided to make the AF a career...for now. Time for CFIC

SSgt Kenneth Arcibal – Scheduling

Kenny hit the ground running as soon as he arrived on station. He has maintained a full plate between PME, deployments and scheduling. He earned the coveted Commandant Award from ALS then rewarded himself with a brand new motorcycle from Toys "R" Us.

SrA Justin Davis – Training

Fatherhood is keeping Justin busy. All he has time to do these days is work and post pictures of his baby on Facebook and in his spare time he posts more pictures of his baby on Facebook. Justin is doing a phenomenal job in Training and while he is waiting for his OTS package to go through he is begging to go to CFIC. Slow down man!

INBOUND

SSgt Jason Duckett

Arriving from Kadena AB at the end of the summer.

OUTBOUNDS

CMSgt Paul Jacobs

2LT JonPierre "JP" Castech

JP's palace chase was approved and was hired by the 336 ARS. They not only picked him up but they gave him a pilot slot as well. Congrats! Sadly though, he will be leaving the love of his life down in San Diego as he heads off to pilot training in August. JP was a huge asset in the Sq. The 336 is lucky to have him.

MCCONNELL AFB, KS

22 ARW

CMSgt Lonny Hall – Lonny finally left McConnell and PCS'd to Davis Monthan. We thought he'd never leave McConnell, much less the central time zone. So anxious to get out of town, he didn't even take his FEF. We love you too Chief! You will be missed!

CMSgt Todd Daniels – He barks a lot, but his bite is minimal at best...although I wouldn't chance it. He took the OG Super reins from Lonny back in May. He continues to be the master instigator and loves to constantly stir the crap among the superintendents. If you hear someone squealing like a girl it's most likely him trying to kill a snake....his favorite reptile.

SMSgt Donald Breitreutz – Don left the 344th to dual hat at the OG. As the OG Ops Super and OGV he has got everyone running scared. When he is not on the phone bitchen at insurance companies, he's collecting eggs from his menagerie...he's preparing for retirement...many years down the road...but whenever that occurs, he'll make an awesome farmer and house flipper.

Mr. Mike Sage (IB retired) – Special Operations Air Refueling

Mr. Ken Crowe (IB retired) - Special Operations Air Refueling

Mr. Steve Yavornitzki (IB Retired) – Wing Plans and Programs

MCCONNELL AFB, KS

344 ARS

“Ravens”

(S)MSgt Liv Hoornstra – It has been a very full year for Liv. Went to SNCOA, hated it. Came home and was so frustrated that she pushed Jeff down the stairs and broke his leg....jk...we think. We all know she is angry. We feel for anyone that works in the 344th. Steer clear of the stairs!!

MSgt Tony Hardesty – When he is at work, you can find him at the wing scheduling office, otherwise you can find him at the BX.

TSgt Christopher Titsworth – Chris is in love, nothing else matters. He can be found at the wing scheduling office daydreaming about his new girlfriend. He can think of nothing else, although he may still be chasing trains.

TSgt Kevin Toney – Kevin Toney went to XP kicking and screaming this year...turned out he really liked it.

TSgt Jessie Wright – Jessie thinks he is flying under the Radar, only seen when he is bragging about his new squeeze! Never been happier!

TSgt Jonathan Haas - General Jon Hass has made a name for himself at OGT. Between throwing instructors and supers under the bus, he has been a busy boy.

TSgt Joseph Clawson - This guy takes more leave than he actually works. He is the king of working the leave system to his advantage. We see his wife in the squadron more than we see him.

(M)Sgt Joseph Cofield - FINALLY HE MADE MSGT. Well deserved after getting screwed with a short notice FOB set up. We are glad to have him home again.

(T)Sgt Christopher Staton - Chris showed up and has hit the ground running, well more like a dead sprint! We will see how long he can maintain the pace.

SSgt Darrin Lafever - Lafever got a slow start in the mobility shop and but survived with some tire marks on his back, but has recovered nicely! He has stepped up since return from his deployment.

SSgt Lawrence Monahan - LJ, LJ, LJ. When Cassy isn't telling him what to do he wanders around lost in thought. Not sure what he will do now that his BFF Adam is gone. Good luck buddy.

SSgt Adam Joachim - Off to the land of flight test at Edwards! Sad to see him go, but wish him the best! He too will be lost without LJ and Cassy telling him what to do...

SSgt Nick Gidaly – Nick is the go to guy for everything! He finished IB school only to come back and be the acting superintendent at the busiest time ever. He is awesome!

SSgt Ken Heermann - Master skater Heermann. Gets wind of an MEB and all of a sudden he had motivation! He knew who to talk a big game too. Good luck to him in the civilian world with that!

SrA Chance Italiano – “Can I get an assignment to Kadena” Chance. That is all he wants in life.

SrA Zachary Dailey – Left us for his family in Tennessee...sad to see him go as well.

SrA Forrest Parks – We are not really sure what is going on in the head of Forest Parks....he has learned from stupid mistakes. We hope.

SrA Alex Woosley- His pride and joy are his two cars. Although we have never seen them, he spends every dime of his deployment per diem on his cars.

SrA Victoria Mora – If you have met Rose, you have met the epitome of DRAMA!!! Keeping the training shop afloat, but not without the added bedazzling, fluorescent pens, and above all...DRAMA! Also, she joins the elite club of those that didn't land with the boom nozzle...an F-16 driver decided to take it back as a souvenir for his first air refueling.

SrA Kevin Berneburg – Kevin is truly the ditsy blonde in the squadron. Emotional and airheaded, but he made it through IB school. He is our success story!

(S)Sgt Corey Targos - Dependable Cory is the scheduling guru. He single handedly manned the scheduling shop for months alone. He earned his stripe and then some.

SrA Robert Fuller - Scared to death of IB school, he put it off as long as he could.

AIC Kelly McAllen- Who is this? We have heard of her, the name is familiar. Kelly is so quiet, that unless you know she is supposed to be here, she goes unnoticed. Can't wait to see what she has to offer.

AIC Kyle Jackson- Action Jackson! He is the hardest working dude to ever grace the scheduling shop. There is nothing he can't figure out!

SrA Timothy Ware – Tim is still wandering around, lost. When he isn't telling the other airman what to do, he is at the smoke pit...or having more kids. He is on number 3 this year.

(S)Sgt Jacob Burton – So quiet you rarely know he is there. He is a rock star where ever he works. Exec extraordinaire this year!

SrA Mark Harnish- Mark had a rough start in MCT, but has flourished to be one of the best booms in the squadron.

SrA Liahna Childs – Liahna is our Awards and Decs NCOIC, OIC, and flight CC. She is the only one that is ever here. You will find her randomly singing up and down the halls chasing down decs and dreams. She is our Awards and Decs enforcer.

AIC Giani Dossman – MCT'd and has been gone since then. He loves being on the road, but don't tell his wife that.

AIC Charles Huggins – Working the mobility shop, he fills his time by making bets with the Commander on basket ball games. Mobility shop is still in shambles.

AIC Mayes – Just showed up here, met him once..He seems to be motivated. Time will tell.

AIC Ryan Thayer – Finished FTAC and has just started MCT. Have high hopes...Time will tell with him as well.

“BANDITS”

Superintendent

MSgt Brett “Father Time” Prothe

Rules the Squadron with an iron fist, just ask the lieutenants. Enjoys playing his weekly game of golf on Mondays in preparation for his upcoming retirement...I mean it must be upcoming because he is ridiculously old!

Operations Sup.

TSgt Justin “Merica” Hunter

Is he overcompensating? We think so. He recently purchased a really, really, really big truck...we are talking unnecessarily big and it doesn't even fit in the parking lot.

Attached

MSgt John “Right Wing” Baughman

He will soon be starring in Alaska State Troopers show on the National Geographic channel. Due to retire in February '15, MSgt Baughman is riding out his time in the fuel efficiency office.

OGV

SMSgt Howard “Superstar” Gibson

Currently deployed for a six-month tour to his favorite summer home. He spends a lot of time mentoring the young airmen. SMSgt Gibson is highly energetic; any normal person would require six cups of coffee to reach his level.

MSgt Ralph “30 Days?” Hoffman

MSgt Hoffman can be heard around the squadron talking about how he will only have 30 days after his MEB gets wrapped up, a year later he is still here.

SrA Alexis “Swag” Mitchell

Upgraded to instructor and immediately moved into OGV. Now she spends most of her time sending out FCIF e-mails...not writing them, just sending them out.

SSgt John Hadden

PCS'd to McGuire. Last seen riding with his top down to the East Coast. Good luck Porkchop!

OGX

TSgt Sherwin “Rhino” Carino

After four years in the Squadron, he has finally found a new home in the Ops Group. Just don't ask him what the deployment schedule is.

SSgt Barbara “BJ” Epperly

Listen here see. This SSgt would fit right in with a 1920s prohibition gang. She drives like them too.

Mobility

TSgt Ezekiel “Meskan” Brito

Cross-trained from AFE and has a deployment under his belt. Keeps to himself most of the time.

SrA Mike “Ted Kaczynski” Thurman

Recently went on terminal leave. Rumor has it that he will be moving to a one room cabin in Montana. Stay away from the windows; he likes to experiment with explosives.

SrA Chris “FRED” Wiggins

Just got a line on Staff! Cross-trained from being a C-5 crew chief but still hasn't figured out how to set an alarm.

A1C Jesse “M.I.A.” Adams

About to go on his first deployment so we won't be seeing him for a bit. That is nothing new though because he checked into the Squadron and disappeared to his house for three weeks.

SrA Spencer “Cue Ball” Anderson

Planned to Palace Chase by the end of the summer but his in-service recruiter forgot to submit his paperwork. I guess that means he has time for another deployment?

Safety

SSgt Andrew “Stairmaster” Cohea

“Fell” down the stairs in his house and went DNIF for a while but now he is back up flying and looking forward to going TDY.

Scheduling

SSgt Malcolm “Carlton” Lee

If you notice your car using more gas than usual, it's probably because this SSgt is siphoning it out of your gas tank. Well known as a penny pincher, he bought himself a house and will take any trip he can to make some money.

SSgt Jon “Ivan Drago” Lauterbach

Cross-trained from AWACS. He upgraded from watching the scope to looking out a window.

SrA Ron “The Fonz” Fallows

He can't escape the clutches of a deployment no matter how hard he tries. Can be seen downtown wearing his v-neck and skinny jeans hitting on the locals. Had some trouble finding the receptacle on one of his receivers, oh well.

SrA Cody “Deliverance” Gerlach

Won his first amateur MMA fight and is out for blood. Recently upgraded to instructor and is proud to definitely be satisfactory.

SrA Damon “Chuckle Nuts” Tunender

PCS'd into the Squadron from Mildenhall with a plan to move in with someone before arrival. Online dating is the way of the future but don't use Craigslist.

SrA Bria “Voodoo” White

Became a new mother to a baby boy. Now that she is off DNIF, she is planned to complete re-qual and get back in the jet.

SrA Zach “Reporting Statement” Rambo

After returning from his deployment, he is planned to upgrade to IB in the fall.

Stan/Eval

SSgt Sam “Speedy Gonzales” Martinez

Instead of just slowing down, SSgt Martinez will be investing in a radar jammer and some special paint to coat his car in. Not exactly sure how much his insurance is, but we are sure that it is more than his car payment.

SrA Mike “Chia Pet” Buchanan

Recently married the love of his life and immediately volunteered for a long deployment. Barely missed the cutoff for promotion and is going to get those extra Air Medal points.

Support

SrA Mark “Papa John” Porretta

Enjoys making homemade pizza but doesn't want to eat any. It might damage his perfect figure. Looking forward to getting out and working with his Dad.

A1C Kowan “Who?” McFalls

“Who” just about sums it up. He is brand new to the Squadron and is keeping a low profile. Recently deployed on his first and is already scheduled for his second.

Tactics

SSgt Mike “DG” Voorhees

Acting Ops Sup while TSgt Hunter is away. Spends his evenings cleaning his guns and writing a list of all the people who have wronged him. We can't say enough good things about this up and coming superstar, he does it all.

SrA Donald “Duck Dynasty” Dedon

He owns more guns than the military does. It is an insurmountable feat to get him to go to lunch with us; he always replies that he needs to check with the wife first.

Training

TSgt Dennis “Gotcha” Edwards

Cross-trained from the CRWs maintenance side of the house. Now he enjoys the fruits of the flying world while going TDY.

SSgt Bryan “Make it Rain” Lee

PCS'd to Altus. HAHA.

SrA Vanya “Overqualified” Cook-Leotaud

Currently finishing her master's degree and recently got a line number to SSgt.

A1C AJ “Spirit Fingers” Langs-Hunter

Finished a four month tour with the base's elite honor guard. Now he is back up flying and promises to do a sortie study the night before he flies with any more Chiefs.

MCCONNELL AFB, KS

“RED FALCONS”

SMSgt Jeff “Hand, Foot and Mouth” Bishop – Our current Chief Boom but is on his way out to join XP. We were trying to come up with a different call sign until he contracted the same disease once again just a few weeks ago. Thanks for making it a little easier on us.

(M)Sgt Alan “Angry Al” Pelletier – Just took over as Squadron Superintendent from Bish. Recently dodged a six-month deployment to the Dirty Died and still angry as ever. Also, Al became a new dad this year, let’s just hope that his daughter doesn’t get his “good” looks.

TSgt Everett “Marbles” Marshall – Tactics NCOIC. He just recently arrived on station so we don’t have any dirt on him yet but for now he’s going to be taking over as the new Ops Superintendent.

TSgt Kenneth “Roofie” McLeod – Training NCOIC. He is also on his way out the door to join the civilian world after an incident in Spain about a year ago. You’ve probably heard about it but we’ll leave it up to him to explain.

SSgt Cody “Notebook” Beverly – Scheduling NCOIC. When he’s not setting jets on fire or trying to electrocute patients, he’s busy barking out orders in the scheduling shop and by barking out orders I mean telling Bowdich to do everything.

SSgt Ryan “E.A.D” Cornell – C-Flt Super. Amazingly was able to hold out making a name for himself until his second deployment. Ever see him in the Died ask him what “E.A.D” stands for.

SSgt Aaron “B-2” Davis – Readiness NCOIC. He is also on his way out to join the civilian world and we wish him luck. He’ll be happy knowing that somewhere out there there’s a B-2 with his name on it.

(T)Sgt John “Turtle” Ertle – A-Flt Super. Finally made TSgt after being a career SSgt. We keep trying to find a new nickname for him but Turtle just fits so well.

SSgt Bobby “Switch” Jackson – B-Flt Super and recent transplant from Security Forces. He liked Altus so much; he decided he’d try being a Boom so he could spend a little bit more time there. While on his first TDY to Red Flag Vegas; made the comment “When the glasses come off, THEY ALL LOOK GOOD.” Guess he misses the women of Altus too???

SSgt Killian “Waitforit” Stone – Stan/Evil NCOIC. This was an easy call sign for Killian, because when she got married she also changed her middle name in Killianaire style. Still up to her ninja ways, here one minute and “POOF” gone the next!

SSgt Justin Walsh – Currently on his first deployment. Once again a fairly new person to us so we’re still working on his nickname. He’s a pretty cool guy, just don’t accidentally buy his wife a beer at the bar.

SrA Steven “Broke” Bowdich – Recently got put on a 7-month DNIF, so we stuck him in scheduling. He’s doing a great job of molding and testing Beverly’s supervisory skills.

SrA Seth “MILF Hunter” Corliss – Still holds the title of world’s oldest SrA and he’ll let you know too. Just recently upgraded his call sign from “Preggers” to what you see now. Looks like the POF app is working for him!

SrA Jameco “Poison Gas” Edwards – This kid gets a new humorous story every time he flies! Let’s just say Edwards got confused right after he went to condition air one flight.

SrA Jake “Funky” Frisch – Works in Stan/Eval during the day but nobody really knows what he does with his nights. Probably out fighting crime.

SrA Josh “The Stache” Garrett – Can be found driving around Wichita in a black Neon that has smoking billowing from both windows and garbage piled up in the back seat. The man can also grow a pretty mean stache.

SrA Travis “Technically” Moore – Currently down at Altus for CFIC. If being an instructor isn’t his calling, he’ll make a damn good lawyer.

SrA Jesus “J-Rod” Rodriguez – Nickname is pretty self explanatory but he’s doing good work in the Readiness shop. Hopefully he’ll provide us with a funny story in the near future.

SrA Tyler Rutledge – A new father this year. He’s currently deployed and is doing a great job, so we’ve heard. Stand-by on the nickname. He hasn’t given us any good material yet.

SrA Justin “Boomagator” Schultz – Told the Chief of Stan/Eval that he was the “World’s Greatest Navigator.” Let’s just say he probably learned a lesson after that comment.

SrA James “Facebook” Shaffer – When he’s not taken extended stays down at Altus, he’s posting on Facebook. We’ll let you ask him about that one.

SrA Daniel “Under bite” Zopfi - When he’s not trying to hook up in the Mez he’s usually wondering around squadron looking busy. Nobody really knows what shop he actually belongs to.

A1C Shelby “Epi” Bowling – Only at McConnell for 4 days before she got her call sign. Apparently crispy kale chips don’t agree with her and she got an all-inclusive stay at the local ER downtown. Guess she didn’t get the memo that healthy eating and Booms don’t mix.

A1C Justin “Axe” Elliott – He owns every scent of Axe spray that has ever been put to market. You’ll have to ask him yourself if that stuff works like the commercials say it does.

A1C Kaitlynn “Ching-A-Lingas” Kuhar – On a Pacific A.E. she make the comment and I quote, “You wanna taste of my ching-a-lingas?” Hey what else is there to do in Guam?

A1C Nicholas “L13” Lichtenwalner- Fresh out of MCT and on his way to the Dirty D. He’ll make us proud out there and hopefully come back with a few stories to tell.

A1C Tim Neff- Fresh off of winning the Doolittle Award and was rewarded with a trip to the Died. He can be found in his newly appointed Junior Exec office or down at the smoke pit with his Marlboro Reds.

A1C Lane “Folds” Nunier- He’s still currently in MCT but will be out flying the mission very soon. Let’s just say I hope he flies a boom better then he folds a flag.

A1C Benjamin “Tuna” Sedlacek – Along with Corliss has also found success off the POF app. Hey Sedlacek, next time you text your buddies a picture of a gas mask and a fish, make sure that your overnight guest doesn’t go rummaging through your phone.

Capt Neil “Goob” Godwin- He’s out in the Died surprise, surprise. He currently works in the Stan/Eval shop but I’m sure we won’t be seeing around for a good long while.

Attached:

MSgt Lori-Lyn “Don’t Ask Me to Fly” Froehlich- She is working over at XP. We haven’t seen much of her around squadron for the last 2 years or so. Currently DNIF due to a bad appendix or something like that. Hopefully, she’ll be back to flying status soon.

Departed the Fix:

TSgt Logan “74%” Berry- Can now be found around Altus AFB with his hands on his hips enjoying a nice can of some Root Beer you’ve probably never heard of.

SrA Cory “Livin the Guard Life” Beck- Palace Chased about a year ago and is currently living it up in the Indiana Guard. SrA Moore misses him and often reminisces about their good times together. Whatever that means.

MCCONNELL AFB, KS

384 ARS

“SQUAREPATCHERS”

SMSgt Tom “Timmah” Ireland — Able to leap tall buildings in a single bound! Actually, he just steps over them. He and Avery are the only two booms in the squadron who can check winds at flight level just by standing up.

MSgt Jeff “Sparky” Sparks — Enjoyed the last year as both OGV EB and 384th Operations Superintendent. He now is currently EGUN bound! The end to all the “back when Sgt Sparks was Amn Sparks” stories has finally arrived! Best of luck, enjoy England!

A Flight

TSgt Davie “Jack-of-all-trades” Hobbs — Davie is pretty excited to be going to CFIC soon. On most days he can be heard muttering “I hate you guys” to SMSgt Ireland and Brain when they ask him a question. Maybe Davie has finally found a career he’ll stay in for at least one enlistment!

SSgt Andrew “TBD” Lavender – Cross-trainee fresh in from Altus. He will be learning the ropes as a new boom while backing up TSgt Hobbs as the assistant flight super. He’s too new for us to say anything witty... yet.

SrA Alex “Emo” Ortiz — Hide the sharp objects! While deployed, Ortiz got a little too eager opening a care package. He stabbed himself, stumbled down the hall, and then passed out in front of his Aircraft Commander’s room.

A1C Andy “Doc” Fallert — Okay, technically he only has his Master’s Degree and not a PhD. But we’re going on the “10% rule,” right? He tried to become a pilot, but scored so high on the AFOQT that they made him a Boom instead.

B Flight

SSgt Jon “Rock Wall” Britton — Recently added a flat spot to his head. It turns out that gravity is still a law that can’t be disobeyed. Dude, at least Newton used an apple!

SSgt Ryan “شبح” Nelson — Who is this guy? Not many people in the squadron have seen him, and had to check the Alpha Roster to make sure he belonged to us! Rumor has it he has a villa in Qatar.

SrA Adrian “Sleepy” Snelson — We just found out that Adrian will be leaving us soon at the end of his enlistment. We’re happy to report, though, that he’ll still be around since his better half will still be in the squadron!

A1C Marnel “It’s Just Dislocated” Wheatley — A newbie with class. First person ever seen bringing in a Chik-Fil-A spread to a wing all-call! He’s also joining the Surgery Club with a recent shoulder surgery. He’s just another guy trolling for babes, using his sweet scars as bait.

A1C Sam “Pappy” Mills — Another recent squadron addition *and* the oldest Boom Operator in the squadron. He’s enjoying dorm life, which could either be really good or really bad...

C Flight

SSgt Adam “I am Adam F&%\$ing Clark” Clark — Bumped out of Stan/Eval and now molding young airmen as a Flight Super. Of course he refuses to leave Stan/Eval, but that’s because he thinks it keeps him safe from a no-notice!

A1C Jon “Is it ‘nee’ or ‘ni’” Nigl — Freshly MCT complete and already has two IFEs under his belt. So don’t fly with him!

A1C Jeff “CC” Jaskela — This kid has a heart of gold. He has logged more community service volunteer hours than flight hours. We’re *pretty sure* it’s not because of a court order.

Readiness

SSgt Grant “Ringer” Ringenberg — “For fun,” Grant wanted to raid the dorms to do room inspections. He doesn’t have any airmen in the dorms.... yeah.

SrA James “Jimmy” Walker — Enjoys riding his motorcycle, but perhaps took the training wheels off a tad too early. Now he has some awesome scars to impress the ladies!

Exec

SSgt Andrew “Andy Who?” Willard — “Give-A-S#!t Meter” pegged at an all-time low. Ready to punch out to bigger and better things, like being punished by FAIPs at UPT! Enjoy the seven-hour stand-ups!

Awards & Decorations

A1C Autumn “Durka” Hedrick-Cox — She possibly spends more time on the beach than Nelson. Actually, they say her villa is right next to his!

Safety

SrA Roslyn “ROZ” Longmire — Did her best to fill in for Doug Boren at the McConnell Icon competition. She still represented the Squares proudly! She has a sneeze that can be heard around the squadron (followed of course by a faceless “Bless you, Roz” from all corners of the building).

Scheduling

(T)Sgt Adam “When I was in the CRG” Mosier — Finally made Tech! When not out on the road, he is complaining about attached and on loan pigeons never wanting to fly.

SrA Casey “Huh? Yep!” Hoium — Chained to scheduling desk...and loves it! Surgically attached the scheduling phone to his hip and is the walking squadron ATIS!

Training

SSgt Colin “The Boom with the Dragon Tattoo” Gregory — Brand new instructor! Of course you wouldn’t know it because he spends so much time “down range” avoiding flights with students. One day we’ll make him earn that instructor pay... and if you’re nice enough, he’ll show you his dragon.

SrA Mikey “Ortiz” Perez — For some reason people are always confusing Mikey for Alex Ortiz. But thanks to Alex’s scars, we can finally tell them apart! One thing that cannot be confused is that Mikey is one of our hardest working booms!

Stan/Eval

TSgt Jason “Brain” Burianek — If you were to note Brain’s daily activities, there would be a few common denominators: spending quality time harassing new boom operators, teaching pilots how much they don’t know as pilots, and leaving disturbing images seared into minds of anyone listening. Always a pleasure!

SSgt Kyle “Iceman” Engasser — The newly-wed! The Air Force knows the perfect wedding gift—short notice deployments! Who doesn’t like to spend their honeymoon on the beach?

SrA James “Sweet and Low” Michel — Anime, mass-gaming, Cosplay, LARPing...all in a days’ work for Jimmy. And maybe some time flying as a newly christened instructor! ... J/K DIABEETUS (this message was approved by James Michel). Jimmy is literally the sweetest guy in the squadron!

SrA David “Davery” Avery — Back-up for the back-up! He can out-process in a manner of hours and just remains out-processed to be ready for the next tasking that eventually will come a few days before he’s out the door.

Attached/On Loan

TSgt Marcus “Creeper” Barnes — We think his mind is melting in the Tactics shop because he is sporting a horrible desert ‘stache...PLEASE SHAVE THAT S#!T! You’re scaring the children!

(M)Sgt Doug “Pop Star” Boren — Missed his opportunity to be AMC Idol this year. Hopefully, “The Deid” can fill that void in his life. Heading to Wright-Patt this winter to work on the Pegasus!

(<https://www.youtube.com/watch?v=cS0wJJVINDk>)

SSgt Jason “Bane” Coffey — The contagious “standard!” Once around Coffey for more than a few hours you might find yourself suffering from “standard-itus.” Once infected, there is no known cure and will spread without mercy. Oh, and don’t forget to crush those beers! Jason just moved up to OGV and will be high atop the pyramid.

SSgt Sam “MIA” Johnson — SOAR-ely missed around the squadron...well, by people that knew him anyway. You don’t write, you don’t call, you never visit...what’s a squadron to do!?

SSgt Ky “Beefcake” Larkins — Most often seen at the gym and pounding hard boiled eggs, then molding the brains of MCT students.

Honorable Mention

1Lt Cliff “Eric” LeClerc — Has more flying time as a Boom Operator than most of our baby booms combined. He spends most of his flights begging Booms to let him update his R120 currency.

MCGHEE-TYSON ANGB, TN

134 ARW / 151 ARS

“Home of the Tennessee Volunteers”

Greetings from the 151st ARS / 134th ARW located at McGhee Tyson AB Knoxville, TN. As always, Booms are welcome to stop by and visit us if you are ever out our way for vacation or for NCOA graduation. We love to talk shop, drink beer, and most of our Booms specialize in remembering how good it was back in the old days. Sometimes, those stories may not be 100% true.

Bo Sunderland: Bo is currently serving in his 2nd year Chiefing various things around here. His frustration with scheduling is currently equal to that of a hemorrhoid that just won't stop. Someday he is going to take care of that problem.

Wayne Atkins: As Wayne inches closer and closer to an active duty retirement, he seems more open to taking those trips that no one else wants. The Scheduling office appreciates his dedication to defending America from an FBO in Tulsa or the beaches of Hawaii.

Ronnie “Crash” Dixon: Crash has a great appreciation for the finer things in life. In fact, going to his home is like having a guest appearance on *Downton Abbey*. The butler is a little snobbish, but overall, it is a pleasant experience. Oh, and he got another Business Effort to Alaska.

Randy Keener: As the current record holder for most Orange Boot Awards (ask one of us what that is), Randy is looking for a ward to pass his legacy on to. There are a few potential candidates, but we feel confident RFK will make the right decision before his impending retirement.

Brian “Trigger” Thomas: Last year we mentioned something about the new BOSS system being put in and Trigger's management of that project. He is *still* currently pulling that scam and has even hired Mark Allen and Nick Pierce to help him hide in the re-built building. But seriously, he has done a ton of work that we will all benefit from in the coming years.

Lennie Tipton: Lennie has a baby in the house and has forgotten what sleep is. He should probably start flying on sorties as the second boom to get a nap in.

Eric Jones: Our resident marathon runner and expert on all things skinny has been complaining recently of pain possibly related to exercise. Although this does nothing to prove that my plan of sitting on the couch, drinking beer, and eating Cheetos rarely ends in injury, it also does nothing to disprove it.

Bo Rogers: Bo is the new master of getting paid to do anything but fly. That is the same thing we wrote about Bo last year. But one should never mess with a perfect description.

Brent Seymour: For Knoxville's finest Fire Chief just see Bo Rogers' description, but even less. Somehow.

JJ Davenport: JJ flies every Friday morning. Come hell or high water he will be on an airplane every Friday morning.

Tyler "Tater" Ott: As the current longest serving Scheduling guy, Tater's frustration has grown to levels unseen by normal people. One day we're all going to pay.

Shannon "Blue" Price: Blue has a new position in Current Ops. He's never there due to taking every trip imaginable, but he has a desk located in Current Ops that we are all confident that will be filled by Blue at some point.

Melvin Brandenburg: As the resident used car salesman, Melvin is looking to give you the best deal for your money. This attitude has infected his scheduling. Melvin can make an '89 LeBaron look like something you really want.

Jody McKee: This guy is still the New AGR and we all hate him; especially when he complains about not being able to pull alert. Oh and he's a helluva golfer. Just ask anyone around.

Tommy Cole: How many of these firemen can one unit have? I'm sure there is some tolerance the 151st ARS has exceeded. Tommy is at Instructor School now and now can fly with Seymour whenever he needs to get re-current.

Terry "Rev" Mull: Most people would view having a Mechanical Engineer in the squadron as a blessing. However, Terry usually starts talking so far over our heads that we just feel like idiots.

John "Abe" Whaley: The hillbilly extraordinaire has moved to the city. Why? We don't know. I suspect it may be to sit outside his apartment and poke fun at all the uppity city folk in a hurry to get somewhere.

Nick Pierce: Nick has conned Trigger into letting "help out" down at the new sim building. I think this arrangement will end in either a promotion or a discharge for Nick, depending on who finds out.

Josh Lane: Is a Boom Operator. Please take note that I did not mention currency or proficiency.

Anthony Flores: As the back-up smart guy to Rev. Mull, Flores has distinguished himself as a lover of '80s Rock and all things hip. He still works at Siemens, but treasures every moment he gets to spend with us.

Chris O'Donnell: "Sponge Boom". Local Fireman, pillar of the community, and Bo's right hand man in Guam. Spongey is going places in this world and none of you can stop him.

Demoted to Pilot

Lt Col. Kelvin Kuwik: Kelvin went thru Castle in 1976 at the tender age of 17, and was commissioned in 1982. He retired a few months ago...I think.

Lt Col. Liz Matthews: Liz came to us from Forbes a few years ago. She was an engine shop troop until 1993 when she went to Castle. She was commissioned in 1996.

Maj. Jeremy Taylor: Jeremy was a crew chief from 1988 to 1995, went thru Altus as a Boom in 1995 and was commissioned in 1997. He recently left the Tanker world to go fly Reapers in Nashville.

Maj. Hiram Williamson: Hiram was a crew chief from 1991 to 1995, went thru Altus in 1995 and was commissioned in 1999. Hiram is now fulltime in Training, but can't wait for the day when he can tell us all goodbye.

Maj. Jason Reed: Jason went thru Altus in 2000, and was commissioned in 2005. He is one of our fool time pilots in Stan/Eval.

Capt. Erik Swanson: Erik, like Liz, came to us from Kansas a few years ago. One of our newer AC's.

Maj. Chad Cheatwood: Chad went thru Altus in 1998 and was commissioned in 2002. Just upgraded to AC in the tanker.

Andrew Burress: “Burress County” is currently at UPT. God help us all.

Moved On

TSgt Jared Morgan: “Beef” just moved to Nashville to become a sensor operator. Not sure what that means but he is an avid video game player so I am sure he will be okay.

Capt. Richard Alan Potts: R.A. is still at the 119th Command and Control Squadron here on base. We occasionally see him at lunch wearing his Spwings around.

TSgt. Dennis Greenwood: Dennis always has a home in Knoxville at the 134th but for now we have loaned him out to the active duty AWACers at Tinker as a flight engineer. No more four hour FTPs for Dennis.

Capt. Bryan Rollins: Peabody left us in 2010 and is now a true space weenie with Richard Alan in the 119th.

Mark Allen: Mark still wanders around the base, but with a goat-tee and civilian clothes. He is working at the new Boom Simulator as a FAC guy. Please don't misspell that like I did the first time I wrote this.

Final Fly By

MSgt Sonny Murrin (1985), CMSgt Billy C. Lindsay (1995), SMSgt Jimmy “Flash” Harris (2007), MSgt D.W. Harris (2009), MSgt Harold Bishop (2010), SMSgt Mike “Buck” Buckner (2011), and TSgt Ted Wright (2012)

OSAN AB, ROK

607 Air Operations Center

SABRES “Fight Tonight”

MSgt Eboni M. Hill - Osan's only resident tanker planner fueling & winning the war against North Korea, one exercise at a time. On my second year at the AOC & I may be the first boom to ever extend in this position. Great people, great opportunities, awesome experience! Taking applications for my replacement, positive attitude is a must!

PEASE ANGB, NH

64 ARS / 157ARW

MSgt Mike Webster – Tells his wife he misses Japan, but in reality he loves it in New England. Fishing, shooting with all the new booms making sure we stay out of trouble as a grandpa should. He gets us the best deals in the AF.

TSgt Geoff Schultz – Finally moved him out of the tactics vault into Stan/Eval so we could keep an eye on him but still have no idea where he is. Loves this place so much he's been trying to get into the guard and stick around, I think he is trying to set the world record for most palace chase packages denied.

SSgt Rob Kawasaki – Working in training flight and making progress with our electronic training folder tool, thinks its fun to call Poteet and ask off the wall questions to see if his head will explode. Been DNIF for a while, hoping he can get everything worked out soon so I can deploy him.

SSgt Antoine Nguyen – When he isn't hard at work fixing stuff in Stan/Eval he can be found at the gym flexing in front of a mirror or on some sweet TDY somewhere.

SSgt Kyle VanderWagen – A former weapons loader to us from Seymour Johnson he's been doing an awesome job during MCT, we are glad to have him. No Kyle, you can't put any bombs on the tanker, sorry.

SSgt Amanda Ampey – Our newest addition coming to us from Mildenhall, at least she will be used to the weather here. Hit the ground at full speed and after a brief MCT of a week and a half has her sights on some of those sweet TDY's Antoine is always on.

(S)Sgt Shaun Conners – Came to us in January from MacDill and of course we deployed him as fast as we could. Knew he would have to drive in the snow for the first time ever so he sold his Vette for an H2.

SrA Loraine Ermel – Don't really know much about Loraine, she came to us from McConnell and deployed for 4 months, you're not in Kansas anymore Toto. When I do get to have her in the office she is one of the hardest workers I got.

Departed

MSgt Justin Poteet – Justin moved on to bigger and better things at AMC so we can all feel relieved we won't have to get our checkrides from him.

Inbound

SMSgt Andrea Inmon – Coming to us from Altus in January. Couldn't have picked a better time to move to the northeast, just ask Conners!

PEASE ANGB, NH

133 ARS / 157 ARW

CMSgt Tony Casella anthony.casella@ang.af.mil: Chief has been busy with ANG BOSS program, CEA Council, and Resource Advisor. He's been the booms biggest advocate reducing the damage of enlisted grade review.

SMSgt Glen Starkweather glen.starkweather@ang.af.mil: Has built an amazing cabin in Maine! Maybe someday we can get an invite. With his retirement in sight, Glen has prepared himself by buying some land for a future business.

SMSgt Mike "Mick" George michael.george@ang.af.mil: Mick has worked his butt off this year getting everyone ready for their deployments. We couldn't be happier having him in Readiness this year.

SMSgt Jim Doyle james.doyle@ang.af.mil: Jimmy got promoted! He's taking a more traditional role this year. With the airbridge gone, he's focusing his time working on homes as a contractor.

MSgt Gary Howard gary.howard.2@ang.af.mil: Gary has settled in just fine as our new Long Range Scheduler. With plenty of trips to fly each month, it takes more work just finding people to fly on them or Gary sometimes.

MSgt Mike "G-Rod" Girouard michael.girouard@ang.af.mil: Still working late and crazy hours with TTF. All those hours gives him plenty of time to retaliate on a harmless joke. This guy will bring a bazooka to a paperclip fight. He's still looking for someone to buy his beach house.

MSgt Alan Beaulieu alan.beaulieu@ang.af.mil: Al got an EQ on his AMC Cargo check; you don't have to ask him he will just tell you. We know Al; if we all spent 500 hours preparing we could get an EQ too. He's just got his 2nd boat that he enjoys with his family, two new dogs, and a new position in Training. Al is keeping himself busy. Maybe we can get him on a flight once in a while?

MSgt John Lennon john.lennon@ang.af.mil: John is still working on his inner voice. He's never afraid to express his views on where our unit is headed. He keeps busy with his full-time civilian job, but is always willing to help out when needed. John keeps his currency flying the Thursday night line.

MSgt Dan Luter daniel.luter@ang.af.mil: Loves his job building skyscrapers. He is still faithfully flying the Thursday night RODD 99. Not a bad hobby.

TSgt Mark Brophy mark.brophy@ang.af.mil: As one of our AGR hires, Mark is making the move from Scheduling to Training. His summers are pretty much spent on his new and amazing sailboat! It's a shame he had to go with the small model. 42 feet was the maximum size the Navy yard would allow.

TSgt Christie Tetley christie.tetley@ang.af.mil: Still loves spending time with her husband and her dog Guinness. While waiting on words for KC-46 IOT&E, she's a scheduler on the new LMPA line!

TSgt Eric Diaz eric.diaz@ang.af.mil: Eric became an instructor! When he isn't flying with us, he's been protecting the lakes in NH as a Fish & Game officer or saving lives as an EMT with the Fire Dept. He's been a rare sight this year, with the airshows being put on hold.

TSgt Jamie "Shrek" Marier james.marier@ang.af.mil: Pretty sure he's benching about 5,000 lbs at the moment. As a PT monitor, he's good at making you feel like crap for getting an 89% He's making the move soon from training to scheduling.

TSgt Daryl McPhee daryl.mchpee@ang.af.mil: Hired as an AGR, Daryl finally made the big move from wayyyyy up north for a better commute. He's doing just fine working in Mission Development. Pay attention to his emails, they're pretty important.

SSgt Samantha Yeanish Samantha.yeanish@ang.af.mil: Still working on her education in nursing. With her husband deploying soon, Sam is preparing herself for some really busy months ahead.

SSgt Kevin Johnson kevin.johnson@ang.af.mil: Juggling Temp Tech with his at home hobby of baking artisan breads and pizzas. Think tandem trailer with a homemade brick oven on top. With him making a killing at farmers markets, it may be hard to keep this borderline hipster in the office.

SSgt Nate Tarleton nathan.tarleton@ang.af.mil: Our newest boom hire. Flying as much as possible, and taking any Temp Tech available. Nate is still not happily engaged to his longtime girlfriend. Anyone have any advice? I'm sure he hasn't heard enough.

SSgt Brett Peterson brett.peterson@ang.af.mil: Coming off of the airbridge, Brett is looking for a "real" job with guns. Market Basket was his first choice. He's also in the works of selling his home and buying a new one.

SrA Matt "Puppy" Pongrace matthew.pongrace@ang.af.mil: Another airbridge casualty. Matt is one of the newest members of our LMPA line. He LOVES sitting alpha alert! Guess what?!? He's finally house-broken!

A1C Chris Storm chris.storm@ang.af.mil: Still serving as a NH State Trooper, Chris has no problem pulling his coworkers over and giving them a ticket. The answer is 20 over if Chris is on patrol that day.

146th Booms

SRA Justin Blinkey – Justin’s our newest Technician and monster truck pilot/Youtube sensation. Just search “obnoxious diesel smokeout” to check him out.

SMSgt Ryan Conley – Ryan’s our current OGV Boom and rabbit slayer extraordinaire. His Beagles are like furry piranhas.

MSgt Jon Gift – After some extended Mr. Mom time, Jon’s back in training providing his patented blend of intimidation and scorn to whip our freshman class of Booms into shape.

TSgt Dan Moretti – Dan’s doing yeoman work in the scheduling salt mines. Since he’s been here he’s gone total suburbanite with the wife and baby cutting into his hunting schedule. He’s currently seeking backing to produce the first minivan gun rack.

SMSgt Yale Perkins – During his short tenure as Chief Boom for the 146th, Yale has become a circus-quality juggler of manning issues, appraisals, bitching, whining, runaway egos and everything else supervisors deal with before 0900. Not only is his door always open, people actually enter voluntarily!

MSgt Pat Sharkey – Pat’s our monthly AR planner and designated office timekeeper. DO NOT be in the doorway at quitting time! He’s like Fred Flintstone sliding down the dinosaur when the whistle blows.

MSgt Mike Worthington – Resident humorist and Ryan’s backup in Stan-Eval.

SMSgt Joe Morris – Joe’s one of our longest serving guardsmen and part of an extensive Fireman/Boom mafia here at the ‘Burgh. If your home goes up, there’s a pretty good chance a Boom’s coming to put it out.

TSgt Jason Moore – Going to school. Squadron beatings begin in January.

SSgt Tim Mulvihill – Tim’s another cross-trainer from the ATC world and if he’s anything like his loveable maniac dad, we’re in for a long, entertaining ride.

SSgt Scott Nagle – Scotty’s come a long way from the semi-lucid state he arrived in from maintenance. Still, at the speed he moves he should live to be 200.

SSgt Andrew Neely – Yet another stray we took in from the SPs. Making a giant leap toward maturity with a new fiancé and house. Might want to carve out a landing pad for the Stork while you’re at it, ace.

SSgt Brandon Onofer – Brandon’s a new acquisition from LG who balances his time between the Guard, landscaping and putting his horticultural skills to good use by growing the fiercest regulation ‘stash in the Air Force. Any 1st Shirt would be green with envy!

SSgt Reggie Reese – Reggie’s gone from bum to pure part-timer since he decided to pursue his dream of becoming a tycoon due the recent oil boom here in PA. I would insert some sort of “fat cat” joke, but he has slimmed down some.

MSgt Mike Schanck – Another flying fireman, Mike has learned the ropes of bleeding both the Guard and the city for every last nickel he can squeeze out of them.

147th Booms

TSgt Kirk Boring – Kirk’s still in training and doing a great job now that he’s figured out how to use the decoder ring that you need to figure out the vol. 1.

CMS Steve Grindle – The Chief is on a Tech tour to help our First Shirt with people problems, which usually amounts to talking the Shirt down from the roof every time he has to do another SAPR class.

TSgt Erik Larson – Erik’s been a real rock in scheduling. Well, maybe more like a boulder, but in any case he’s doing a great job.

CMS Gerry Levato – What more can I say? If Stephen King made a movie about Gerry, it would be called “Fire Stomper”. Gerry takes on so many issues here, we should clone him! Seriously, he does an awesome job taking care of his flock of Booms.

MSgt Robert “Bo” Winovich – Bo’s in training along with Boring and Gift, and given the number of rookies coming our way, is gonna have to grow an extra leg to kick all those asses into shape!

SSgt Scott Amorose – Scott, who works on powerlines and has wrecked two motorcycles, recently got married...hopefully to an insurance agent!

SMSgt Eric Apelskog – This ex-gunner has more stories than a 50 year boom. Eric’s still here as an attached flyer and recently celebrated the birth of his first Grandchild. We’ll make sure your AARP card gets to you soon, OLD buddy!

SSgt Justin Davis – Justin is on his way to Altus having just arrived from the Reserves. If you ever wondered just how cold a well digger’s ass is, ask him. His job at the Water Authority makes him a subject matter expert.

SSgt Mark Hamilton – “Hamiltoe” is yet another disillusioned SP who dreamt of making it big as a Boom someday...provided that dream included going to the ‘Deid all summer.

SSgt Myke MacAfoose – Myke’s trying to make it big in the oil biz like Reese. Although, after being on Bravo for God knows how long, he could be CEO of Chevron and still take a pay cut.

MSgt George Meszaros – George, the affable genius engineer still comes out as a part timer when not building Death Stars, rayguns and time machines in his basement.

MSgt Jeff Morris – Jeff’s a truly great guy, but we’re all getting so pale living in his shadow! Just kidding. Jeff deserves every one of his many accolades and we’re glad he’s ours.

MSgt Casey O’Connor – The Guard Father. Two decades and change of living like Led Zeppelin on tour haven’t slowed him down a bit. He’s still globe trotting around as the undisputed king of Guard Bums.

TSgt Bill Paull – Bill’s still with the Fire Department and between taking as many callbacks as he can grab and flying with us, still managed to expand his brood by one with a beautiful little girl!

SrA Heather Sikina – Heather’s out the door to Altus this summer. Don’t know much about her except that she has great taste in cars. Hers probably cost more than my first house!

SSgt Jack Walters – “Jacked” just completed MQT and previously served as an Army diver. So you joined the Army to dive? Why, was Navy ditch digger all filled up?

TSgt Dan Zickefoose – Dan recently took himself off of public assistance as a Technician to follow the herd into the oil fields in pursuit of the ‘Merican dream. Drill, Dan Drill! If you hit big enough, maybe we can all quit going to the Gulf!

The Departed

TSgt Tom Armour – Tom, who had been our most reliable source of unreliable intel, will retire this July. He’ll still keep in touch by phoning in fake anonymous tips, though.

MSgt Scott “Scooter” Trowbridge – What can’t you say about Spank that hasn’t been seen in some dark chat rooms. We lost his services and his video collection due to a pain in the neck.

MSgt Marc Barna – Barney left us for greener pastures this year and is living the dream as a happy Grandpa to his ever expanding herd.

SSgt Dom Clerkley – Dom’s on his way to bigger and better things, having taken the initial steps toward a commission.

“ENDURING”

TSgt Justin Brundage: Training & Standardizations - Since arriving to Brisbane, Australia in January 2014 I've kept myself busy with KC-30 qualification training and underground kangaroo fighting. The aircraft has a great amount of capability but many challenges as well. Hopefully with a little luck and a lot of preparation, the boom will be used to refuel the newly acquired Australian F-35's in the coming year. Life is good in Australia and the organization was left with big shoes to fill with the departure of TSgt Lindsay Moon. This assignment has been nothing short of amazing and eye opening to the capabilities of our allies. If anyone wants more information about the KC-30 or happens to stop through Brisbane feel free to send me an e-mail for a tour of the jet and a pint. Cheers - justin_brundage@yahoo.com

RAF MILDENHALL, UK

100 ARW, 100 OG, 351 ARS, 100 OSS

“THE BLOODY BOOM ASSOCIATION”

Chock up another win for the Bloody Booms, because we've had a hell of a year out here across the pond. It seems like every time we get used to the "new normal", we get yet another tasking. Luckily we have a group full of kick-ass boom operators that, without fail, get the job done. It's not easy being the only tanker base in USAFE/AFAFRICA, and we've stayed pretty busy throughout the year, with maintaining our EARS down in Moron, pulling a lot of alert, and all the other front-page news from this corner of the globe. As a Capstone, it is a huge honor for 351st to be named the 2013 winners of the General Carl A. Spaatz trophy, as "Most Outstanding Air Refueling Squadron."

Fellow booms: if you're on your way through, don't hesitate to drop by the squadron. There's usually at least one of us here. So here's to wishing you all a good and prosperous year.

100 OG

CMSgt Paul Wallace – As group superintendent, Chief gets to tell his stories and talk the ear off of everyone in the group, not just the boom operators. We still let him fly every once in a while.

MSgt Michael Ingram – Our resident OGV boom, Ingram is the Electronic Flight Bag expert. He became so proficient with the new I-Pads that he recently gave us all an e-pubs update from the future. Hopefully he can continue his expertise at his new assignment with the CRG out in Travis AFB.

MSgt Joseph Koch – Joe the Carnivore moved up to be the OG Training boom this year. He has been instructing the majority of our booms in training. They all learn a lot from Joe and most of them succeed, unless they mess with his water jug.

100 OSS

SMSgt Max Morkin – He was the incumbent Inspector General for RAF Mildenhall, but it was determined that he was too sensitive for everyone's complaints, so they moved him up into wing scheduling. He has the most intimidating voice ever to transmit across the airwaves of Mildenhall command post's frequency.

TSgt Roger Vula – Apparently the Air Force forgot about Roger as he's been stationed at Mildenhall for nearly a decade. He continues to make the 100 ARW move forward while working up in wing scheduling. Still misses having Kenny as his sidekick.

SSgt Kristopher Echols – Kris was all set up to get his VSP approved with a big fat bonus but then he called AFPC and told them he wanted to go to Altus instead. We were surprised at this decision but he was following his heart. Currently closing out his time keeping all the booms tactical.

351 ARS

Command Section

SMSgt Cesar Flores – He has taken the helm and is making rounds as the ARS superintendent, but none of us are quite sure what he looks like because he moves so fast it's just a blur. HOORAH!

(S)MSgt Michael Rodriguez – Apparently his time spent with those sailors at the Coast Guard SNCO academy paid off because he got his line number. During an IG inspection, he made enemies with an entire fighter wing by recalling some of his MTI skills and making them all cry.

(M)Sgt Joseph Blakley – The Blakley family continues to grow: seven kids weren't enough so we made him the First Shirt and became kind of like a dad to all of us. Recently selected for promotion and set to take over the reigns as Ops Superintendent!

Stan/Eval

TSgt David Thoresen – Congratulations Dave! He just recently won the award for Most Experienced Stan/Eval Boom EVER. Dave scoffs at career-broadening opportunities; Stan/Evil for life...Until he was selected as the new NCOIC for OG Training.

(S)Sgt Gabriel King – Gabe's done a tremendous job this past year and was rewarded for it by being upgraded to evaluator and moved back into Stan/Evil. He recently graduated from ALS where he won the "John Levitow" award - this kid is wicked smart! Hopefully we'll convince him to re-up, but I think he's set on joining the Peace Corp, mini Joe Carnivore in training.

SrA Andrew Parsons – Drew is looking pretty sharp these days with his fresh haircut and tan boots. He plans on separating in February but in the mean time he has been educating the new booms on the ins and outs of AFI 36-2903. Andrew will finish his time as the new Safety Office Boom.

SrA (BTZ) Danielle Repp – Danielle is doing a hella great job in the squadron, and her recent BTZ promotion was hella accomplishment...and well earned. She is deploying a hella lot and will soon start making a hella big impact as a SELO. Make sure to ask for an invite to her and Johnny Depp's wedding.

Scheduling

SSgt Serjay Ficeli – The DO wanted someone to keep all the booms current according to continuation training, so Serj got put into scheduling. And just for good measure, we sent him to CFIC for upgrade.

A1C Kayla Whorley – Kayla is the reigning champ of quitting smoking; she's done it four times this past year. She is still Granger's little sister (or so he says). Too bad they're always on opposite deployment schedules.

Mobility

TSgt Daniel Maas – A transplant from the FTU, he has taken over as NCOIC of mobility. He was dying to unleash some of his old TACP workouts and has been keeping all the booms in shape by leading us on forced marches with 50lb rucksacks.

SSgt Steven Mertens – A recent inbound from McConnell, Steve is still in MCT, but itching to make his mark in Mobility.

SrA Tristan Henthorne – Still throwing money at that race car of his. Although you could say it's been a good investment; it has only broken down six times this year. But seriously, it transfers over to work; Tristan has been the driving force behind the mobility shop and was recently rewarded with a new gig in training.

A1C Michael Robinson – He is the squadron’s own Barry White and is the epitome of the term, “Smooth Operator.” His voice sends receivers into a relaxed mood making the contacts that much sweeter.

Training

TSgt Augustine Marshall – Augie tries to stay busy with being NCOIC of Training, but lately he’s been sneaking off to the broom closet for make-out sessions with the commander’s secretary. Getting chummy with her paid off, because he was recently selected to take over Stan/Evil.

SSgt Amanda Ampey – Finally got those air medals from two plus years ago through the system and put on stripe number four. While not deployed, she has been integral to keeping the training shop running. Amanda made a huge impact at ALS as a flight leader and sadly just left us for Pease.

SSgt Eric Sonnenberg – Graduated from CFIC, moved into training, and hit the ground running educating our young boom operators. Apparently he hit the ground too hard or ran too fast because he got some serious “shin splints” and went DNIF. Hopefully he can get off the Disabled List soon and back into the rotation.

SrA DeVaughn Granger – Has moved on up the ranks and is now a role model the baby booms can look up to, both literally and figuratively. He’s been trying his hardest to avoid getting an office job by going on the road all the time. But for real, welcome to Training Flight.

A-Flight

(T)Sgt Mathew Ohle – Proves the myth about unicorns is true. Had an unfortunate experience with a KC-10 that took home a souvenir. Mathew made Tech so you can expect to see him continue to grow as a leader and a boom operator.

SSgt Catherine Norcom – Just arrived to us from McConnell and instantly hit the ground running! Provided over 10,000 improvement ideas within the first 48 hours!

SrA Kyle Cleis – Still moving at the speed of light. He’s so fast he put on SrA without anybody even realizing it. He is one of our regulars for trips down to Moron where everyone complains about the slow internet. If they only knew what level paladin he achieved in WOW.

A1C Tyler Romeis – Following in Chief Wallace’s footsteps; if you’ve ever started a conversation with Romeis you’re probably still having it.

A1C Marcello Navarette – A former Altus pipeliner, Navarette is the most sage car buyer in England. He takes cheap to a whole new level as he has turned down many great vehicle offers by other booms.

Amn Lyndon Stoudmire – Arrived a month ago from the Altus pipeline but still wearing the Top Gun-style name tag. Turned some heads at PT with his fitness prowess, but waiting to see what he can do in the jet.

B-Flight

SSgt Michael Eiland – Since Roddy is leaving, Michael is taking over as the enforcer. He sees himself as a big, intimidating guy with a sledgehammer, but it’s more like a teddy bear with a rubber mallet.

SrA Amy Lizauckas – Apparently Amy can’t see that well, and she finally came to the profound realization that sight is a necessary tool for a boom operator. She’ll be getting laser eye surgery this summer.

A1C Donovan Kennedy – The soft-spoken one, he made it all the way through MCT without saying more than twenty words. We hope that he’ll get some war stories on his first deployment and then “Bubbles” will have to talk to us.

Amn Warren Handshumaker – Trying to break Cleis’ record for longest time spent in MCT. If only English summers had nighttime, he could get his night fighters.

C-Flight

SSgt Andrew Valence – We had to teach him how to be a boom again after his stint up in wing scheduling. Also, we felt bad after not flying him for two years and sent him to Iceland. He is currently in the groove managing all of our baby booms.

SrA (BTZ) Eric Daschner – Eric proved himself as “truly among the best” by getting promoted BTZ. He pretty much defines the job title of Line Boom. He spent so much time on the road that it’s hard to realize he’ll already be out the door this fall. Good luck at McConnell.

A1C Jacob Dunsmore – When Dunny first got to Mildenhall we thought he and Flory were twins. They were hanging out way too much, bought identical cars, and even started to dress the same, so we decided to send them on deployments to two different continents.

A1C Bryan Flory – Got slightly disgruntled during MCT and tried to poison one of his instructors by contaminating the water supply. He made it through the episode and is now a reliable line boom.

Departed

MSgt (Retired) Clint Slick – We salute Clint and thank him for his twenty-four years of service. He retired last fall, but we know he still misses us. We definitely miss his southern charm and no frills leadership style. We hear he has his feet up, living the good life, with Susan Slick (his “Sugar Momma”) making life easy for him...

MSgt (Retired) Pat Denson – After twenty-four years and unfortunately for us, Pat recently retired to go work in the railroad. Interesting how such a humble boom is willing to go toot his own horn. You could search the Air Force high and low and not find a better teacher, mentor, or boom operator than Pat. Had the twilight of his astounding career in Mildenhall - Coach: good luck and Godspeed...we salute you!

TSgt Thomas Vesser – You’ll never meet an individual happier to get orders to Altus than Tom was. Sorry buddy, but the future of boom operating needs you.

TSgt Everett Marshall – Everett moved to Wichita but still holds on to his commitment to the Bloody Booms; he even “Cc” us in his usual work emails. Although we can’t usually make it to his squadron’s event, we do appreciate the invitation.

SSgt Kenneth Arcibal – Kenny had enough of the grey English weather so he and his young family headed out to sunny southern California.

SSgt Michael Danilowski – As much as the baby booms missed him, D-low went off to start growing babies of his own in Altus.

SrA Damon Tunender – Moved on to McConnell. Not sure if TMO would accept the Justin Bieber poster or the giant purple beanbag couch with his household goods.

A1C Anthony Ellsworth – Deployed to Spain; never made it back. Rumored he’s still partying in the clubs of Seville, so we separated him.

Inbounds

MSgt Jeffrey Sparks – McConnell

(M)Sgt Lawrence Nahalea – Altus

SSgt Christopher Ramey – MacDill

SSgt Bobby Cash – MacDill

A1C Dion Lankford – Altus

A1C Joseph Wukasch – Altus

Amn Christopher Nerney – Altus

~~SMSgt-CMSgt Robert 'Spike' Spychalski – HQ USAFE/A4MA~~ Superintendent, 37 AMU is still up to his practical-joke shenanigans. He is enjoying life as an almost 'kept' man as She 'Spike' is now a GS NAF Accountant.

SCOTT AFB, IL
HQ AIR MOBILITY COMMAND
BOOM OPERATOR CFM

Fellow Booms,

Hello from Scott AFB, home of Air Mobility Command, USTRANSCOM, 18th AF, TACC, the 126th ARW and the 906th ARS to just name a few units here. It's a busy place, especially rush hour! I've been in the seat now for about a year and a half and I'm impressed each and every day with the work you do. We currently have over 770 active duty booms serving around the world. Our current manning level stands at 106% but this number is really deceptive due to the amount of young boom operators we have. For example, we are approximately 160% manned in A1Cs and 170% manned in SrA. We are still experiencing a shortage of TSgts, MSgts and SMSgts; however we were fortunate this past year to receive increased promotion rates in these three ranks.

This past June Scott AFB hosted the Boom Symposium for the very first time. As our guest speaker, we had Mr. Dick Taylor, the very first boom operator and the 6th ARS at Travis was awarded the 2013 Al Evans Award as the best Air Refueling Section in the AF. I believe the symposium was an overwhelming success and Scott would like to host the event again in June 2015. Please make plans to join us next year; we would love to have you all here.

This summer we are making preparations for the KC-46 by selecting 10 booms to participate in the Initial Operational Test and Evaluation and next summer 47 booms will be selected to be the Initial Cadre. These booms will either be stationed at McConnell to stand up the first main operating base, Altus to standup the school or Randolph to get the AETC component up and running. Over the next couple of years it will be an exciting time to be in the tanker business!

Finally, THANK YOU for the sacrifices you and your families make each and every day. As long there are good people in this world who need America's assistance and bad people who want to do us or our Allies harm the tanker community will always be busy. You are truly making a difference in the world and I hope you take pride in your contributions. Stay safe!

“BUZZARDS”

After receiving four emails and 12 text messages from the Signal Editor. Good Day and greetings from AMC IG team! Just like our reports we almost got this in within our 30 day time line. I know you said 31 July Burnsey.... We have been busy! Since January we have inspected 7 NORIs and 3 UEIs. Figuring out how to integrate NORI into the new Air Force Inspection System is taking up most of the rest of the year. We still have a full schedule for next year and remember “we are still here to help”.

MSgt Nate Hackney: Who would have thought PLS Timing and PLZO criteria would get you banned from a base. The Hate has been very effective as a NORI inspector this year. Asked a dumb question on why all things NORI weren't in the Nuclear Division, moved divisions the next day. Due to his love for all things NORI we found out he forgot re-enlist until he received his separation notice and had to re-enlist during an inspection. We had no idea you could do the entire process via email in one day.

MSgt Kurt Hinson: Kurt joined us from across runway after Justine decided to leave for Space Camp. I don't really think he knew what he was getting into when he said “sounds like a sweet deal bro” to Chief Cole.... but hey, no Guard GK deployments for a while. Kurt Jumped right into the NORI fight and will no doubt also be banned at a base near you in the future!

MSgt Jason Prosser: Since his move to IGA Jason was surprisingly at his desk when we had to go get him to write this. When he is not analyzing trends he can usually be found avoiding Chipotle and critiquing pizza that he tries on the road, seriously it's just pizza. Hopefully IGA got a better deal than IGN did when we had to take Justine and an old ham sandwich in the trade at the deadline.

Buzzards that have left the Nest

2Lt Justine “P2” Pescetello-Parr: Yep... she is an Officer now. Left the IG, and the Boom career field, and is now tracking satellites at Peterson. Consider this your NOTAM. Good luck!

HQ AMC/A3C

EXPEDITIONARY OPERATIONS DIVISION

Yes, it's a SAC patch. We don't have to explain it.

Greetings from the banks of Old Miss. The tide (of corn) is rising slowly, but so far is not threatening to impede on safe navigation.

AMC/A3C has a handful of booms strapped into their cubicles and running checklists that have little to do with the tanker business, but we are just down the hall from Training and Stan-Eval, just upstairs from TACC, and providing functional management for all the CR forces.

Mr Greg Conrad is one of those quiet Branch Chief types and you wonder if he has anything to say... until he starts talking! Greg has been retired 11 Years now, doesn't seem possible, he still works in HQ AMC/A3CC as a Civil Servant. In Greg's off time he enjoys being a Scout Leader, camping one weekend a month and two weeks a year, sounds like a Guard Guy! Kids are grow up fast Bryan (Eagle Scout/BJJ Blue Belt) will be a senior, Justin (Ninja in Training) a freshman, and Kristen (Dancing Diva) 4th grade, and last but not least Miranda (college grade and working in the local area). Stop into AMC and say Hi if you are in the area.

MSgt Jayde Langley abandoned ship. He left this lovely, highly refrigerated vault of cubicles to go back to flying... lucky bastard. We wish him well and know he'll use his HQ experience in mentoring all the youngsters (especially the lieutenants).

Mr Anthony "The Road Rocket" Nicholson is keeping the annual weekenders at the lake alive, another one just recently with no injuries or inexplicable diseases taken away – a great weekend; another coming in this fall. Tony keeps a sharp eye on everything around here, especially the coffee pot, and keeps us all on our toes.

Mr Randy Seip - USAF, Retired - HQ AMC/A3CS - Flight Planning System(s) Functional Manager - Resides in Troy, IL - Randy and Marla are blessed with seven energetic grandsons.

Mr Richard "Spewj" Spejewski has been retired from the 126ARW/108ARS since December 2006 but has recently found a "flying-desk" Boom position with the 183FW AMOS. Going from AMC to ACC will not be a big transition, just a little strange, but you can let him know how much of a traitor you think he is anyway. He recently completed his Flight Physical and "appears" to be in good health. Although he was corrected to 20/20 vision, he's glad he doesn't have to refuel a B2 at night anymore with his aging eyesight. The good thing is, he can always tell us how the weather is at altitudes above us. Rick is still working GDSS requirements and has been since September 2003 in A3CS. Working with the TACC Flight Managers has taken a toll on him over the years but he's hanging in there will continue to support their effort.

Signing off, this is...

Mr Christopher "Dr Hactor". I asked at a boom meeting "What are we a chapter of?" Nobody knew of a formal national organization so the chapter officers initiated a pending merger of 'The Boom Association' with the IFR Association (nationally

chartered), which IFR will vote on this coming fall. I also wrote a book on KC-135 crash history, safety, and the human aspect of these incidents. My next book, *Boom Operators*, I promise will never be published due to the statute of limitations on many of the stories ☺ After 33 years in the AF on Active Duty, contractor, and as a GS Civilian, I am going to work on wooden boats. My sign-off as it always has been: God bless all you guys and gals still flying – you are the most significant tool in US policy; our ability to project national interests; humanitarian, statesmanship or war, it doesn't happen without tankers.

“Tanker Training”

SMSgt Jason W. Hall: KC-46 Training Manager
jason.hall.5@us.af.mil

Jason is still the king of delegation as he takes on every opportunity known to man then hands them out because “it will look good on your EPR/Resume”. He is doing his best to shape the new KC-46 training to make it as easy as possible by telling everyone “*we don’t need to know manual weight/balance, there is a computer on the airplane for that*”, “*What is this W.A.M. triangle you’re talking about*” and “*My thoughts are tankers should not load trucks or vehicles...!*”

MSgt Jennifer R. Trussell: KC-10 Training Manager
jennifer.trussell@us.af.mil

I wouldn’t be surprised if Jen had a plan to kill each and every one of us just so that she is left alone. She was farmed out as a DTS reviewer, Snack fund treasurer & GWBOA Treasurer. If that wasn’t stressful enough we all think that Hall may be her husband’s new work-wife.

MSgt Justin R. Poteet: KC-135 Training Manager
justin.potet@us.af.mil

Justin just got here from Pease and he is making friends already, apparently his time in the guard didn’t help. Two days after he got here the first 135 pilot left and with 3 months the other 135 pilot and 2 civilians left. So, Justin is running the 135 side solo and no one else will work with him. We are all crowded over here in the middle of the hallway while Justin and the 135 ATS manager have a whole 15x15 office (with the only window) to themselves.

Mr. James S. Wood: KC-10 ATS Manager
james.wood.9@us.af.mil

Jim is just finishing up another “iron-ass” bike ride to Alaska and back. He just can’t seem to find someone that can stand to be with him that whole time. Jim is an old 135 guy that went to the 10 and is living proof that “Once you go fat, they don’t let you back”.

MSgt Shannon M Haney: AMC/A3 Det 2 (Altus)

shannon.haney@us.af.mil

Host of the 35th Boom Symposium (June 20-22, 2014)

“PERFECTION DRIVEN”

Greetings from the basement! A3N Booms continue to dream of “Peace, the Old Fashioned Way” and “Peace is our Profession” as we look at nuclear operations and policy. General LeMay would be pleased...

SMSgt Derrick “D-Rock” Grant derrick.grant@us.af.mil

Still to leading the way, SMSgt Grant (locally a.k.a “Boom 3”) as the president of the Gateway Boom Operators Association, took the reins on the 35th Annual Boom Operator Symposium and succeeded on a first class shindig! Not only was he able to rally the booms, get the money, and venue! D-Rock was able to talk Mr. Dick Taylor, retired test pilot and VP for Boeing who was the de facto very first Boom Operator flying on the KB-29P through the flight testing (1948-1950)! D-Rock has now moved across the street to A3V and will be back on flying status. Don’t fight him on a checkride, you may find yourself on the losing end of a Jiu-Jitsu demonstration!

MSgt Tim Blackburn timothy.blackburn.1@us.af.mil

MSgt Blackburn has proved his weight in gold as he has helped A3N overcome one comm issue after another with all the building renovations and power outages and software updates. Even-keeled Tim takes everything in stride around here and the only stress he shows is for his beloved Pittsburgh Steelers regular season schedule.

MSgt Warren “Dotcom” Weldon warren.weldon@us.af.mil

Has worked hard on nuclear policy and has been on the speed dial of many refueling units on how to find perfection in the mission. Locally, has a perfect record of finding great places to eat while travelling with the team (thank you, TV Food Maps) and keeping the group happy and healthy. Now if he could only drive a little faster than the speed limit; it’s a rental Warren, it’s a rental!

MSgt Rob “Tweaker” Hansen robert.hansen.5@us.af.mil

Arrived in March and has been locally dubbed “Boom 5” in the office to de-conflict confusion with the civilian nuclear guys (apparently Booms all look alike; just some are high speed and others standard speed); wishes he was just simply flying a sortie, but now is making nuke policy like a madman. He is always looking for a retirement properties with clear fields of fire.

In the Area:

MSgt (retired) Lance Quenga

Lance “Boom 1” officially retired last year and lives in the local area. Has grown a very respectable goatee (looks like the guy on “Gold Rush: Alaska”) and led the 170-mile motorcycle ride for the 35th Annual Boom Symposium.

HQ AMC/A3VK

KC-135 Section

SMSgt Derrick Grant: Just pca'd from the Nuke side of Mother AMC to fill SMSgt Eyre's position. Big shoes to fill, hopefully we can get some flying out of him. Not much gouge yet, but we are looking forward to working with him.

MSgt Rafael Cruz Oyola: The Lone Ranger single handedly kept the fort down for the greater part of the year. Cruz managed to keep the forest from completely burning down the past year. Biggest lesson learned for Cruz is to never, ever, ever trust your local SARM office, and that the 141st has an outstanding Go-No/Go process! If you have V1 continuation training questions Cruz is your man.

MSgt JL "911" Smith: First rule about fight club, never dial 911 from your office phone. JL missed the action filled life of being deployed, so he dialed 911 "accidentally" looking for adventure. The security forces arrived quick on the scene. All that was missing was an Apache to provide air cover.

SMSgt Craig Eyre: The old SAC warrior retired officially somewhere between the months of Dec'13 and Apr '14. Current location is unknown, rumor has it that he sold the truck and bought a Geo. We know he couldn't have gone too far. He found a new mama san and is rumored to be engaged. Best of luck to Craig and his future endeavors.

KC-10 Section

SMSgt Chris Prosser: "Retired" Chris Prosser had so much KC-46 stink on him that when he finally retired, he was hired at Flight Safety overseeing KC-46 training in Colorado. Now he can continue to screw up the future for KC-46 booms, by adding "HIS" view point on the way things should be done. Leaving the KC-10 behind and a great hole, he will be missed by all KC-10 fliers, and hated by all future 46ers.

MSgt Jason Trussell: Still plugging along at lightning speed and still missing all the small stuff that is slowly adding up to large stuff. He is the Future A3V for the 46 booms. Hopefully he will slow down a little with the new 46 advancements, but for now full throttle is where he needs to be while he is trying to run two AMC A3V Boom positions.

MSgt Jesse Meagher: After only being at Scott for a year, he somehow managed to sneak out of TACC into the plush seat up in J3-WR, affectionately known as “STAMPCOM”. In between watching YouTube videos about smokers and outdoor kitchens, he should be available to help you with you air refueling needs. That’s if he’s not away from his desk refilling the drinking bird that auto-validates all the ARMS requests for him.

HOME OF THE MID AMERICA MILITIA

This is turning into quite a bountiful year in terms of FNGs: 1 official and 2 maybes from the 906th, 4 cross-trainees and 1 green horn. We need the shot of youth, as we are losing 2 more to retirement and 1 to D.C. We have also been ‘blessed’ with a BOWST, so feel free to stop by for a few plugs!

SrA Richard Bradford- VSP’d from the 906th, his guard patch is still shiny and new. Rich has led an ‘exciting’ Boom career so far, so all we have to say about him can be summed up in two words: on parole.

SMSgt Steve “Scrappy” Butler – When it was announced that Steve got the Boom Functional job in D.C. we all thought we were on Candid Camera. Or it was a late April fool’s joke. Or he was just messing with us. (Some of us still don’t believe him). But it’s true, and he hits the road all too soon. He’s one of the few remaining Cubs fans in the unit, which should be interesting out in Nationals country. Best wishes Steve, don’t screw it up.

MSgt Mark “Buz” Buzenski – His repeated attempts to push his bad-ticker waiver through have met with multiple obstacles over the last year or so, including ‘the hand’, whispers, giggles and very recently outright laughter. The flight docs finally told him to “Give it up old man.” He plans to retire this December (deja vu 2010...) and take up full-time as a house-hubby. Enjoy retirement Buz, you’ll be missed.

TSgt Jaime “I’m All That” Castillo-Liceaga – Decided that being a big-wig of a rental car company didn’t compare to being a head honcho of a pharmaceutical company...which might explain his weird snacking habits recently...

MSgt Doug “Big D” Doeding – Dougy took one look at the (then) upcoming 8010 exercise, laughed and dropped his retirement papers. Given the choice he has freely admitted preferring work at the jail with the murderers and crooks over working at the squadron. His last drill was June, and he has already flashed his shiny new retirement card around the squadron. Both his regular appearances on the schedule and his sparkling personality are already greatly missed.

MSgt Paul “Fusebox” Fusek – Girlfriend + daughter just moved in, remodeled his house, accepted a last minute CFIC slot...Paul, this has to be the most jacked-up mid-life crises EVER.

CMSgt Sam Gerros – He replaced his office chairs with rocking chairs; think he’s trying to tell us something?

SSgt Deker “Hell Yea” Lankford – FNG #4 Came out of the front office as a quiet part-timer, though he peeked out of his shell during a deployed karaoke session last year; turns out this slow-talking, [REDACTED] can rap Eminem and Tupac like he was born with a mic in his hand. Ooohh the fun we will have with him on his first tdy...

SMSgt Arie ‘Shonn’ Latimer – To say this newly divorced man is making up for lost time is like saying Hugh Hefner started a bunny ear trend. One problem: Lat attracts the crazies. Next time you see him, [REDACTED] ..

SSgt Jameson “Dude, I Almost Died” Liggett – After hovering near death due to a staph infection in one of his lower limbs, Jameson was told that he wouldn’t make it without amputation. Somehow, with the loving support of his wife, Jameson pulled through to make a full recovery. He and his wife are now enjoying full use of [REDACTED]

SSgt Kate “Shoe-Low” Lowry – Kate is currently working in training getting our entire FNG force mission qualified. She is the one getting us through the Great Boom Shortage of 2014. Also, after spending many (and I mean many!!!) hours of planning for the Boom Symposium, Kate helped pull it off, and it was a great success!! Although she still could not convince any of the guard guys to attend!!

TSgt Pat “Real American Hero” McCauley – It’s official, his retirement date is set for September 11th (which is no surprise to any of us). After back-to-back tours in the Deid and thousands of flags flown, this American heritage-keeper will be landing for the last time all too soon. His retirement gig is going to be opening up a museum with all the artifacts and memorabilia he’s collected over the years. Watch out Smithsonian, you’re about to have serious competition!

SSgt Brandon “Who?” Merano – FNG #5 Out of services, no one knows who this guy is yet. He’s fresh from BBOC and leaves for survival in a few weeks. Altus doesn’t get him until January, leaving us plenty of time to teach him the ways of the dark side...um, guard.

SSgt Chris “Nick-o-who??” Nikonovich – FNG #3 Aside from the fact that no one can pronounce his name correctly, Altus is due to spit him out by the end of the month. Only time will tell how well this lippy, cross-trained-newbie will do here.

MSgt Nate “The Tank” Moore – Sequestration = fewer trips = ‘Nate the Tank’ has resorted to drinking in his backyard kiddie pool. Jen wasn’t worried until he tried inviting the local raccoon gang inside for a round...

MSgt John “Dangit!” Reed – John actually got motivated to do some work and completed his SNCOA last year. He waited on bated breath for the coveted senior stripe... until he passed out. Turns out (after 8 months of waiting) AETC had a clerical error where they never processed John’s test results, thereby showing him PME incomplete and ineligible for promotion. Now that the paperwork has been corrected John is turning his sights on Butler and getting him out the door by whatever means necessary...watch your back Steve, John wants that stripe BAD.

TSgt Kate Shoemake – Married over a year and you still don’t know her new name? See above “Lowry.”

TSgt Chris “C-Turtle” Slater - Chris is still languishing on the Disabled List, advancing from a shoulder injury to an unknown fungus growing behind his ears. Occasionally his shining personality will be seen around the squadron, but mostly he spreads his positive attitude via Facebook.

SMSgt Keith “Scruffy” Wagner – Had one of the baby booms come up and say, “Hey! I think you worked with my grandfather!” ‘Nuff said.

A1C Ethan “Wheat Thin” Wheeler – FNG #2 Looking at this 12 year old you’d never guess he is building his own house, regularly passes on investment advice like it’s his day job, and has more money in the bank than the rest of our Booms combined. His first flight (here at Scott) can be summed up with 2 words: zipper malfunction.

SSgt Jason “Patches” Wheeler – FNG #1 [Not related] Jason thought he’d up his patriotic scale, and came in one day with all American flags on his flight suit. Leadership didn’t mind this show of national devotion, but drew the line at calling him “Merca.” Between jabs from his former crew chief co-workers, he makes a decent new Boom...at least when he comes to work.

MSgt Chris “Z-Man” Zahner – Not only does Chris come to work (seemingly) more than other part-timers, he doesn’t need to be forced to fly with students. Word is he’s applied for his gun permit; his daughter is growing up fast and he wants to be ready.

HOME OF THE DAK-RATS

This year has been up and down to say the least...We lost 2 to the Wing, 1 to QFRB, 1 to VSP and 1 in the future on his own terms. We have received 1 out of 4 pipeliners...not such great stats! And the guard still refuses to let us go TDY with them unless forced!

MSgt Mark "MAC" McCaughtry- Claims he does everything around the squadron but there is never anything actually getting done. Not sure how that works in dreamland. Going to try to use his GI Bill to become a Golf Instructor. He's not good at golf either so hopefully they can perform miracles. Also has a baby boy on the way come this Nov.

(M)Sgt Kurt Hinson- Our newest MSgt (CONGRATS!), doesn't fly with us anymore because he just moved over to the Wing IG (apparently a good thing) and is wreaking havoc on Wings during inspections.

TSgt O'Thello Harris-Doesn't do much at all...he just kind of exist here. On a good note, any problem we have with our Apple products, he can fix it. Also, he is still riding his wife's coat tail and will probably be here for at least another 3-4 years...Yipppppeeeee

(T)Sgt Jamie Almquist- Finally made Tech (CONGRATS!), volunteering/willing for everything, winning awards (Sq/OG/WG) left and right and also probably the only NCO that actually does anything around here, all the while popping out babies (Boy due in Oct).

SSgt Tyler Williams – Better not lose his lucky rabbit's foot...3rd great assignment in a row...talked his wife into buying a motorcycle instead of having a baby...best part is he gets to ride it until she gets her license!

SSgt Jarrett Crawford- Got orders to Altus, decided his girlfriend was more important and declined them so he's getting out in hopes she's more successful than he was...we know that's not true though considering she just got kicked out. Best of luck!

SrA Nate Smart- Getting out in September and going to try to join the 108th. Sad to see him go, he's a good one...kinda.

SrA Richard Bradford- VSP'd and just joined the 108th...glad he's not ours anymore, good luck 108th!

A1C Joe Brendel- Nothing good to say about this guy other than he has really good hair! About to go on his 1st deployment and pop the Deid Cherry! Also, he's planning on going to a Naked Bicycle Ride in St Louis, and actually planning on going naked w/ no seat, just the polehe's weird, let's just say that.

A1C Tyler Williams-FNG, supposed to get here in November from Altus. We already have one Tyler Williams, so he'd better find a new name!

A1C Lucas Tisol – So far we are 0 for 3 in new arrivals, maybe 4 is our lucky number!

18 AF

A5X – War Planning

MSgt Chris Witt: You probably know him as the aptly named, “Dim”--remains a “Jack of All Trades, Master of None.” Having been at 18AF since the fall of 2011 (having forgotten what the business end of an airplane looks like) now enjoys not just one job, but many. For example serving as 18AF/A5’s TRANSCOM air component planner for USCENTCOM plans (job one?), ol’ Thumper spends as much time ‘thumping data’ into JOPES/DCAPES for the lead USTC team as anything else. Never mind that he is not JOPES-coded for such, for neither is there any logic in the half days (or better) he spends in the AF’s automated orders system managing man-days for the NAF’s guard/reserve staff. Yes, the good ol’ days of beating up the pattern at McConnell are long behind Dim, and sorely missed. At least he can take solace in his lasting lifework motto and legacy, “You’ve done nothing ‘til you’ve built a slide.”

"Home of the Totin' Tigers"

2014

A big "Hey Y'all" from the booms here at the 77th, "Home of the Totin' Tigers". We have our BOWST up & running so Y'all come down & try it out. We are finishing up our Deployments as write this, no others on the future schedule. Yet! Our sister Squadron the 911th ARS & us fly 50+% of our sorties as some type of mixed crews & typically both squadrons have crewmembers on each others deployments. We have discovered that the active duty gets a lot of time off, although they typically deploy more. We are making more changes to our new combined Squadron building, adding square footage to the 911th side & a new addition for a BOWST. If you're in town, stop by & we'll give you a tour. If you brave enough time we'll take you out for some Carolina barbeque & sweeeet tea! So if you're thinking about leaving active duty or want to come to a Real Reserve unit, we are doubling our crews & hiring people & ART's (Air Reserve Technicians), this is also a great way to go to school and still be a Boom Operator, give us a call. We've got some great schools like NC State, UNC, Wake Forrest, East Carolina, Campbell University, Duke, and Meredith all within an hour and a half of the unit.

Carolina Blue Skies,
SMSgt Barry Bradley
916 OGV Superintendent

TSgt Sena "The Boom Princes" Alfaro- Apr 09 - Present

She's a traditional Reservist & enjoying the sweeeet life here at Shady J Reserve resort. She's has baby girls (Future Boomers). She's still reminding her Marine husband that the Air Force is #1 & trying to talk him into joining the Reserves. She's still pursuing her nursing degree. Sena favorite saying "Family time is a great thing" then she laughs.

SSgt Jeremy "Tin Man" Bennett- Apr 07-Present

Still keeping the tin straight on those Helo's at Cherry Point Depot. FINALLY made SSgt after 50 years, he's shooting for 75 years to make TSgt! He comes up about once a week and a few trips here & there. Still loving life on the beach with his new ski boat, he just needs to learn how to NOT tear limbs off while skiing! He's always looking for friends to ski with so give him a call if you're on the NC coast.

SMSgt Barry "Stan Evil" Bradley- Nov 93-Present

Barry is our group Stan/Evil "The Hammer" boom! He's been flying a lot lately, looking for Booms wanting Q-3's, 4's & 5's. Most of his flying has been, O-conus, although his preference is PDM & OCF flights on planes with boom issues. Now that we passed our ASEV, CUI (UCI) & our NORI other units are asking our unit & him to come out to do a SAV on them. He still wants to buy a new Harley to travel on but sequestration has put a stop to that.

MSgt Rich "Bowl O' Chili" Bonicelli- Oct 04-Present

He is now Capt Bonicelli, yes Captain, but he's captain of his sail boat, he wants to start his own Navy. Still the Boom & pilot scheduler running down crews members to fly, (It's like herding cats). Still the veteran building manager trying to get people to stop taping everything to the freaking walls & windows in the building. **"Stop Taping Things To The Wall!"**

MSgt Jorge “Habi” Brewer- Jan 04-Present

Jorge is still trying to put people in jail for driving like idiots; he’s our North Carolina State Highway Patrol Boom pulling everyone over with a bad attitude! He comes in from time to time to fly & wants to write tickets to the pilots for doing 300 knots at 26k above I95! Don’t get him excited unless you speak “Spanglish and Troopereze”. He may be retiring this fall so stay tuned.

TSgt Adam “Shot Gun” Craft ??? 14-Present

Sold to us by Active Duty, well actually he drank a lot of Reserve Kool-Aide, so much he’s going to be an ART by the time you read this, working in the civilian world wasn’t all that it’s cracked up to be! He’s currently in Current OP’s replacing Swinson & Fallin. Still has his chopper & talks about it all the time, but we never see him ride it! Hmmm.

MSgt Keny “Dammit” Fallin- Aug 06-Present

Keny’s reign in flight Scheduling is over & somehow we are still flying every day. He has moved to Body scheduling to work with Bonicelli. Stay tuned for the next episode of “As Body Scheduling Turns”. Keny still believes Budweiser is the only beer in the World, is the King of Beers & everyone else has no taste! Keny’s still “The Trailer Park King”, we are still waiting for his trailer park reality show.

MSgt Kevin “NSACAR Insurance King” Hughes- Jan 03-Present

He has his estate both non-movable & moveable but you must attend the big Coca Cola 600 tail gate party to see that. Give him a call and “Let’s Go Racing”. Need insurance? He’s now the Big Cheese in the insurance biz, his new cliental are the NASCAR teams, if it’s fast, if it’s Big he’ll insure it! The complete takeover of NASCAR is underway! “The HUGHES NASCAR Series” tune in next season.

TSgt Tara “Scratch ‘n Dent” (formally known as Hopewell) Kirkpatrick- Sep 00 – TBD & May 13 - Present

Tara has her own business “Herbal Life Club” in Asheville and will soon be at the top of the Fortune 500 Magazine. Need to lose weight or look good for your PT test, call Tara. After Tara’s short stint in Family Readiness she came back to the Boom world last spring then deployed. The week after MCT complete. She & Mike have plans on dominating the WORLD but you’ll have to tune in next year with a glass of sweeeeeet tea to find out what happened.

SrA Alex (first name, first name) Mark - Jul 11-Present

Our newest baby Boom asked for a job said he always wanted to be a Boom (we knew the truth Pilot). When we asked him why we should hire him he said “I’m really good at putting out fires”. Of course we hired him we’re always putting out fires. Turns out his civilian jobs a firefighter, to late we hired him..

MSgt Mark “Beerman” McElmurry- Apr 97-Present

Mark is the Acting Boom section chief he just wanted a parking spot close to the door. He has stopped making beer the Feds were getting to close to finding his Still. He’s actually holding out for his own reality show. He deployed this year as staff & loving every minute of it, yea right!

SSgt Mitchell “Miller Lite” Miller- Mar 10-Present

Stanton’s protégé just returned from Instructor school, now we can put him to work with the new baby booms we are getting. He is our Trougher King (fly for food) I guess he’s our only one right now. The \$\$ battle will start up next year as we continue to get more new Booms. Maybe an ART job!! Hmm. He’s having a great time as a new Daddy to his baby girl.

SSgt Patrick “The Future of NASCAR” Muckey Apr 14 – Present

Muckey’s our latest acquisition from active duty, coming from McDill, (No wonder he came to Shady J). He rolled in & rolled right back out to NASCAR School. He’s back up & Qual’ed with us, but with going to that fast paced school he’s here just long enough for a pit-stop. If you want to talk NASCAR or Mustangs he’s your guy, but he may only have 12.3 seconds to talk!

MSgt Lori “TDY” O’Connell- Sep 04-Nov 13

Lori hasn’t had enough of the ART world yet she drank a lot of the Kool-Aid & has left us in her rearview mirror as she drove to become a big wig at HQ AFRC. She thought she would still be flying, but NOPE! She want’s to click here heals & come home to Shady J. But she doesn’t miss the UDM job that much. Her husband is now our Wing Command Chief & now he’s the “Sugar Daddy”!

CMSgt Tony “Frank the Tank” Parris- Nov 93- Dec 03 & Apr 08-Present

Chief Parris is the OG Superintendent & the boom program manager. Chief has slowed down as the new car test GURU; he has had 2 Volvos, 2 Jeeps, 1 Prius, a few VW’s & now no more skate boards he has a Nissan Titian Truck. He’s still drinking the Barry & Rowdy Kool-Aide and is enjoying his new Harley Davidson. We can’t wait to see what’s next.

MSgt Jeremy "GE" Reynolds- Apr 08-Present-

GE still thinks he's already saved the company a few times & has very little time to come play Boomer (telework Jeremy telework). He's enjoying the extra time with the family & he always has a smile on his face. Has started drinking the Kirkpatrick Kool-aide, passed his PT test with a 100%, keeping drinking the Koll-Aide! Stay tuned for the next episode.

SMSgt Billy "Mr. Thursday Night" Somerville- Dec 00-Present

BJ is Cheer Point's weight & balance guy, he's the one that weigh's the aircraft. B.J. is our regular Thursday night flyer (hence the nickname). He's the senior Boom in the Boom shop by rank & age, not hair! Rides his Harley in all weather (except snow well!). B.J. still goes on every deployment & fights the rest of use for the Good TDY's. Where is he right now Deployed!!

MSgt Steven "Butter-bean, aka Loverboy" Stanton- Jan 06-Present

Steve switched with Fallin & is now the mission Scheduler, but still the ground safety rep. Steve has stopped drinking the Barry & Rowdy Kool-Aide & might be selling his NEW 2009 HD Rocker, it's new because he doesn't ride it unless it's sunny 75 degrees (not 74 not 76).. Steve is still our Squadron chef causing us all work harder on our PT test, but the food is just too good to pass up. Even termites love Steve's food. If you have questions about rebuilding your house & termites call Steve he now's all about it. Mmm delicious!!

SrA Andrew "Ricky Jug's" Steuart- Nov 07-Present

He's one of our brightest Booms just ask him. He's a full time student working on his degree, the more education he gets the less intelligent he becomes, working to become a Pilot or the next Presidential candidate. Still buys cheap cars makes them look tricked out then they blow-up! He hasn't blown one up lately but he is hopeful. It's entertaining for us!

TSgt Travis "Swine King" Swinson- May 11-Present

He's still our newest ART but Craft is going to take the title soon. He has embraced the new ART world & wears civilian clothes as much as possible. He's dumped Current OP's, took over Training Flight & UDM duties, you know what that means he will be leaving soon. Our UDM's don't last long here! As our local squadron pig & chicken farmer we are still waiting for his reality show to be picked up by a major TV network "Swine Kingdom". Green Eggs & Ham anyone!

Booms of Yore & the date they were here

Listed by departure Date:

2013

MSgt Lori "TDY" O'Connell- Sep 04-Nov 13 - See above for this year

2012

2011

SSgt J.R. Bravo – Jun 08 – Jul 11 - He was one of our new Booms that cross trained from the Sky Cop world. He has officially lost his mind & all common sense; he has gone to the ARMY Guard & will become a Helo Pilot, didn't happen. Next chapter unknown for now?

SEYMOUR JOHNSON AFB, NC

911 ARS

“Red Eagles”

SQ OPS SUPERINTENDENT

MSgt Nixon, David Z. – He just got here from the 509th. He spends the good majority of his days policing all of our (mainly Montani's) uniform violations that were slipping by while we lived life without a SNCO boom.

BOOM SHOP

TSgt Berglund, Bruce E. “PAPA BEAR” – Our Chief Boom and one of two Altus transplants. He's keeping the Marlboro Man in business with his 7 pack a day habit. When he's not outside smoking all the cigarettes he's inside asking random cargo questions to SrA Morrison. He takes offense to the “Bear” nickname but refuses to get a body wax again.

TSgt Mayhew, Earl M. “Earl” – “Hey man, you seen this YouTube video?” Yeah Earl, we've seen it. Earl is heading off to Altus soon. We wish him the best.

SrA Lackie, Casey J. “SLACKIE” – Lackie is slowly building up the most hours of any of the new booms due to him doing nothing but deploying. He's doing a good job flying and keeping his hair fluffy and looking like Judge Doom from “Who Framed Roger Rabbit.”

SrA Yenke, Shelby A. “SASQUATCH” – Yenke has the sickest dance moves. She gets down on the dance floor just like the “Jacks Link” Sasquatch. She is pretty much never here, she's either in the Deid or on some other TDY.

SrA Seale, Austin W. “CIRCUS” – Actual Austin Seale quote, “I pretty much have a photographic memory.” “Boom stowed and latched.”

A1C Gaughf, Taylor W. “TAY-TAY” – Tay-Tay is stocking up for the eventual zombie apocalypse, but he doesn't keep any of his firearms in his dorm (so he says anyways). He has a brand new Dodge Charger, but he can't see over the wheel without sitting, on not one, but two phone books.

A1C Anderson, Drake C. “” – Drake graduated from the University of Pittsburgh and then became a boom, for whatever reason. He's fairly new and still in MCT

Amn Saulnier, Stephen P. “” – This guy literally just signed into the Sq, we know nothing about him other than the fact he wears ABU's to work because “A1C Bottass told me too show up in ABU's.” Don't ever listen to what Bottass says kid, it's only going to get you chastised by people who know what's up. He is the oldest baby boom in the history of Active Duty.

SCHEDULING

MSgt Ryan, Bobby T “RICKY” – Slowly on his way to be a Sensor Operator. We aren't 100% sure that his probation will allow him to use the powerful cameras that a Predator uses.

SrA Morrison, Kevin M. “BEAKER” – Beaker received his nickname base on the fact that not only is he a dead ringer for Beaker the Muppet, he sounds exactly like him when he laughs. This hasn’t prevented him from scheduling numerous blind dates at the local Zaxby’s. If the girl doesn’t show, at least he has chicken.

UDM

SrA Miller, Geordon M. “MISS DAISY” – Missed out on his chance to deploy because he lost a fight with a punching bag. Punching bags typically don’t fight back, but it turns out this one was very offended by the idea that Miller was “working out.”

SrA Loudenburg, Brian J. “EVERYDAY IS ARM DAY” – Brian doesn’t have a history of doing anything dumb enough that would warrant us making fun of him in the Boom Signal. If you do give him a hard time though, he usually gets all huffy and marches out of the room in a tiff. He has a stupid face.

TRAINING

SSgt Montani, Anthony L. “LUNCHBOX” – Fatty finally made Tech this year. We don’t know what his wife feeds him, but he’s able to clear out any room in the Squadron in a matter of seconds. He smells...horribly.

SrA Amey, Kijuan M. “KIWI” – Kiwi is from Durham so he never hangs out with us on the weekends unless we let him know to clear his schedule 3 weeks in advance so he can let his “girlfriend” know he won’t be up to see “her.”

A1C Bottass, Everett M. “BERNIE” – This guy is a new IB and sponsors every single new Airman who comes to the squadron. He also orders them to wear ABU’s for their in-processing. His dad is a retired SMSgt, in case you didn’t know.

STAN/EVAL

TSgt Gibbs, Nate L. “ADONIS” – If Gibbs isn’t in Stan/Eval, he can probably be found wrestling Morrison to the ground, just like Steve Irwin wrestles a crocodile.

SrA Frost, Dan R. “FROSTY” – Same as Gibbs, but replace the word Morrison with milkshake. The Frosty nickname is not a play on his name; he just really likes Frostys.

DRG – The BOWST Jeff’s

CMSgt (Ret) Sidles, Jeff – Finally retired after 56 years on Active Duty and is now one of the BOWST Jeff’s teaching the new booms they ways of the old booms.

SMSgt (Ret) Ledoux, Jeff – He retired after 3 years of harassing the poor dumb Airmen of the 911th and moved downstairs to the be one of the BOWST dudes. He is straight up Duck Dynasty now, his beard has small children in it, and he calls his wife Miss Kay (which is actually her name). GUMBO GUMBO GUMBO!!

RETIRED

MSgt (Ret) McQueen, Bill – He hit the AF “Medical Retirement Lottery” and is now sipping mimosa’s every morning in Walnut Creek while he supervises Cabans Boys cleaning his house (NC has zero Cabana’s, he imports the boys for “cleaning purposes” only).

SEYMOUR-JOHNSON AFB, NC
KC-135 ATS BOOM INSTRUCTORS

The Number 1 Boom Operator Weapon System Trainer (BOWST) across the entire ATS, opened for business February 2014. Technically we were the 7th BOWST to open but have been Number 1 since opening day and there is no debating that! Thanks to Jim and lots of patience (our patience) we are BOWST Instructors. In between handing out CMSgt Coins to the Reserve and Active Duty folks, he kept reminding us that “WE” are no-longer in the Air Force so act like it!

174 ARS / 185 ARW

“THE BATS”

This is my final submission to the Boom Signal. I've thoroughly enjoyed my 28 years as a Boom Operator on Active Duty and in the Air National Guard. I wish I could continue in the best job in the Air Force; but it's time for me to move on and make room for the next generation. A special thanks to the 185th ARW for taking in my family and I and allowing us to finish my military career here in Iowa with tremendous people and in an outstanding unit. To my fellow Booms throughout the world, thank you all for your service and good luck in whatever your future holds! CMSgt Phil Frank

Unit history and nickname: Unit stood up shortly after WWII. We have a proud tradition in military aviation flying the P-51, F-80, F-84, F-100, A-7, F-16, & KC-135E&R. The unit's nickname was adopted during the 185th Fighter Group's deployment of F-100s to Viet Nam. The missions the unit was tasked to fly were almost exclusively at night, leading to "The Bats" nickname.

CHIEF BOOM

CMSgt Phil Frank, EB, AGR – ext. 0205 – Phil is enjoying his last year as a boom operator. He is currently 50 hours short of 7000, we think it is attainable. He still dominates volleyball and golf, but recovery time is increasing. He is one of the sharpest tacks in the Air Force. His leadership, knowledge, and quick wit will be hard to replace. The 185th will certainly miss the "Answer Man". Phil is currently weighing options for his post boom operating move.

STAN/EVAL

SMSgt Al Mast, OGV Boom, AGR – ext. 0244 – Al is currently the senior STAN/EVAL boom. Al is a "happy" boom operator. This year Al bought a new house on a local lake and has been enjoying the new scenery. During his time off Al and the family enjoy escaping the new house to go camping and boating .

MSgt Chuck Heald, EB, Technician – ext. 0235 – Chuck is continuing to work any and all IPAD issues for the operations group. He is also working to incorporate the new weight and balance printer (CMP-20). This will have us ready to change once AMC approves the new weight and balance program. Chuck is still working in the STAN/EVAL shop with Al. He is still our only boom operator technician, so he works to balance his time between drills, orders and technician time. He has also been keeping busy landscaping his yard and attending his son's tee-ball games.

TRAINING

MSgt Lee Phelps, EB, AGR, – ext 0259 – “Buddy Lee” is the senior boom operator assigned to training. He goes on as many trips as practical. He has been our lead boom working with Meridian as they have been getting their boom instructors requalified. He has also been busy trying to schedule all the boom operators for their BOWST. In his off time, Lee keeps busy fixing, improving, building, and boating.

TSgt Jason Stoops, IB, AGR, – ext 0262 – Jason suffered another injury this summer. It took him off of flying status for some time, but he is back on the road again now. He is one of our top full-time trip takers, so we are happy he is back to flying status. As the junior boom assigned to training he has been working with Lee to get people scheduled into the new boom simulator (BOWST), and working to retrain the Meridian booms. He had to sit the softball season out so he has plenty of time to spend with his daughter in following Jeter’s final season with the “Evil Empire”.

CURRENT OPERATIONS

SMSgt Jay Doran, IB, AGR, – ext 0234 – “Jaybird’s” is now working current ops (where indecision is the key to flexibility) full throttle. We all try to stay on his good side so we can get on the “good trips”. He is also the computer systems administrator as an assigned duty, so he keeps busy working on computers and installing/updating programs. He is currently sporting the best mustache in Ops and is the point of contact for anything to do with the Iowa Hawkeyes.

SCHEDULING

MSgt Dave Dietrich, EB, AGR, – ext 0261 – Dave went on a deployment to the desert this year! Whaaaat? He has been assigned to be the facilitator for SAPR (Sexual Assault Prevention and Response). If you have any questions about this program feel free to get in touch with “Jiggy”. In his free time he likes to go camping with his family. We think he would love to go camping with Matt Kenseth (formally #17 on your program, currently #20).

TSgt Misty McNamara, IB, AGR – ext 0249 – Misty is working in scheduling and is our Fuel Tracker expert. She loves to take trips, usually to island destinations, but took three trips this past year to the desert. In her off duty time she is a volunteer coach for elementary age children and also helps with promotions/activities during game days for the local indoor football team (The Bandits).

TRADITIONAL BOOMS

CMSgt Tim Ireland, IB – “T.I.” has been fortunate enough to get to stay in the “Guards”. He got promoted into the 9G100 position in operations, the day after he was scheduled to retire in accordance with the EGR (Enlisted Grade Review). He has been soaking up days to go on trips. He is a teacher outside the Guards. He is eyeing his teaching retirement which is only three short years away.

SMSgt Dudley Joines, MB – Dudley is still a Sioux City Policeman & spends a lot of his days off working with the ANG. He is on the second year of an EPP (Exceptional Promotion Program) stripe which is considered a 3 year contract extension to keep flying here at KSUX. We can always count on him for a great “there I was” story.

MSgt Marshall Hill, IB– Marshall is working fulltime at the post office this year. He is likely our most social boom operator. If we have a passenger mission he will know most everyone on the plane before we land. We are sure he misses being here each day and going on trip after trip. We also know we miss his happy, positive attitude each day. He is most famous for the quote “mail comes in, mail goes out”.

TSgt Mike Dunlop, MB – Mike retired earlier this year. He enjoyed his last flight and had an awesome retirement party. Mike is now spending time with his family and will soon have a degree in Accounting/CPA. He is currently living in Cedar Falls and is likely happy not to constantly be making the four hour one way drive to Sioux City.

TSgt Andy Pick, MB – Andy is still busy with insurance company. He scared all of us with some medical hijinks earlier this year. He was trying to soar higher than he has ever been before. We are sure glad that he is still here with us. If you are wondering when your final day on earth will be Andy can ballpark it for you. He calculates out life expectancy for the insurance business.

TSgt Angela Flanagan, MB (IB select) – Angie has been working for the Sioux City Police Department and is currently finishing up her year of probation. She is doing a good job of staying current with us while focusing on her new career. We are sure she will be ready to put the police work aside as she prepares to go to Altus for “Boom College”.

SSgt Melissa Wulf (formerly Keith), MB – Melissa is now the proud mother of baby boy named Jackson. Jackson is now three months old and is very alert and holding his head up. Her husband Matt Wulf (a former boom operator) is a pilot selectee and will be starting on that path very soon. We hope Melissa is ready to render the proper salute and is working on the ability to follow orders.

SSgt Matt Prosser, MB – Matt is the proud father of Mason who graced us with his presence earlier this year. Happy little guy that really likes Mickey Mouse (old school?). Matt is staying busy working at the Firehouse, doing some training and trips with us and spending time with his family’s new edition. He is scheduled to go back to CENTCOM for us later this year and has gained valuable experience over the past several years. Hopefully he will start thinking about becoming an instructor boom soon.

SSgt Kevin Meinecke, MB – Kevin is soaking up the LTMPA days. He got married this past year to an outstanding young woman. We believe that he will be trading in the ruddevator control stick and telescoping handle for a yoke and throttles. We may be adding him to the moved on list at the bottom of this page soon.

SSgt David Cooper, MB – David is a high school math teacher at Sioux City North. He has been teaching for ten years and has been a qualified boom operator for two months. He has already enjoyed a trip to Malaysia, Japan, and Thailand. We hope he does not think all trips are that good. He of course was enjoying Altus just a few short months ago. This summer he is on LTMPA days.

SSgt Preston Crandell, FB – Preston is currently our most recent graduate from Altus. He is currently in upgrade training. Yesterday (July 2nd), he went on his first solo flight, refueling a B-1. Previously he was a full-time technician in supply. We think he is going to be another great asset to the boom field. We anticipate that he will be fully qualified by the end of September. We still need to work on his “Pilot Water” making abilities.

SSgt Michael Perez, Boom operator selectee – Michael is currently attending class in Altus. He will be back soon and we all look forward to getting him fully qualified. He comes to us from the medical squadron, is married, and has two children. His wife Katie works here at the 185th as well.

SSgt Amanda Galles, Boom operator selectee – Amanda is one of the new boom operators that we hired this year. She has completed the Aircrew Fundamentals/Basic Boom Operator course and SERE. She will be starting BIQ in late July so she will be living the Altus life for the next few months. She came back to the 185th after serving a couple of years with the Alaska Air National Guard. Prior to being selected for a boom position, Amanda worked in TMO. She is married with two children, and volunteers at the Y.M.C.A. and the local Teen Center. We are happy to have her on board and are confident she will be a great addition to the team.

TINKER AFB, OK

10th Flight Test Squadron

“FIGHTIN’ TENTH”

Greetings from the ALC side of Tinker AFB! The saying around here still is “If you don’t like the weather now wait an hour and it will change”. Oklahoma continues to be an interesting place to survive. Not only are we ducking for cover from the weather, we now must keep the breakables off the walls due to the earthquakes!

The 10th’s mission is to perform post-depot level maintenance Functional Check Flights and Acceptance Check Flights on nearly all C-135’s of different series (E, Q, R, O, N, T and W) on a typical 5 year cycle. We are the only remaining depot facility for the KC-135. The 10th also FCF’s B-1B, E-3A/G, and B-52H aircraft variants, so we keep quite busy trying to keep the O’s in line. We pride ourselves in sending the “Best airplanes back to the War Fighter”.

New for this year is the beginning of Low Rate Initial Production for the KC-135 Block 45 Avionics Upgrade and subsequent Acceptance Check Flights. We are on pace to set production records for PDM jets, and with the additional workload of Block 45...we are looking forward to new operations and new faces, as we’re growing the Boom Shop to accommodate for the workload. The rumor is that Tinker is also building hangars for future KC-46 work. Maybe we’ll see them someday...

SMSgt Michael Kissire (AGR): Our newest Section Chief and TODO, Mike is keeping busy hounding everyone about their LEP dates and iPad updates. We’re just glad he’s not the snack-o, he’d be worse than a collection agency! Mike’s been quite busy around the house, and recently took on a role on a local school board. If you weren’t worried about tomorrow’s youth...you might want to be now! michael.kissire@us.af.mil

MSgt (Rowdy) Smith (AGR): Rowdy has had quite the interesting year. He was the lucky recipient of a whole-house make-over thanks to a Tornado which ever so kindly just skirted his house. His was the last one standing on the block. Later that summer, as he was just about to move back home, he then got the joy of buying a new 1976 Stingray...because his 2005 ‘vette was totaled “inadvertently” by another squadron member. We’re still waiting on the story on that one! But things are looking better for Rowdy. He received a year extension, and will have his degree done by his retirement date in early 2016. rodney.smith.11@us.af.mil

MSgt Frank Valley (TR): (“Who’s that guy, Valley”)

Frank has attempted lately to take over the “hillbilly” nickname here in the shop. We actually started a collection to buy him some razors, although hedge sheers may have been more appropriate! Frank role as a NARC officer for the local Police department keeps us entertained with stories, most of which are “NOT” PG Rated! If you ever need a “zip” of goods (whatever that is), we’re sure that Frank would definitely “hook you up”! We’re ever thankful for the service Frank performs for the local community! frank.valley@us.af.mil

Future Transplants:

CMSgt (sel) John “Tex” Austin (AGR – attached flyer):

Chief “Tex” is the newest addition to the 413th Flight Test Group. As our newest Operations Superintendent, we’ll get the pleasure of flying with a “group guy” on a monthly basis. It won’t be so bad...so long as he brings salsa and offers to BBQ for us! We’re looking forward to breaking some of Tex’s “old” habits and indoctrinating him in AFMC methods!
john.austin.2@us.af.mil

SMSgt Amanda “Squawk” Stift (AGR):

Amanda’s still exploring her career options. For some reason, she thinks she doesn’t want to crawl around our greasy unpainted aircraft anymore. We’d love to have Amanda come join us in Oklahoma, but would also like to have friends in high places. It’s going to be an interesting summer once she’s done with those French tankers!
amanda.stift@us.af.mil

MSgt Dave “ATIS” French (TR):

We’re looking forward to adding Dave’s experience to the mix here. We haven’t had a commuting reservist boom here in a while, so we all have a bit to learn. We already started preparing the maintenance guys for our new “detail orientated” boom we’re getting! We’re thinking of starting a betting pool to guess which make and model of truck he’ll show up with on a monthly basis!
dave.french@us.af.mil

Prior Booms:

SMSgt Rick Powell (Retired): Rick is down to counting days till becoming what others refer to as a “grey hair” down in Florida. Once his wife is done with school, he’s heading on south in a hurry. For some reason, if you ask him about staying in Oklahoma, we hear a bunch of mumbling and he starts to twitch! In the meantime, Rick’s been working odd jobs to stay busy, and to supplement his ever delayed retirement checks! Maybe someday he’ll get paid... rp29@hotmail.com

HOME OF THE WORLD FAMOUS "SH" OKIES

CMSgt Steve "Bif" Robinson (ART CHIEF BOOM): As always this past year has shown us CHANGE IS CONSTANT, we lost the Guard, then they came back, they took half of our Alert then gave it back, then they took it back, we were awarded 4 more planes and three more boom positions, then they said maybe in FY16/17; with all of this and Partial Mobilization, a grueling RIMPAC deployment, 1.8 Million give back, and the daily grind I am proud of this group of booms more than a Chief has the right to be. OKC is a great location so if you have someone relocating or looking for a great place to raise a family or have an exciting, challenging career give us a call we are hiring, now, well maybe later, no now....yes NOW.

CMSgt Phil Brand (ART-Stan/Eval): Spouting off one liners from *M*A*S*H* and 1980's *SNL* skits, Phil seems like a pleasant fellow, but rumor has it he's a tough cookie to work alongside. As Stan/Eval NCOIC, he has chased off coworkers, to include the Chief of Stan/Eval, who fled to Southwest Airlines to escape the tyranny. In an effort to redeem himself, however, he recently began the "Adopt-A-First Year Pilot Program" to help struggling commercial pilots in their economically tough first year. For only \$8000 a month you too can help!

SMSgt Darby "Jose Darbo" Perrin (TR): Darby finally reached the required number of years/points to retire from the USAFR with an active duty retirement! Unfortunately, he has a three year backlog of DTS vouchers that have just been kicked back that must be completed before he can do so. Until then, he'll continue to create t-shirt and sticker designs for the squadron. I think he paints too...

SMSgt Justin Hopkins (TR): As a traditional reservist, Justin Hopkins is truly a giver. Once a week he leaves his electrician business to grace the squadron with his presence and let us all marvel at his amazing boom skills and CrossFit abs. He then allows us to take primary flight time while he resigns himself to the arduous task of playing on his computer in the crew chief bunks.

MSgt Steve Switzer (ART-Current Ops): With the OKC Thunder knocked out of the NBA playoffs, Steve is free to focus his entire workday on his new-found love of juicing. He also recently purchased a large property in south Texas where he has hired a number of "undocumented workers" to tend to his growing metal chicken collection. He will retire there as soon as Texas legalizes marijuana.

MSgt Mark "McGoozle" McGougan (ART-Boom/NCOIC): With the smile and charm of an 1880's con man selling snake oil, McGoo continues to keep the daily schedule filled and squadron personnel outfitted with the finest second-hand, slightly used, minor hail damaged automobiles OKC has to offer. Rocking the convertible 300ZX and sporting the Levi's and loafers (with tassels, of course) look, McGoo continues to demonstrate that "cool" & "swagger" has no age limit.

MSgt Ben "Benny Rooster" Brent (ART-Current Ops/NCOIC): As the Presidential Chief NCOIC Executive Administrator of Current Operations and Mission Development, Ben spent the majority of this last year corralling and training his newest subordinates while effectively ensuring mission accomplishment by significantly reducing his flying hours to strictly pursue 100% office coverage. His devotion to duty has been rewarded with increased blood pressure, legitimate complaints, and reduced effectiveness.

MSgt Charles "Chaz" Dalton (ART-Current Ops): Chaz, being one of the aforementioned subordinates of MSgt Ben Brent, spends his time antagonizing Ben by perusing the internet for the perfect clipart to adorn the daily schedule and "reinventing the wheel" on a daily basis. Chaz remains the poster child of calm, cool, and collected; choosing to diplomatically work through personal and squadron related differences. Chaz can also get you a great deal on engine work through his wife's-friend's-buddy's-co-worker's girlfriend, whose dad owns a truck repair shop. Only \$4300! Platypus!

MSgt Jeff "350" Bass (ART-UDM): Jeff recently became an Air Reserve Technician (ART) with the unit. Unfortunately, Jeff drew the short straw in the latest squadron job re-assignments and inherited the Unit Deployment Monitor (UDM) position from Chaz. There he has been forced to correct everything Chaz did and did not do. However, Jeff doesn't blame Chaz because he knows that, ultimately, it's Obama's fault. Now that Jeff has Fox News streamed directly to his desk, he only comes out periodically to remind us that we should be compensated better and Democrats are evil.

MSgt Scott Montgomery (TR): Don't you dare call and ask Scott Montgomery to take a flight or a trip without first ensuring that he has the nicest jet, finest crew, off-base billeting, maxed out per diem, and perfect weather; otherwise it's a no-go. With his Dish Network business being so lucrative, things have to be perfect for Montgomery to stop raking in the money to burden himself with things like refueling proficiency or national security.

TSgt Sean Gilson (ART-Training/NCOIC): Despite moving him to Training Flight, this year has not been kind to Sean. What started as a funny prank to Photoshop a few pictures quickly grew out of control and developed into an obsession that left him with no Facebook friends and in desperate need of an intervention. If you bring him doughnuts, however, he'll complete a DTS voucher for you.

TSgt Michaelle Sallee (TR): With a promotion to Technical Sergeant, the family business sold, and her son graduated from high school, Michaelle realized that she couldn't spend all of her time rolling around in her piles of money; she had to quickly fill the stress vacuum in her life. Solution: enroll in Pharmacy School at the University of Oklahoma to pass the time.

SSgt Michael Moore (TR): In what we can only assume is going to be a combination of *21 Jump Street* and *Paul Blart Mall Cop*, Mike was recently hired by Oklahoma City as a police officer, and is currently in police academy. Pray that for OKC's sake, he's a better cop than boom operator. At least the Okies won't get any more tickets. Right, Mike? Congrats go out to him and his new bride, as well.

SSgt Steven "Selfie/Boner" Bowman (TR) - Joel is our most recent hire, and he is, well, interesting to say the least. We quickly realized that his love for being a boom operator is second to his love of harmonicas, cats, and taking pictures of himself. Needless to say, these are not things he volunteered during the interview process, but can be personally viewed by searching "[okieselfie](#)" on [YouTube.com](#).

SrA Dalton "Slingblade" Williams (TR): Dalton has been busy this last year recreating his own Possum Holler version of "Planes, Trains, and Automobiles". Newly married and sporting a brand new Dodge pickup, he is balancing a boom career with his new job at BNSF Railway. We still have no clue what he says when he talks.

DEPARTURES

SrA Rachael Jordan: Earlier this year, Rachael decided life wasn't busy or interesting enough, so she bought a Mustang, got engaged, left the boom career field, started a puppy mill, started a new AFSC, and went to tech school to become the squadron's administration liaison. Thanks for keeping the squadron squared away and paid, Rachael!

“VIS EXTENSA”

2013 SMSgt Albert “Al” Evans Award Winners

The boom operators of the 6th Air Refueling Squadron had an amazing year in 2013. Supported multiple Overseas Contingencies Operations. We also supported the POTUS movement during one of the world’s greatest leaders passing Nelson Mandela. Not only did the Men and Women of the 6th excel in operations they also contributed to Travis AFB and the surrounding community. Their efforts culminated with the winning of the SMSgt Al Evans award for the 5th time.

Squadron Superintendent

SMSgt Randy Kay –“Soft Randy” as he is now known has been doing a great job as the Sq Sup. He loves shaking hands and kissing babies and especially when the babies rub on his shiny head. He just recently had his last child at the age of 40, so if you see his door closed at noon it’s because he is taking a nap.

Chief Boom

MSgt Christian Leon –Sometimes you can find him in his office doing EPRs, 1206’s, or any other paperwork that SMSgt Kay gives him. He went on a 2 week vacation to Brazil for the World Cup, there were bets made as to whether or not he would return alive. He made it back unscathed but the leadership sent him to the desert to pay for his sins. He is currently the 908th Superintendent, see you on Christmas!!

Duty Shirt

MSgt Jayde Langley –He had been at Scott AFB doing some CRW work but now he is glad to be back. All he wants to do is fly but he was told he was going to be the duty shirt so the flying is out of the picture. Last we heard he was trying to get another job at the CRW.

Flt Chiefs

(M)Sgt Kenny Harwood –Kenny made Master and is filling in as Chief Boom, he is getting married once more, and will start Instructor school at the end of the year. If he had any hair he would probably lose it all, it's a good thing he doesn't have any.

(M)Sgt Jamie Morton – Jamie is our resident Facebook expert, unfortunately he became this the hard way. He is off to Edwards and will be missed.

TSgt Devin Kay – “**Little Kay**”Just arrived from Germany after 3 long years as a planner. He tells great stories of Europe and all of the fun he had. We are really going to hate this guy if he continues that nonsense. But we are glad to have him, he is going to be a great addition to the 6th.

Stan Eval Flight

(T)Sgt Rachel Wentland (NCOIC) – The “Hammer” as she is affectionately known around the squadron. Has been DNIF most of the year but has kept the shop afloat. She is back flying so the baby booms better watch out.

SSgt Ken Barber – He fell right into place since becoming an evaluator, he recently snuck off to Tahoe and got married (Sucker). Ken is one of our sharpest booms and recently retired from Honor Guard.

Training Flight

TSgt Corvus Lowry (Chief) – Corvus has continued to crank out students through cargo qual, hopefully we can convince him not to fish off of the company pier this next time

SSgt Drew McGarrell (NCOIC) – Drew is returning from a long TCN deployment, we are glad to have him back, and are ready to put him back to work

SSgt Andrew Bear – Like Corvus, Bear can be seen frequenting Davis on his Harley. He has been quite busy this past year with our student load.

SSgt Josiah Harris– Josiah is one of our newest instructors and we are looking forward to his help in Training flight, great asset and will be put to the test.

SrA Arriel Bromley – Arriel has recently tried to prove that you can go NMR five days before deployment and still out-process on time.

Line Booms

SSgt Jason Vance – SSgt Vance is a quiet one; he lays low tries not to make waves. He just finished up his second deployment since completing mission qualification.

SSgt Kenneth Cook – SSgt Cook arrived to us from the SFS career field, it is believed that he is trying to give SSgt Harris a run for his money for strongest man in the unit, with a little bench press of 455lbs!

SrA Justin Murphy – Murphy hung up his scheduling hat and has moved to our readiness shop, however nobody has seen or heard of him.

(S)Sgt Dan Long – Our squadrons newest Staff Sergeant, hopefully he is ready to shed those Airmen stripes and take on the responsibility as NCOIC of scheduling.

SrA James Stanley – Our resident Picasso, SrA Stanley has spent more time painting this year than flying, hopefully he will be back up and running soon.

SrA Uriel Escamilla – Escamilla can be found explaining to anyone who will listen that he needs to go on more 3 week drogue coronets so that he can get cargo training.

SrA Jared Sanchez – Sanchez just earned his 5th Achievement Medal...In Call of Duty. He moonlights as a SELE when he isn't sniping 12 years olds online.

SrA Abbey Braunstein – Braunstein, that name sounds familiar... she has been in scheduling for awhile and will be moving to Readiness, hopefully she will be heading to instructor upgrade soon if we can convince her to re-enlist

SrA Cory Peterson – “Mr. BTZ” Peterson has ceased texting friends during IFE’s. We aren’t sure which job in the Air Force he wants to do this week, but hopefully one day he will make up his mind.

SrA Steven Karall – Since getting his eye surgery he has now realized that the receptacle on all jets is six inches back from where he originally thought.

SrA Justin Lewis – Justin recently returned from another deployment and has been doing great things in scheduling, supposedly he likes to convince his crews to get tattoos with him while stuck out on the road

SrA Eriberto Lopez – Eddie believes that he is the best boom in the squadron, but he also thinks the Cowboys are the greatest NFL team, using his logic we agree with him.

SrA Jessica Kirstein – Jessica is the queen of Mobility, which is ironic since she hasn’t been mobile since the Berlin airlift due to blowing out her sinus. Currently got chosen to go see other people work in the Middle East, have fun Jessica.

SrA Justin Haughn – Justin came to us from DLI and we are glad to have him now as a boom operator, he should be completed with training soon so we can send him on our TDY’s to China as our interpreter.

A1C Zach Doyle – Currently deployed and loving every minute of it once he found out it was 4 crew members to a room. He is a great addition to the boom section.

A1C Quinten Moore – Voted QG’s 2014 Sexiest Aviator, it has been told that he has tried to take this news to the Bay Area’s nightlife scene unsuccessfully. But at least he looks good in his multiple sneakers.

A1C Garret Jacobs – Has been waiting patiently for cargo trips to get qualified and get to the desert. On his time off he likes to knit his own blankets, hats, and gloves to give out to the squadron.

A1C Ralph Fleurant – Our in house Haitian voodoo priest, he can be found putting curses on receiver pilots for not being stable. I wouldn’t mess with him he walks with little dolls in his pocket always speaking tongues.

A1C Michael Gooch – “Mr. BTZ #2” Gooch is one of our future fighter pilot, he thinks he is going to an eight hour debrief every morning showing up early with coffee in hand wearing his Thunderbird inspired tailored spandex flight suit. Someone should tell him it’s the scheduling desk.

A1C Hebert Ramirez – Simply the Minion as he is known. After following the duty shirt everywhere before FTU and getting the reputation of getting things done. Hebert has a new goal in life to take over a small South American Country but in the meantime he can be seen wearing some huge sunglasses like some famous dictators.

A1C Rhonda Wilson – We believe that Steven Karall is her “brother from another mother”, they both tell the longest version of any story they tell. She recently began cargo training and hopefully will be complete soon.

A1C Krista Briggs – Krista hung up her boxing gloves to become a Boom Operator, hopefully she doesn’t have to show off her skills while keeping her crew in line while on TDY’s.

A1C DeShaun Brown- After going on the road with the Superintendent and getting stuck in Thailand for a week then the following week getting stuck there with the Chief Boom for another week. DeShaun should just retire now it’s not going to get better than that. But you can catch him around the squadron when not in Thailand wearing a red fishnet shirt with a gold grill (Holla at your boy)

A1C Andres “Andy” Castillo – Andy liked Fairfield so much that when he graduated from high school here and joined the Air Force he came back. He should be finishing up at FTU soon.

Ann Jalen Hutchinson – “Mr. Smile your on Candid Camera”, has been helping out the Mobility shop and will be moving to scheduling soon.

On-Loan Attached

MSgt Dave Megill (OGV) –He has been holding OGV down since SMSgt Russell retired. He complains about not going on trips but he is never in the office. No one knows where Dave is but if you see him tell him we need him to do a check ride.

MSgt Carl Wise (MICT) – The seat in Stan Eval was barely warm when he headed out to a wing job, he possibly holds the record for the longest in unit re-qual at 12 months. Once in a while you might catch him flying in something resembling a KC-10 or a desk.

TSgt Ed Soto (OST) –Still working on his CCAF he only needs 2 classes to be done. When he is not in school he is at OST keeping the squadron training flights in order. In his spare time Ed can be found doing multiple sports with his kids in the community.

TSgt William Blanton (XP) – Left the squadron in late 2012 to XP and we have to throw rocks at him to get him to fly, though he trolls GDSSII and miraculously shows up to volunteer for good trips.

TSgt Kevin Gregory (FTU) –Kevin has been talking about getting out and being Tom Cruise’s body double for a while. In his spare time he instructs the new guys and makes baby booms cry for not knowing the boom limits, and loves to reference his EFB.

SSgt Josh Burns (FTU) –Another FTU instructor that talks about getting out and trying a new career. Last we heard he was trying to team up with his brother to do a traveling Thunder from Down Under show, just purchased his first gun followed by 35 more of them.

SSgt Michael Mietz (FTU) – Another FTU instructor, getting ready to finish his time and come back to the Sq, but mentioned that he wants to go to the CRW.

SSgt Titus Holman –Titus has to own the title of having the sweetest beard in the Air Force. After convincing the doctor for a shaving waiver he decided to buy an Axe and a blue Ox. When not on trips you find him in Tahoe cutting down trees in an awesome red plaid shirt.

SrA Jon Jackson –Due to an illness Johnny is unable to fly and has been grounded for the past last year. That didn't keep him from instructing students and keeping training flight afloat with all the new baby boomers running around.

SrA Ashley Brennan –It's been a good year for Ashley, she got out of the squadron and went to current ops to spend more time with her boyfriend. I guess it worked because she is now engaged and she is smiling every time we see her in the squadron.

Separated

TSgt Pavel Del Monte –After 3 vigorous workouts a week and packing lean mean muscle Pavel decided that carrying the door sill conveyor on cargo missions was not enough. So instead he decided to join the Oakland Police Department to eat donuts and wrestle with criminals. But for light workouts he will still go out on cargo trips but now with the reserve squadron. Good Luck Pavel take it easy on that muscle milk.

SSgt Vince Montojo –Decided he was tired of the glamorous life of being an Active duty boom operator and moved across the street to the more glamorous life of a reserve boom operator. When he is not booming he will be handing out speeding tickets at the Fremont Police Department. Good Luck Vince we will see you on the road.

SrA Nicholas McKinney –Nick was a great Boom that finished his time at Current Operations. After figuring out he could make more money because he already has a Bachelor's Degree he called it quits. Nick moved to Ohio with his wife we wish him the best.

Retired-

CMSgt Derek Cantre –After a long 30 years of great service the Master of serving P.I.E. (Performance, Image, and Exposure) is calling it quits. Chief spent hours mentoring and motivating thousands of Airmen in his long career. Now he is moving to Florida down by a river to do more of the same but in a van which is kind of creepy. Good Luck Chief to you and your family.

CMSgt Luis Drummond –Well what can you say about a man that has flown for 30 years and has avoided a desk job along the way. Chief D has "touched" every Travis Boom the last 20 years and countless more in all coasts of the country. He still is looking for a job that will hire an old boom operator to fly anywhere and at any time. But if all fails Chief D will be traveling Space A giving check rides to Hawaii. Thanks for everything Chief D you will be truly missed in the community. Whoaaaaa!!!

Boom Stowed Leaving Position

TRAVIS AFB, CA

9 ARS

SMSgt Shane Hickman: Chief Boom! SMSgt Hickman spends the majority of his days trying to get caught up with everything that his Flight Chiefs don't do and avoiding SMSgt Maxwell. He just bought a new house with a pool so he can expect to see MSgt Cooper at his house regularly sporting his speedo!

MSgt Casey Cooper: Casey is a Flight Chief and spends his days revising the never ending supply of EPRs and 1206s. He's also really looking forward to spending his summer by a certain pool working on his tan.

MSgt Brad Gavin: Brad came back to the 9th from Guam and really milked his time going through Re-Qual. He's currently running the Boom Training Shop, keeping all the students and instructors in line. He did recently go on his annual outreach pilgrimage painting church fences in the Philippines. Next up Brad is going to be the top dog over at the FTU this summer.

TSgt Dan Falucho: Dan sometimes forgets things, which was apparent when he didn't mean to ask how tall an ISU-70 is...He's currently a Flight Chief but can usually be found working as an Exec or playing 1st Sgt. We call him the "hound dog" because he will track you down anywhere on earth to get an EPR signed.

TSgt Jonathan Farmer: 9000 kids! Farmer is our CSS guru. He's the guy that does it all, but seems to never be around to do anything. He's hoping to get an assignment to Scott AFB just when we were thinking about sending him through upgrade.

TSgt Matt James: I'm getting out, I'm staying in, I'm getting out, I'm staying in. We're never sure what Matt is going to do so we just stopped asking. He's currently working in Stan/Eval making new Booms cry on every trip. Word on the street is that he yelled at one so badly that he made the guy puke! That's what being an evaluator is all about! This just in, word on the street is that Matt will be leaving us at the end of the year heading off to join the AF Honor Guard.

TSgt Sean Scott: Sean just got back from making young prospective aviators cry at the Center of Excellence. He is now a Flight Chief in the Squadron and is still making young aviators cry.

TSgt Ken Tockey: Like a dog chasing its tail, Ken is still pursuing his dream of becoming a fully qualified Boom Operator again...again...again... Oddly enough, DNIFs seem to coincide with evaluations. When he's not in training Ken works hard at not working hard in the CSS. You'll get there one day Ken! By the way, has anyone seen Ken?

SSgt Lamar Brown: (Huggy Bear/Apollo) Lamar recently left his illustrious career as a highly trained ID card checker and is currently on his way to completing MCT. He's always got a smile on his face and we think it's because he's just happy he isn't a cop anymore, but he could just be plotting on everyone... If he ever gets qualified he will be picking up TSgt Tockeys slack in the CSS.

SSgt Michael Durham: VSPlease! Mike thinks he's the smartest of all of us, he's really just the biggest "Smart A\$\$". Mike recently got very excited about the notion of being able to separate from the AF and was completely heart broken when we told him no. With hopes and dreams of PCSing to Scott AFB Mike is currently the NCOIC of Boom Scheduling but for some reason has an unlimited amount of leave so is never around. I think he's intimidated by Justin Newsom's hair.

SSgt Jessie Eagles: Hegles and Shegles just welcomed their second child into the world. Jessie is always volunteering to run things then forgets to run them. He tries to be on the road as much as possible, with as many instructors as possible, provided MSgt Gavin doesn't know. Jessie somehow was selected to upgrade to EB but decided to deploy instead. HEY JESSIE, WHERE ARE MY PATCHES?!!

SSgt Scott Ferguson: Fergie recently completed IB upgrade and we immediately sent him to ALS, which might explain his less than stellar performance on his cargo eval. Wait, it was his AR eval... Fergie will soon be working in Boom Training but for now he's keeping the Supply Closet Mafia guys in check.

SSgt Russ Hobbs: It's the return of...MATT DAMON. Russ came back to the world of flying from the CRW where he quite possibly held every job including inventorying shovel handles. Hobbs is our resident "Gun Nut" and somehow managed to beat out every single cop on base in a shooting competition. As part of the 6th to 9th club, Hobbs is currently working in Boom Training molding the future of Boom Operators. I think all they're learning is how not to come to work..

SSgt Willie Long: He's a cop. I meant he decided to come over from the dark side known as the Security Forces Squadron. He spends his days in CSS learning all the ins and outs of the wonderful world of paperwork. When he's not doing paperwork he spends his extra time emptying trash cans around the squadron because of his lack of verbal skills. Mediocre boom operator at best. Did I mention he's a cop?

SSgt Ian Musgrave: 16 TIMES!!!! Holy hell! We're not really sure that Ian remembers that he is a boom operator since he keeps himself all locked up over at Current Ops like a hermit crab. Well, we took a vote and we think he should go to the 6th.

SSgt Jared Muzyczka: Resident "GO-FER" Jared spends most of his day trying to find ways to not do work. He's gotten really good at flexing that new SSgt stripe and making all the young booms do everything that MSgt Cooper has tasked him to do. Currently working in Boom Training, Jared is molding the future of our crew force, then they have to unlearn all the bad practices...

SSgt Justin Newsom: Self proclaimed "**Best Hair**" Justin can still always be found with his life mate Josh Gamble. Justin is the opposite side of the Stan/Eval coin whereas he's like a big Teddy Bear and loves to hug and nurture his evaluatees. If Justin is going to give you a check ride, make sure you have all your required items or he won't give you hugs...

SSgt Paul Santos: Paul came to us all the way from downstairs in the MX squadron. He finally got tired of having to watch the Booms leave the jet to go party while he had to stay back to check tire pressures or whatever it is MX does. Currently rocking it out in MCT Paul will be qualified very soon and he too will be making his way over to the CSS to be a security manager, aka doesn't do a thing...

SSgt Ryan Sickle: Part of the 6th to 9th club, Ryan believes that he is now TWICE the Instructor that the rest of us are since he has now been to IB Upgrade two times. Ryan also just came back from the CRW and he's lost his bitterness that we all knew and loved, now all we're left with is a more caring and much nicer Ryan. Either way we're just happy to have him back even though he's been in training for nearly a year.

SSgt Kevin Simon: Kevin does an amazing job hiding in the secure Readiness office. So good in fact that we never really know when he is or isn't here. Kevin and his wife just welcomed their daughter Mary and we're hoping that because of the significance of the event, we get to see another singing telegram.

SSgt Jeffrey Suddy: Suddy is the only person I have ever met that has gone overdue for the altitude chamber. I mean, he had FIVE YEARS to re-accomplish this one event. Jeff does keep himself busy working in the Mobility shop, especially since we keep taking all his help away. Maybe if he could write a decent EPR or start a BTZ package, we'd give him more. Help us help you Suddy!

SSgt Steve Wentz: So Steve just made his triumphant return to Travis from his tour out at TACC. He was accidently left out of last year's signal but didn't make a big stink about it, like some other people... Steve somehow finagled a formal re-qual slot and will be starting the long road back to becoming a real boy, err...Boom again!

SrA Tonia Catalano: After taking nearly a full year to "warm up to everyone", we have realized the only time we ever hear from Tonia now is when she is reminding us to accomplish our weekly MQF testing. We're pretty sure that she doesn't like Justin Newsom's hair but tries to keep it to herself. We think she likes the rest of us but again, she keeps that to herself too. Keep up the good work Tonia!

SrA Laurel Cummins: The only airman we know that can go to the Honor Guard and get in trouble for not smiling.

SrA Joseph Diver: The Mobility Guy that is never in mobility because he is always gone...Go figure.

SrA Joshua Gamble: The second half of Justin Newsom, Josh spends his days in Boom Training complaining about how much of a hammer MSgt Gavin is. Eventually Josh will get to go attend ALS but in the meantime we're sending him out to the desert to be a planner.

SrA Matt George: Ah...Duh... We're pretty sure Matt has Alzheimer's when it comes to job related details, or at least he leads us to believe so. Matt just got back from deployment and will soon be resuming his job in scheduling.

SrA Erik Henry: Believe it or not we actually do have to carry checklists when we fly. Erik currently hides in the Readiness office with Simon but will soon be moving over to the world of Current Ops. Erik has a plan to make his move to the dark side and become a pilot soon. We're gonna miss him but we know he is destined for greater things.

SrA Dan Howe: Dan, Mike, whatever.. He's just Howe to us. Not too sure where Howe works but he keeps out of trouble none the less. Dan is the heir to a multi-thousand dollar pretzel empire and will be leaving us soon to help run the family business. His biggest fan right now is SMSgt Maxwell but Dan doesn't care...

SrA Shawn Lanmon: Shawn rides a Harley and lets everyone know about it. Currently he works in Readiness and keeps busy with TDYs and deployments.

SrA Tim Lowman: Tim has been doing such an outstanding job sitting the scheduling desk that we felt it was time for him to upgrade. For him, he thought it was time he grew a mustache that would ban him from being within 50ft of any child.

SrA Henry Moon: Scheduling extraordinaire, yep...that about does it. But seriously, leadership has had many talks and a unanimous decision has been made that Moon is in fact Justin Brundage's little brother. He looks like he is eleven years old and we're pretty sure he gets carded when he wants to see a PG-13 movie.

SrA Cody Naylor: Cody is quickly earning the reputation of deployment rat. When he's not in the desert or out processing to go to the desert, he works in the Mobility shop getting people ready to go to the desert. I think the highlight of his year was winning the "Ugly Sweater" contest at the squadron Christmas party where he was the spitting image of Cousin Eddie. Okay, it may have been the welcoming of his newest family member but we think it's a toss-up.

SrA Derrell Vann: Vann is part of the scheduling coalition but he's the best! He's probably the best educated SrA Boom Operator and loves shooting Starbucks commercials in his spare time. Vann is scheduled to go through IB upgrade later this year.

A1C Nicholas Bertell: One of our newest additions to the squadron, Bertell is currently working his way through MCT.

A1C Micah Elias: "The Bamboozler" Micah finally finished MCT and spends his days as a SELE which means he really doesn't do anything. In fact, when he finally got check ride complete he decided he didn't need to accomplish the rest of his ground training to be a full up MB until he was tasked with a short notice deployment and found out how hard it is to get all that stuff done in 3 days!

A1C Frazier: Who? New guy, starting Flight Safety later this year.

A1C James Pascal: Jimmy is part of the Supply Closet trio. We keep him busy with deployments and missions so he is never really at work and when he is he doesn't really know what to do. Fortunately for him he's got a really good attitude and makes us all laugh so we'll keep him around for now.

A1C Sergio Quezada: Sergio is also one of our newest MBs having finally completed MCT. We finally taught him to always check the Little Giant ladder and fired extinguishers on evaluations. Since he's all up and running, we're sending him to the desert then to scheduling when he gets back later this year.

A1C Spencer Ross: Spencer works in scheduling right now and only goes on good deal missions when he can get away. When he is at home, he's perusing his dream of becoming the "Arnold" of little people.

A1C Grant Villwock: REPLACEMENT NILDA!!! Grant was super excited to finally get out of MCT only to find himself honored by phone answering duty. Grant also tries for the "Best Hair" but can't seem to get away from the Ellen look.

A1C Eric Williams: "Wreck Williams" or "Crash Williams" y'all decide. Honda Civics and scooters everywhere shake in his presence after taking out his frustration on both in a parking lot in a distant land. Young Eric finally ended his tenure in MCT and is now a real boy! We're really happy for him and hope he continues to do good things, just stay off of two wheeled motorized vehicles and carry airsickness bags while loading cargo.

AB Zachary Ruff: New guy, currently over at Flight Safety.

ATTACHED or ON LOAN

MSgt Luis Acevedo: Ace is finishing up over at the FTU and will be coming back to the squadron soon.

(M)Sgt Dex Morton: All the stars seem to be aligning for Dex as he is the new AMC Det 1 guy and he made Master. Whatever he's doing he needs to share the love.

MSgt Jason Trussell: HQ Stan-evil!!

TSgt Kai Bresser: Kai wanted to come back to the 9th so badly that we sent him to the FTU.

(M)Sgt Scott Steinhauer: Scott currently works over at tactics, doing, tactics stuff. Apparently Scott has to mentally prepare himself for a BOT eval and it can't be moved or he won't be ready. Or he'll be sick.

LEAVING US FOR GREENER PASTURES

CMCgt Derek Cantre: Retired and loving life in Florida.

MSgt Somkit Chittakhone: Kit left us earlier this year for the CRG in Guam. He's probably on the beach right now.

SSgt Rachel Cook: Rachel separated earlier in the year and is now going to school full time.

SSgt Dave Pingleton: Dave left us and headed out to TACC. We now know who is to blame.

SrA Ryan Terry: Ryan is on his way out and plans to travel the world.

A1C Alex Coakley: Alex will also be leaving us this summer and intends to go to school abroad.

A1C Jessica Edwards: Jessica departed early and now all the Boom students are starving cause nobody brings in snacks anymore.

60 OSS/FTU

GATEKEEPERS

MSgt Luis R. Acevedo, Chief Boom Ace is heading back to the 9th ARS in the upcoming months and will be finishing his Air Force career in October 2015.

TSgt Kai Bresser, Instructor Kai has been an Instructor since 2003 and has finally earned the right to instruct at the FTU. Gray hair is accelerating!

TSgt Kevin Gregory, Instructor Kevin is still intimidating the students by bench pressing them if they get a wrong answer. In addition, he spends most of his free time eating snakes, climbing, and shooting things.

SSgt Josh Burns, Instructor 2014 will be Josh's last year as a KC-10 Boom Operator. He will be moving back to Illinois and transferring to the Air National Guard as a TacP.

SSgt Mike Meitz, Instructor Per his wife's recommendations to the Commander, Mike's time at the FTU is up and he will be joining the 6th ARS Stan/Eval section in the fall.

“HOME OF THE ORCA’S”

Greetings from the Golden Gate Wing, home of the 70th Air Refueling Squadron. In the past year there have been a few promotions, and other changes in the 70th ARS Boom section. Here is the list of who is new, who remains and who has moved on.

70th ARS “ART FORCE”

CMSgt Joe Lambertus: (Chief Boom)

SMSgt Keith Stephens: (DOV)

MSgt Corbet Cadwell: (Scheduler)

MSgt A.J. Baxter: (Training)

70TH ARS TRADITIONAL RESERVESTS

SMSgt Matt Fisher: III

MSgt Mike Hinton: Mike has finally seen the light, no more C-17, all KC-10.

MSgt Jim Hardee: Jim’s currently on his last deployment, before his retirement early next year.

MSgt Ernie “El Guapo” Valles: El Guapo has been promoted since the last Boom Signal, and is currently attending Instructor Upgrade Training.

MSgt Robert Rossman: Robert has been promoted since the last Boom Signal, and is currently working for FTU.

TSgt Alan Green: Alan is currently working on his instrument rating for his private pilot’s license. Scary!!

TSgt Ryan “Fred” Phillips: It’s his head and a lot more.

TSgt Ryan “K-9” Korhuniak: Ryan is a true mountain man, he’ll mount anything.

TSgt Brandon Heyman: Son of the legendary MSgt (retired) John Bond.

TSgt Michael Bob: Michael has finally tied the knot, and is now a happily married man.

TSgt Mark “Man Code” Short: Mark is back from Nepal, after conquering Mount Everest.

TSgt James “The Screw” Whittaker: No more helicopter rides, but he is still mountain biking

TSgt Daniel “Bones” Fortier: Can anyone say “twins”.

TSgt Jon “Pretty Boy” Pratte: Need I say more!

TSgt Pavel Del Monte: Pavel is new to the 70th, and he is currently attending the police academy for Oakland PD.

TSgt Atasha McClurg: Atasha is new to the 70th; she came to us from the 349th OSS.

TSgt Steve Rodrigues: Steve is new to the squadron; he came to us from the drone community at Beal AFB.

SSgt Eric Esquerra: Erik seems to keep himself busy, doing what, I don’t know.

SSgt Eddy Zuniga: Eddy still needs a lot of de-programming, the Army goes deep.

SSgt Jeremy Rigg: Jeremy just completed his Associates degree, and has been promoted to SSgt.

SrA Greg “The Brain” Luedtke: All I can say is get your PME done.

SSGT Michael Bradley is a former world class athlete in bobsledding, and still shows his patriotism with his ability to sing the national anthem.

SRA Chris Campbell Be sure to bring your gas mask on flights with him...his gas is known to be lethal.

TSGT Lindy Campbell our biggest and baddest boom, is always intimidating people on and off the soccer field.

MSGT Frank Carlos has been in the squadron since '99 and is so infamous he needs two nicknames "Bud Man" and "Frank the Tank"

TSGT Rich Costafelis "Snuffy" recently left the unfriendly skies of united and now makes gas for us at the local refinery Tesoro. Watch out when you fly with him, you never know when Rich will take a pic and put it in a video.

MSGT Russell Downie has been training new booms and working at Chevron. He is trying to stack up some money to plan out a Eurotrip this fall.

MSGT Jesse Farley our NCOIC of training Jesse is always in the office, but you don't know if it will be in a flight suit or one of his "swagger suits" with his initials sewn on them.

TSGT Steve Garbett is a recent graduate of the Police Academy in Tulare. He spends all his time working and at home with his family.

SSGT Mike Goirl has been spending his time going to school and obviously in the gym, his arms are bigger than Jesse's legs. But all that lifting has taken a toll, his man paws are quite rough.

TSGT Justin Hughes Our newest instructor, He can be found climbing into a bunk shortly after takeoff...regardless, he still gets the job done...

MSGT Christy Jeffreys The queen of the boom shop who has no patience for newly challenged baby booms! Actually she's been meditating a bit... so things should get better!

SMSGT Shawn McMahon aka "Chillie" can be found instructing new baby booms over at Flight Safety. One of our most impressive Booms!!!

CMSGT Terry Monges is a PT fiend; he even reads books about running. On the jet you can find him instructing, or eating a peanut butter and jelly sandwich. Once we land on the road though, sightings of the Chief are rare, unless you go to the gym.

SSGT Monique Nichols was formerly our SARM's girl, now our newest boom. "Mo" can talk trash with the best of them!

SSGT Autumn Ohlendorf is the only reservist that has been told she needs to gain weight! Ironically though, watch your food when you go on the road with this one, a former crew chief, Autumn has a knack for finding food in other peoples bags.

TSGT Mike Parks “The dude, his Dudeness, or Duder, or El Duderino” this funny man just got back from the FTU and has been missed. His wit and banter brings joy to all the booms around.

SMSGT Dave Palmer has more hours in the lavatory than most booms do on the jet. He is like a walking dash nine.

SRA Julia Rivera Our Puerto Rican Princess was recently stolen from the 2nd ARS... yes sorry, “had to take her!” Attained her Personal Training Certification and loves to work you out.

MSGT Shawn Simmons has been training new booms over at the FTU recently, and as a civilian he is a corrections officer. So I guess you can say he is a full time baby sitter!

TSGT Aaron Spencer is the only male in his household with his wife and two daughters, he has hands full! He is handy to have with you in Japan though, as he knows the proper etiquette while being in a sushi house.

SMSGT Timothy Stepp Loaned out to Current Ops, can still be found eating a triple cheeseburger for breakfast with a “Big Gulp” in hand.

TSGT Scottie Thomason loves cargo so much that he does it as a boom and as his civilian job. Scottie is our resident goober who lightens the mood and makes us all laugh.

TSGT Jonathan Tucker “Tuck Tuck” is a riot out on the road, you know when he gets excited when he talks out one side of his mouth. And he has a style all his own when it comes to his socks.

SRA Christina Vinson is the social butterfly of the boom shop, she always has something to talk about and makes friends wherever we go. But you gotta help her with stairs, and crew buses...they are not her friend.

MSGT Harold Wenner Oh “Weiner Dog,” has recently relocated to Kentucky dispatching for UPS... I’m sure he’ll still keep up with all his currencies though!

SSGT Steve Zorro is going to school to become a “Doctor”, he has a special skill when it comes to giving stitches. Steve also has the ability to find anything disturbing on the internet.

LOSSES;

MSGT Dave Kielhorn “Big Wave” was the scheduler for the 79th. He recently left us in pursuit of bigger and better things at Beale AFB, CA.. enough said!!!

KC-10 ATS BOOM INSTRUCTORS

Thus far 2014 has seen many changes both in personnel and programs. The VAR/MAF DMO (or whatever it's being called this week) is still moving forward. We are also in the midst of converting from paper training products/ pubs to the "Electronic Flight Bag", more commonly known as the I-pad. You can call it what you like but either way, it's a lot of old dogs learning a lot of new tricks!

Tim Holt- Still the master craftsman, fly fisherman and all round renaissance man. If you need it, ask Tim he probably does it.

Lee Evans- After a long and distinguished career as a KC-10 ATS instructor, Lee decided to call it quits. Lee retired earlier this year and he and Maggie are now back together in balmy Hugo, Minnesota. Lee and his socks were a fixture around here and it's not quite the same without him. On the up side, I've lost five pounds since he's left. John Bond is going to have to double his culinary efforts to pick up the slack. If you're planning on paying Lee and Maggie a visit we recommend going during the two weeks in July they call summer. Good luck, God Speed, and stay warm!

John Bond- Still the world's fastest boom operator and our personal Chef. John is making the rounds on the NHRA circuit and is still on the VooDoo air race team. I hope I can be that cool when I get old!

Steve Oothoudt – (FCA/HMFIC) As always, Steve is gathering no moss, he is still a well struck 3 iron in a tile bathroom and continually dealing with all the things that none of us want to. "OO" sends more e-mails in one day than all of us combined in a month.

Shawn McMahon- Shawn just a swimming pool complex put in that would make Hugh Hefner envious. We're still waiting for the invite to the inaugural pool party. It's not like he has to worry about naked drunk crew dogs in his new pool.

Josh Bracht- Josh misses his TALCE days so much he went out bought himself a deuce and a half. If you're in need of vehicle for your town's veteran's day parade give Josh a call, I hear his rates are reasonable

Jack Lemons- Jack is still doing well and is our resident softball pro and future AMA Super Bike contender. I've never seen so motorcycles in one garage!

Rob Tabor- (AAFCA/3rd Wipe) Rob is commonly referred to as our assistant to the assistant Flight Check Airman. The resident go-to answer guy and can be found working DMO and other BOT issues while OOtie is in Oregon or trying to figure out the I-pad.

John "DMac" McMillan- With Lee's retirement, DMac has moved up in the world. He is now on full time and the official BOT commander. Due his to his daily commute from Sacramento, DMac turned in his man card and bought a Prius. We are now subjected to the daily barrage of insufferable fuel saving statistics. It's OK DMac we still love you....."BOT's Open"!!

Mike Hinton- Mike is our new part time hire. Mike is a KC-10 reserve Boom and a former C-17 ATS Load Master Instructor (We don't hold that against him). Since the C-17 program wasn't smart enough to keep him we snatched him up. Mike is fitting right in and like Shawn, he's still active in the reserves, so we now have another expert on what's happening out in 10 community.

If you're out on the left coast, stop by and say hi.

“America’s AOC”

Greetings from “America’s AOC” in sunny Panama City, Florida!

Changes, changes, changes! That’s the name of the game around here. Budget cuts, 18AF’s attempted “hostile takeover” (what’s Direct Support without an Establishing Directive?), emerging mission sets, and another campaign season on the horizon, means nothing stays the same. Including most of the folks in the Division playing musical chairs...

The current players are;

601 AOC – No T10 RegAF types currently assigned.

**101 AOG (T32, FL Guard)
Active Guard/Reserve (AGR)**

MSgt Luke Mullins: For as much as things change, some things stay the same. Our Division Superintendent has become the only remaining fixture from the initial cadre of FL Guardsmen that took the AOC tanker mission from the AEF bucket. We thought he was going to follow his now ex-wife on to greener pastures, but like so many former coworkers, he’s still here, and she’s gone. But hey, at least he’s not bitter about everyone leaving him...Ryan *is* coming back. When not running kids to school or practice, the “Old Man” is suspected of beefing up his stockpile of weapons and ammo. We are truly afraid of him now.

TSgt Ryan Seifert: Ryan *did* chase his woman all around the world, moving to Guam and separating from the FLANG last year. He got picked up by the AKANG, requaled in the -135, and then saw a job ad...apparently, the Seifert’s missed Lower Alabama, so he applied for the job he previously vacated. He should be back on board and gained before the end of the year. Welcome back, Ryan!

Goodbyes: SSgt Korey Harris was with us for a little more than a year, but got tired of waiting to be promoted, and was homesick for the backwoods of Mississippi. So he applied for a pilot slot in the MSANG in Jackson, and they actually hired him! We were very sad to send him off in January, but excited for his opportunity. Maybe he can figure out how to fly a C-17 without killing a Tanker crew! Congrats Korey; all of us in the vault are damn proud of you!

Drill Status Guardsman (DSG)
None at this time; but the vacancy is posted on www.goang.com

And until the next edition of the Signal, fly safe and never forget...9/11

GLOBAL AEROSPACE LOGISTICS

Greetings from the United Arab Emirates!

We are now an Operational Unit. Working here has been challenging, but rewarding. The SQ is developing, and there are growing pains, but we are progressing nicely.

It's been another very interesting year. We have added another 4 UAE Boom Operators and welcomed Don Cash as an additional Instructor. (Kinda stole him from Airbus!!). We have been doing some off station training and currently deployed to Australia for PITCH BLACK exercise. We are working on getting an ATP-56 Annex and eventually getting approval to refuel UAE C-17s.

Feel free to drop in and visit. Email me at mikward85@gmail.com if you are here and can get a base pass.

KC46 ATS

To: Boom Signal

From: KC46 Aircrew Training System Program Office

Greeting from WPAFB Sim Division. This small little shop should be bigger. The ATS is through it's first year and have we covered a lot of ground. Simulator design, BOT design, FuT design, syllabus design, plans for new buildings, and the never ending attempt to understand how the airplane works.

This new tanker is going to be a flying computer, as the automation is a huge leap. It is a new way of operating, training and thinking. We will need to be able to set aside legacy habits and thinking just to understand and operate the new technology.

The simulators and the training are being developed in 3 phases, so as the airplane fly's and develops, the training system will continue to upgrade, moving toward more and more training to the simulator.

Also, get ready to learn a new vocabulary. With the new systems, comes a whole new list of acronyms. There are a lot!

The type 1 training is just getting fired up, the DT&E Booms are already working at Boeing, and we are moving toward the new tanker fast. Just hang on, it continues to be a fun ride.

AE folks are now working there training.

AMC is fully engaged. Vol 1,2,&3; con ops, training;

AETC is hard at work with syllabi review.

Call or check in if you need any info. As we learn new stuff every day.

Cleared to Contact.

KC-46 PROGRAM OFFICE-TANKER DIRECTORATE

MSgt (Ret)/GS-13 Barry Mayhew - ex-KC-46 program office AR SME turned program manager/flight manuals manager. Barry is working hard to ensure a bunch of receivers are available for testing with KC-46s and that the Flight Manuals aircrew receive are good to go! Barry spends his spare time as a part-time single dad, playing golf, and following his girlfriend around doing whatever she orders him to do. Some things never change!

Barry.mayhew.2@us.af.mil and barrymayhew67@gmail.com

SMSgt (Ret)/GS-14 Larry Strong - ex-KC-135 program office AR SME turned test/program manager. Larry spends his time herding engineers around like sheep..his team works to keep AR data moving around the Flight Systems portion of the Developmental IPT so you guys can fly on a quality aircraft. Larry spends his spare time with the "honey-do" list including modifying a home to better suit his mother-in-law..another term for this is slum lord. Larry has decided to hang up the business suit in September of this year and go live the dream as a full-time retiree. We wish him the best!

Larry.strong@us.af.mil

MSgt Luis D. Rodriguez-Asad- L-Rod for short, makes it easier on everyone! KC-10 IB, that somehow, by some magical planetary alignment, ended up at the KC-46 program office working as an AR SME/ Test & Evaluation IPT Superintendent / Acceptance Boom. During the day, L-Rod roams the hallways talking AR/Cargo to anyone who cares to listen to him, specially to the zillion Lt's/engineers he is surrounded by. He also ensures that there is a good communication flow between the program office and its geographically separated units. At night, he just simply becomes the most interesting man in the world, at which point the conversation turns to different types of wine and BBQ. Stay thirsty and cheers! THE BOOMERS PRAYER

MAY THE WEATHER BE SMOOTH AND THE BOW WAVE SLIGHT,
MAY THE RECEPTACLE BE LARGE AND HAVE A PLETHORA OF LIGHTS.

MAY CARGO AND PAX BE NOT ABOARD,

MAY WE NEVER HAVE TO USE THE PARACHUTE RIP-CORD.

THIS WE ASK FROM THE POWER ABOVE,

JUST LET US DO WHAT ALL BOOMER'S LOVE.

TO DIRECT THE BOOM WITH PRECISION, AND A TOUCH THAT IS SLIGHT,

TO GET THE CUSTOMER ENOUGH GAS TO FINISH THEIR FLIGHT.

OR TO SIMPLY PUT IT,

SO WE CAN JUST ILLUMINATE THE "BOOM ENGAGED LIGHT".

PATRICK QUAID, MSGT, 1997, ILANG RETIRED

Boom Operator's Coin/Card Rules

1. Rules of the game must be explained to all new coin/card holders.
2. If a Boom has never received a coin/card, then they cannot be expected to play the game. This burden of proof is placed on the challenge.
3. The coin/card are interchangeable.
4. The coin card will not be defaced (i.e., drilling, machining, etc.).
5. You can be challenged anytime, anywhere. You must produce a coin/card within 15 seconds of being challenged.
6. When challenging, state whether the challenge is for a single drink or for a round of drinks.
7. Failure to produce a coin/card when challenged results in the challenged buying a drink or round of drinks. If all those that are challenged produce a card/coin then the challenger is obligated to buy a drink or a round of drinks. Once the challenged has bought, you cannot continue to challenge the individual.
8. Under no circumstances can a coin/card be handed to someone. This is considered giving it away and you must barter with that person to regain possession of your coin/card. You must “ground” the coin/card by placing it down on a flat surface. Then, and only then may an individual pick it up and examine it. This is not considered giving your coin/card away.
9. The person who picks up the coin/card is honor bound to place it back where they got it. You cannot be challenged while your coin/card is in someone else's possession.
10. A lost coin/card does not relieve the holder of their responsibilities.
11. These rules apply to any Boom Operator or “Honorary Member.” Local rules can be used; however, apply to local Boomers only.
12. The coin/card should be controlled at all times. Giving a coin/card to anyone is like opening the association to anyone. It is considered an HONOR to be a Boom Operator and have a coin/card. Let's keep it that way!

SMSgt Albert L. Evans Memorial Trophy

The trophy was established in memory of SMSgt Albert L. Evans, a pioneer in the history of the Strategic Air Command's air refueling operations. Sadly, he was fatally injured in a KC-135 mishap at Castle AFB, CA in September 1979. The purpose of the trophy is to annually recognize the most Outstanding Boom Operator Section within the Air Force based on the collective accomplishments and professional qualities of the assigned boom operators.

SMSgt Albert L. Evans was born to Mr. and Mrs. Carl Evans on 16 September 1933, in Eastely, Nevada. He grew up in Longview, Washington.

He was well known and recognized within the Strategic Air Command due to his skill and expertise as a Boom Operator. He began his military career as an airborne radio operator on KB-29 aircraft in 1952, and later retrained as a Boom Operator. He held positions at the command and base levels as an instructor, evaluator, program manager, as well as serving as a CCTS instructor and CEVG evaluator. SMSgt Evans, or "spike", as he was often called, distinguished himself in dedicated and unselfish service to his fellow Boom Operators. Described by his comrades as a "Professional NCO," he was always a friend to young Boom Operators, and was never too busy to lend a hand or provide his much-revered advice. He was gentle when called for, but tough when required, and always wore a smile.

A devoted family man, he married his wife Irene while serving at Turner AFB, Georgia in 1955. His assignments included Turner AFB, Georgia; MacDill AFB, Florida; Kindey AFB, Bermuda; Loring AFB, Maine; Castle AFB, California; K.I. Sawyer AFB, Michigan; and Barksdale AFB, Louisiana.

SMSgt Evans' decorations include the Air Medal, AF Commendation Medal with three oak leaf clusters; Army Good Conduct Medal with one oak leaf cluster; AF Good Conduct Medal with five oak leaf clusters; Combat Readiness Ribbon, Longevity Ribbon with five oak leaf clusters; National Defense Ribbon with one oak leaf cluster; Vietnam Service Medal with two oak leaf clusters; and AF Outstanding Unit Ribbon.

He is survived by his daughters Dawn Evans Kinney of Merced, California, Laurie Evans Smith and Cathy Evans-Jantz of Ceres, California and by his brother Paul Evans from Sacramento, California. He is also survived by his grandchildren, Christopher Kinney, Joshua, Jordan and Chad Jantz, Ryan and Tyler Smith, Jamie and Jason Fanconi, as well as five great grandchildren.

The coveted SMSgt Albert L. Evans Trophy is awarded annually at the Boom Operators Symposium in his honor.
